Everything for QUALITY

—nothing for show

That's our idea in making CAMELS—the Quality Cigarette.

Why, just by Camels and look at the package! It's the best packing system has devised to keep cigarettes fresh and full flavored for your taste.

And note this! There's nothing flabby about the Camel package. No extra wrappings that do not improve the smoke. No extra needless expense that must come out of the quality of the tobacco.

Camels were made for men who think for themselves.
