D. W. SAPP

Mercer Company Will Be a Redpath Chautauqua Feature

HARRY YEAZELLE MERCER.

On the third day of the coming Redpath Chautauqua the management offers an unusually interesting reading number in the person of Mercer Company. Harry Yeazelle Mercer, well-known lecturer and reader of the old school, possesses a voice of remarkable quality and power. His readings, whether in ballad or in dramatic effect, are full of pathos, art and originality and never fail to capture the hearts of his hearers.

Here on the First Day of the Redpath Chautauqua

OCEANIC CONCERT COMPANY.

The Oceanic Concert Company, appearing at the coming Redpath Chautauqua, is an unusually versatile singing orchestra. Each member of the company is a vocalist, as well as a player of exceptional ability. The remarkable artistry and musicianship of these vivacious young artists has been repeatedly demonstrated before enthusiastic audiences in France, New Zealand, Australia and America.

NOTICE CREAM PRODUCERS
We are paying the highest price for Butter Fat at our station in Carlisle. We will ship your cream direct and we pay transportation charges. We guarantee quick service.
Bring your cream to MISS ROSA COLLINS and she will save you trouble.
Let Us Have Your Next Can Of Cream.
MERCHANTS CREAMERY COMPANY

DIRECT SHIPPING PAYS BEST
When cream is ready to sell the hard work has been done and you should not permit any outsiders to make an extra profit of your efforts.
You can ship your cream DIRECT to the Tri-State and save from 1c to 2c per lb. butter fat. It is just as easy to deliver the cream to a shipping station as to a cream buying station. The Tri-State pays the highest price and guarantees against loss in transit.
Free Trial Cans gladly furnished new patrons for 30 days.
Most Tri-State patrons have two cans so when they take a shipment to the depot they can get the empty from previous shipment.

LETTER TO RATLIFF BROS. CO.
FROM THE NORTH JELLICO COAL CO.

Messrs. Ratliff Bros. Co. May 31, 192
Carlisle, Kentucky.
Gentlemen,
What is your community doing now to fortify itself against a shortage of coal the coming winter?
Do you know that every industries at this time is that there will be an acute shortage of coal cars before Fall?
The Black Diamond, America's leading Coal Journal, has made a thorough canvas of the situation, and is urging the Public not to delay the purchase of their Winter's fuel.
Officials of our largest coal-carrying railroads have sounded a warning of the coming car shortage.
Shipped coal cars are accumulating every day, and there are not being enough coal and repaired, cars in sufficient numbers to take care of the Public's wants the coming Fall and Winter.
Every retail coal dealer in the country will do his patrons a good turn if he urges them to get their coal NOW.
The situation is going to be no less later on in the year. Secure your coal early and have no regrets.
"A word to the wise is sufficient."
Yours very truly,
THE NORTH JELLICO COAL CO.,
By C. D. Major, Treasurer.
RATLIFF BROS. CO., INC.

MANY INDUSTRIES ARE TIED TO TOBACCO
By GARRET SMITH
"Get a match?"
How many times a day is that question asked in these United States? How many more times is the question unnecessary because most pockets are well stocked supplied with the useful little article? Anyhow, inasmuch as it is estimated that there are 30,000,000 tobacco users in the country, we would guess that the answer to that question would run into the hundreds of millions.
For if it weren't for the smokers in these days of high prices lights how many matches would be used? A pretty small proportion of the number of those "sticks of blaze" produced in the country every year. Abolish tobacco and the match business would be shot to pieces.
But the match business is only one of a dozen or more allied industries which derive large revenues directly or indirectly from the tobacco trade and would suffer heavily if national prohibition of tobacco came. Take the effect on some of our reference works of figures: The annual sales of tobacco products, based on retail prices, is over $1,000,000,000. Of the cost of producing and selling this quantity of cigars, cigarettes and other forms of the weed, some idea of the millions dollars are paid out for other things than the raw tobacco and labor of making it up.
$25,000,000 a Year for Boxes
For example, the tobacco trade consumes each year 15,000,000,000 pounds of sugar, 3,000,000 pounds of sugar, each year in flavoring tobacco, and 2,000,000 tons of coal. It is estimated that the annual consumption of paper used is 125,000,000 a year, quite an item for the lumber business and for manufacturers of the boxes.
The printing trade loses 250,000 pounds of nails are employed. Other pounds of nails are employed. Other paying tobacco for sale are tin and lead foil, paper and cotton cloth, wrappers, cloth for tobacco bags, labels, coupons etc., involving the printing trade extensively.
Then building contractors and manufacturers of machinery are largely influenced. Investments in plants and machinery employed in manufacturing tobacco are estimated at $197,000,000. Replacement, up-keep and interest on the investment make no small item annually.
And let reality now note there are approximately 325,000 tobacco farms in the country, with a total estimated valuation of $3,000,000,000. Of further interest to real estate men is the fact that there are 500,000 retail establishments selling tobacco products. It is hardly safe or keep impossible to estimate the value of the investment of all the space occupied by tobacco dealers.
The tradesmen also, how their living from the tobacco. The tobacco has its own press, its own publicity bureau in the United States.
Annually the farmers entrusted with the tobacco from 2,250,000 tons of tobacco, producing every year.
As for the ad-writing business here again it is impossible to make an estimate of the enormous annual expenditure.
The prohibition of tobacco would give a black and gloomy hole in the revenue of the United States government. The tobacco tax now yields $110,000,000 annually, making the total revenue returns to the government $320,000,000.
Influence on Popular Sentiment
It is this interlocking of the tobacco business with so many lines of industry and the vast amount of financial loss that would be incurred in the abolition of tobacco that is one of the most important aspects of the proposal to prohibit the sale of tobacco, a proposal however, which has little support in public sentiment if the newspaper editorials of the country are to be taken as evidence of that sentiment.
In a poll of 87 dailies made recently by the Tobacco Merchants' Association of the United States, 85 of the 87 papers replied opposed the suggestion that the manufacture of their common foe were in league with the devil. Seventeen of these editors expressed some sentiment favorable to prohibition, but little support of public sentiment if the newspaper editorials of the country are to be taken as evidence of that sentiment.
In a poll of 87 dailies made recently by the Tobacco Merchants' Association of the United States, 85 of the 87 papers replied opposed the suggestion that the manufacture of their common foe were in league with the devil. Seventeen of these editors expressed some sentiment favorable to prohibition, but little support of public sentiment if the newspaper editorials of the country are to be taken as evidence of that sentiment.
It is safe to say that no trade recently in the tobacco industry would be more severely affected by prohibition than the retail trade. Tobacco trade is handled, as above briefly outlined. It is read that there is hardly a section of the country that would not be affected directly or indirectly by abolishing tobacco.

THE CARLISLE MERCURY

VOL. LIV. CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JUNE 9, 1921

BLAIR AND DONNELL CONFECTIONERY
Carlisle, Kentucky
This is the place to take your ice cream and treat force and some members of them, and the place to treat your friends and make them happy.
There are two questions in Carlisle who have demonstrated the fact that a jolly good meal is not complete without the finest of candies, and they are Mr. C. Hall and Mr. Blair & Donnell. Both are noted candy makers and stand in Nicholas county as the leaders in the confectionery line. Blair & Donnell's are now serving the public at their handsome new location, where they have installed their present fine soda fountain and expect to "Serve—and serve it well."
The confectionery store of Blair & Donnell is one of the most popular retail candy stores in the county. Their delicious candies are made in the room and their ice cream is the finest that can be had. Their soda fountain service is unexcelled and their fountain drinks are delicious and refreshing. Their soda fountain is located in the front part of the room, where it is convenient for the public, and is handled by experienced men. Their ice cream is made in the rear of the room, where it is convenient for the public, and is handled by experienced men. Their ice cream is made in the rear of the room, where it is convenient for the public, and is handled by experienced men.
The confectionery store of Blair & Donnell is one of the most popular retail candy stores in the county. Their delicious candies are made in the room and their ice cream is the finest that can be had. Their soda fountain service is unexcelled and their fountain drinks are delicious and refreshing. Their soda fountain is located in the front part of the room, where it is convenient for the public, and is handled by experienced men. Their ice cream is made in the rear of the room, where it is convenient for the public, and is handled by experienced men.
Mr. Blair and Donnell have recently leased the building formerly occupied by the Carlisle Drug Co., and will remodel it and make it one of the most modern and up-to-date confectionery stores in this section of the state. They will also handle a full line of fruits, nuts, cigars and tobacco. Mr. Blair and Donnell are both young men of the highest character and are well known throughout the county. They have been in business in Carlisle for a number of years and have a host of friends who will be pleased to know that they have secured such a desirable location. Mr. Blair and Donnell solicit a share of the public patronage and promise courteous treatment and the best service possible.
The Blair and Donnell establishment is a place where you can meet your friends and feel at home, and is a good place to treat your friends and make them happy.

John W. Bell, etc. Pltf.
vs. Abandonment of Sale
Stella Bell, etc. Dfts.
By virtue of a judgment and order of sale of the Nicholas circuit court rendered at the May term, 1921, I shall proceed to offer for sale at public auction to the highest and best bidder on Monday, June 13th, 1921, between the hours of 1 and 3 o'clock p. m. on the following described property, bearing interest from date at the rate of 6 per cent per annum until paid, to-wit:

"Little drops of water
Little grains of sand
Make the mighty ocean
And this pleasant land,"

Little Thoughts of Wisdom and Integrity instilled into a Business help to build it into a mighty institution.
When we began to lay the foundation for our store, nearly fifty years ago, we planned for the future.
We determined to establish a store for the people—a store in which they should have the utmost confidence.
Our ever increasing patronage proves that we have succeeded.
To the readers of this paper, permit us to say that our store is yours—use it—make yourself at home.

U. S. TUBES
The same standard of quality built into U. S. Tires is put into U. S. Tubes.

"Tired of U. S. Tire dealer service? Ask the man who owns U. S. Tires."

Why some men seem to have all the tire luck—
YOU probably know a man whose car is a hobby with him. He knows just about the best little old car there is of its class.
And he'll stand up for that car against the world in any kind of an argument.
* * *
Year by year an increasing number of men feel the same way about U. S. Tires.
For a while they may try "just-as-good," "bargains," "big discounts" and "rebates."
But usually it doesn't take long for a man to sense the economy of the standard quality tires.
For years U. S. Tire makers have been building quality tires for same tire users—for the user of medium or light weight no less than for the heavy car.
The tire buyers of the land have responded with a mighty U. S. Tire following.
* * *
The U. S. Tire makers feel the responsibility for supplying the nation-wide following with characteristic energy.
Ninety-two U. S. Factory Branches are established, covering the entire country.
Find the U. S. Tire dealer who has the intention of serving you. He will know him by his real co-operative service—by the right kind of a stocked line of fresh, live U. S. Tires of quality first, and the latest styles of size, tread and type are in the biggest cities of the land.

A Tonic For Women
"I was troubled in my dizzy, I was nervous, and had no appetite. I felt weak all the time. My friends advised me to take Cardui. "The first bottle relieved me of two years suffering. I soon got my health. I shall always praise Cardui for what it did for me." Try it. It may be just what you need. E-68
Cardui
The Woman's Tonic
"I decided to try it," continues Mrs. Ray . . . "I took three bottles and found that it gained my strength and knew that it was helping me in a remarkably wonderful manner. I have two children and want to do all my housework and a lot outdoors . . . I can sure recommend Cardui."
Take Cardui today. It may be just what you need.
At all druggists. E-68

A WONDERFUL LAMP
A WONDERFUL LIGHT
Drop in C. C. Blandford's office and see the ALADDIN LAMP. There is happiness in the home brightened by an ALADDIN. Beats electricity, gas or gasoline. Gives a soft, white light. Costs only a few cents per week to run. Every home in the country can have a light as bright as electricity, if you will use the Aladdin Lamp. 5-26-3t

See me for monuments and markers of any kind and save expense of paying the traveling agents. I have no agents and give my customers the benefit of the 15 per cent commission paid agents who do not know enough to stone from anywhere.
T. R. Hall, Carlisle, Ky.

Classified advertising is one of the best and cheapest ways of advertising.

They never made a cigarette like this in my day—
The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.
That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!
The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, most cigarette in the world, at any price.
Nobody can tell me anything different.
