Announcing The New Buick "Four"

A Thoroughbred Four, Completing the Famed Buick Line.
The new Four-Cylinder Buick here announced, is a three-year-old masterpiece of well-worth of its name.

The Buick Valve-in-Head Engine A Power Plant That Has Proved Itself.
Every other engine is of a quality equal to the power plant. The whole assembly comprises a perfectly balanced chassis which is typical Buick construction.

Two open and two closed body types mounted on the Buick four-wheel chassis.
Even the most casual inspection of the details of design and workmanship will reveal that this machine is equal to any other Buick automobile.

Obviously high grade automobile - genuine Buick Four even greater.
The Buick Motor Company is proud of the Buick Four. It has had the full long experience in this new type of Buick automobile.
