Icelandic Traveling Parties.

Compared with the privilege of Icelandic traveling, North sea boats are always a treat. From October to March thousands of more and steel vessels ply between Europe and from December to the end of January there is only an hour or two of daylight. Icelandic vessels are much larger than North sea vessels, and so much so is the difference between the two operations that an Icelandic skipper rarely works the North sea, and vice versa.

Why I Love America.

Now ask me why I love America! Is not the home as nice as are to be found all the country over and they are what make it a great country. Every boy that has these loved ones that he cherishes above all others. For those we could gladly give our lives, for all boy scouts are brave and unselfish. Being unselfish we are not only interested in the happiness of our loved ones, but we are determined to see that every other family is just as happy as our own.—Lloyd Edwin W. Maynard in Boys' Life.

When You Buy Poultry Feeds

Don't make it guess-work. You can eliminate the risk by our iron-clad guarantee. The money paid for Purina Chicken Chowder will be refunded if hens, when fed

Purina Chicken Chowder with Purina Scratch Feed—the perfect balance for laying hens—as directed, do not lay more eggs than when fed with any other ration.

Most hens get too much grain, a large part of which goes into surplus yolks, which the hen absorbs. This makes the hen too fat and cuts down egg production. 100 lbs. of Purina Chicken Chowder contains as much protein, and better protein and barley contain elements for 224 yolks, but only 154 whites. The feed of a laying hen should equally consist of both whites and yolks in equal quantity. Purina rations are nicely balanced. Based on Experiment Station tests.

Purina Feeds contain the following:

	Protein	Fat	Fiber
Chowder	16%	3.5%	4.5%
Scratch Feed	12%	3.5%	3.5%
Dry Mash	20%	3.5%	4.5%
Growing Mash	16%	3.5%	4.5%
Growing Chowder	16%	3.5%	4.5%

Note the larger number and almost equal quantities of whites and yolks in the Purina Chowder ration. Purina feeds are priced reasonably and give results. In Checkerboard Bag.
