

The Voice of the Pack
By Edison Marshall

CHAPTER I—Continued

...had been so long that he was beginning to get weary. He had been waiting for the pack to start, but they had not yet done so. He was looking at his watch, and he saw that it was ten o'clock. He was looking at the pack, and he saw that they were still there. He was looking at the pack, and he saw that they were still there.

CHAPTER II

The pack was still there, and he was still there. He was looking at the pack, and he saw that they were still there. He was looking at the pack, and he saw that they were still there.

CHAPTER III

...was looking at the pack, and he saw that they were still there. He was looking at the pack, and he saw that they were still there.

CHAPTER IV

...was looking at the pack, and he saw that they were still there. He was looking at the pack, and he saw that they were still there.

THE CARLEILE MERCURY

AIM TO PREVENT PLANT DISEASES

Much Good to Be Saved to Future Crops if Care is Taken to Avoid Infection.

ROTIATION IS HELPFUL

Beneficial of Five Colored Plants May Be Grown on Same Piece of Land

By Larkie Travers

Plants of the same kind should not be grown in the same place for several years in succession. This is a principle which is well known to all gardeners. It is one which is often neglected, and the result is a crop of plants which are full of disease and insects.

Are You Human?

A little baby. A little child. Don't they appeal to you? Doesn't your heart yearn to pick them up, to cuddle them close to you, to shield them from all harm? Sure it does! What you're not aware of is that they're human just as you are. Their very behavement makes you reach out in all your strength to aid them. In health there's no flower so beautiful as innocence. In illness there's no sight so black.
