Listen: We are changing every week. We are going to put three nights a week, as the expense of pictures is greater than the money derived from attendance, not including our every bond expense. You can easily see that it is impossible for us to run at a loss. We will try it one more week and if the public wants and is prepared for amusement, and will run every night for you, otherwise it will be impossible. Let's see if you want a six night show. Yours,

LYRIC THEATRE

It is rumored that Gentry Bros. circus will exhibit in Carlisle some time in this month.

Since the University of Kentucky was established fifty-five years ago, 103 students from Nicholas county have attended the institution.

Next Monday is county court day. We still have a number of delinquent subscribers on our list and unless paid by court day they will be discontinued.

In handing us the yearly honor roll of the city schools for publication last week, the name of Ernest Hall, Jr., of the first grade, was unintentionally left off the list.

Messrs. M. C. Blair and M. D. Donaldson purchased last week the property and Wills the building on Main street in which they conduct a meat market. The price paid was not made public.

Miss Katie Beatty, of this city, a member of the girls' basket ball team of the University of Kentucky, was awarded a letter at a meeting of the athletic directors of the institution last week.

The residence of O. B. Herrin on Sycamore street, which was offered at auction by real estate agent C. Taylor Smith last Saturday afternoon, was withdrawn on account of insufficient bids.

An increase of one cent per pound has been made on the price of butter fat since last week, and local dealers are now paying 45 cents per pound. Country produce shippers' prices have not been changed.

The blue grass seed crop this year is very small, according to strippers. Local dealers are paying $1.25 per bushel for hand stripped seed and $1.00 per bushel for machine stripped. This is about 25 cents over prices paid last year.

The style of the new handwave firm operating in the King building has been designated as William Howard & Son. Charles R. King, who has been connected with the style for a number of years as salesman, will remain with the new firm.

J. Sherman Porter, well known prohibition enforcement officer and newspaper man, of Lexington, will deliver the address of "Law Enforcement" at a mass meeting at the Methodist church in this city next Sunday evening at 8 o'clock. The public is cordially invited.

The recital given by the pupils of Miss Ida Ford's music class at the city school building last Tuesday and Wednesday was a most delightful affair and was well attended. The pupils of Mrs. Boland Dacres' class gave a recital at the same place Tuesday evening, which was very enjoyable.

All ex-service men in the county are requested to assemble at the court house, taking establishment of Matters, Tuesday, June 7th, at 2:30 o'clock p.m. for the purpose of organizing a post of the general services of James Spencer Post. Uniforms, with exception of bloquers, will be worn.

Since the first of the year the automobile department of the State Highway Commission has issued 11,179 drivers' licenses, including 12,849 truck chauffeurs' licenses, 600 motorcycle licenses, 600 dealers' licenses and 7,139 chauffeurs' licenses. The annual meeting of the Confederate Veterans' Association of Kentucky will be held at Owensboro next Wednesday to elect officers for the coming year. The time allowed property owners whose water empties into the Elkhorn sewer to sewer into the sewer will not last Saturday, but can be heard until Saturday, June 11th, until this committee will be complete for the coming week. Dr. S. Kash, chairman of the committee, wishes to state that unless contracts are let for the completion of the work by that time the sewer will be closed for public use. At a meeting of the users of the sewer the same days ago it was decided that the sewer was inadequate to meet the demands made upon it by sewer connections, and that sewer rather than build septics tanks at every home. W. F. Tune and Miss L. Vesely were appointed a committee to solicit funds for the construction of the work.

The Court of Appeals at Frankfort Tuesday handed down a decision affirming the decision of Judge Lee T. Pendleton, of the circuit court of Bourbon county, when the case of the commonwealth vs. Pyrmus for failure to send his child to school was appealed. Judge Pryor held the compulsory attendance law unconstitutional on the ground that it violated the due process clause of the bill. County Attorney Thomas Cox appealed the decision of Judge Pryor to the Court of Appeals and had the case advanced on the docket. The decision of the highest court is very important, inasmuch as it affects the entire State. All indictments now pending in the circuit courts of the State against parents who fail to send their children to school will be automatically quashed. Whether the opinion rendered abolishes the office of compulsory attendance officer will not be known until County Attorney Cox receives the full opinion from the Attorney General.
