Announcement

To The People Of Carlisle And Nicholas County:

We have opened an oil distributing station at Carlisle for the distribution of BLUE GRASS GASOLINE, MOVOLINE Motor Oil and BLUE GRASS KEROSENE, with Mr. Kelly Beatty as Agent.

Ours are strictly Kentucky products. They are made exclusively from our own Big Sinking Kentucky Crude. They are made by us at our own refinery located at Lexington, and by our own home labor. We pursue the policy of "Live and Let Live," by making all of our purchases in the territory in which we operate.

The money which we receive for our products is deposited in a local bank and our purchases for our company are made in the towns in which we operate. We employ local men as our agents, therefore we do not pursue the policy of taking all of the money out of a community possible and leaving none; 100 per cent of the money spent with us remains in Kentucky. A great deal of the money spent by us for crude oil is paid to residents of Montgomery, Clark, Nicholas and other Kentucky Counties.

We make our own products and know their quality and are so advantageously situated that we can profitably make them of superior, uniform quality.

We have our own boats and barges on the Kentucky river and our own pipe line from the river to our refinery, by which we transport our crude oil from the field. This enables us to save vast sums in freight which we share with the public in quality. This is why

BLUE GRASS GASOLINE AND MOVOLINE MOTOR OIL

enjoy such a wide popularity. We assure the public that we will at all times give them a square deal in every way and at all times give them SUPERIOR, UNIFORM QUALITY, and prompt, courteous service.

We feel that in Kelly Beatty we have a man who will deal with both ourselves and the public honestly and courteously, and is worthy and deserving to share in the business in this territory.

In conclusion, we promise the people of Carlisle and Nicholas County products of high grade, uniform quality, prompt, courteous service and a full appreciation of a share of the business in our line.

Very respectfully,

GREAT SOUTHERN REFINING COMPANY, Inc.

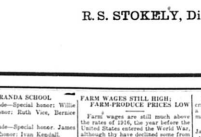
A Wonderful Floor Entirely Devoted to Everything for Boys and Girls of All Ages



Forty-five years ago Mabley's, Cincinnati, was founded upon the idea that the boys and girls of this community were important. For forty-five years that idea has been developing. One result has been a specialized knowledge of young people's needs unequaled anywhere. And another result has been

Parents—and mothers emphatically—cannot help but greatly appreciate the convenience and comfort of doing all the shopping for the boys and girls, from infant not to the lad and lass almost ready to step out of their teens, ALL ON ONE FLOOR.

This floor will be one of the city's show places. In its completeness, size and use and in its comforts it ranks as one of the few floors of its kind in America.

Its entire **20,000 square feet** are given over to

—Boys' Clothes, Shoes, Hats, Caps, Furnishings, Hosiery and Underwear.

—Girls' Dresses, Suits, Coats, Skirts, Millinery, Hosiery, Shoes and Underwear.

—Infants' Apparel of all kinds—Nursery Needs, Furniture and Baby Carriages.

—Children's Barber Shop.

All of which is our admission that we DO like children.

FARM WAGES STILL HIGH; FARM-PRODUCE PRICES LOW

Farm wages are still much above the rates of 1918, the year before the World War, according to the U. S. D. A., although they have declined some from the rates of 1920, the highest ever reached in this country, says the United States Department of Agriculture. A recent investigation made by the department shows that, for the country as a whole, in 1921 as in 1920, an average of $3.48 per day, without board, was paid for farm labor. This is 108.40 per cent more than the average for 1910-14. In 1918, the rate was $2.25. By the month without board, the rate declined from $64.34 to $42.40, or 34 per cent, and yet this year's rate far exceeds the 1910-14 rate of $20.34.

In the next Legislature the Democrats will control both Houses, having a majority of two in the Senate and a majority of 24 in the House.

The phonograph that amazed Carlisle can be bought!

There is a rumor abroad that the last-named which triumphed in the drastic comparison test, made Friday, October 21st, at the Orpheum Theatre, was a special exhibition model. The fact is false. The instrument was a regular Official Laboratory Model, out of our own stock.

Every Official Laboratory Model in our stock is guaranteed to sustain the same test.

If you were one of those, in the audience, who so wistfully exclaimed—"Oh, wouldn't I like to own it!"—wondering if it could buy a phonograph like that"—know that you can. Know that it will perform this miracle every day for you in your own home.

The **NEW EDISON**

"The Phonograph With a Soul"

Come in and hear for yourself the Official Laboratory Model's marvelous realism. Find out about our Budget Plan, which enables you to own an Official Laboratory Model for a small down payment, the balance on a gentleman's agreement to suit your convenience.

Note—The test at Orpheum Theatre was made by Miss Edith McDonald Carpenter, the world-famous soprano. She compared her living voice with the Re-Creation by the New Edison. There was no difference between the living voice and the Re-Created voice.

The New Edison stands absolutely alone in this achievement; no other phonograph has ever sustained this test of comparison.

85 PER CENT OF TOBACCO SIGNED TO BURLEY POOL

42,000 Growers In New Cooperative Association. 1,286 Nicholas Growers Are Members

The largest co-operative association of farm producers in the United States came into being at Lexington last Wednesday night with the adoption of articles of incorporation by a committee of fifty-one which went over the reports of all the counties in the burley tobacco district and declared that 84.85 per cent of the crop of 1921 had been signed up to the Burley Tobacco Growers' Co-operative Association.

The figures, as revised by the verification committee, which was composed of six well known Kentuckians acting with the executive committee of the association, showed that there are 200,482 pounds pooled that have been signed by burley growers in 1920 and that 1,921,365 pounds of this total has been signed up by the growers with 1,a certificate, and that 42,000 growers of tobacco signed the contract.

There remains considerable territory unorganized in the states of Tennessee, West Virginia, and Indiana, besides two or three more counties in Ohio, and it is likely that an opportunity will be given the growers in these territories to sign up before the books are closed at the close of the pool.

The pool is a six-year agreement in turn over to the association the crops raised in the burley district to be marketed. It will end the loose leaf auction system of selling burley tobacco and will be handled by the manufacturers, as needed, by the association at prices established at a price fixed by the association's directors, after a careful investigation of the burley tobacco situation in the different districts elected by delegates from districts elected by growers and large burley users who saw a way out of the present situation. The directors may not be growers of tobacco, the others being not only growers of tobacco, but must be actual growers themselves.

Preliminary committees to carry into effect the declaration of the organization committee were appointed, and they will go to work at once.

It was a riot of jubilation for those who had worked for the success of the movement to bring about the organization of the association. Judge Bingham was unanimously recipient of an enthusiastic demonstrations, not only at the beginning of the meeting in the afternoon, but at the night session, when the final demonstration which followed the announcement that the pool had gone over, the crowd stood and cheered him for ten minutes, when it was suggested that a rising vote of thanks be given to the efficient organization manager.

Judge Bingham was also given a rousing applause, and was greeted with tremendous applause, for every mention of the name of Gen. Barry Mahool, Paintsmen and knew that the tribute was deserved. Judge Bingham said in the course of his remarks that the work of the organization committee was the biggest thing in Kentucky, "bigger than that the U. S. S. Kentucky, the largest cooperative association in the world," he added.

"I then said that the biggest thing in Kentucky was the pool, and after the last meeting of the committee, at which the articles of incorporation and association agreement has been signed by more than three-fourths of the growers of the burley district, I said that the biggest thing in Kentucky and Ohio in 1922; and, further, that the biggest thing in the world was the standard association agreement have been signed by more than three-fourths of the growers of the burley district and association agreement now is in the hands of the people.

"Then that the chairman of this committee be authorized to prepare and send out a letter of appreciation to each effort and to certify this result and to request that the secretary of each county committee be authorized to issue each certificate and declaration to the effect that 75 per cent of the acreage of the association; and, further,

"That this committee be empowered to take the necessary steps to carry into effect the articles of incorporation and association agreement."

The motion, on motion of Mr. Kahoe, was adopted unanimously.

THANKSGIVING SERVICES TO BE HELD THIS MORNING

Carlisle Churches To Unite In Union Service At Presbyterian Church Conducted By Rev. Maxwell

In accordance with a time-honored custom, the Carlisle churches unite in Thanksgiving services this (Thursday) morning. The union service will be held at the Presbyterian church and will be conducted by Rev. W. E. Maxwell, pastor of the Carlisle Methodist church. The service will be held at 10:30.

A special program has been arranged and all are invited to attend the service.

REMEMBER THE ORPHAN ON THANKSGIVING DAY

Louisville, Ky. Nov. 22.—Thousands of tables will groan tomorrow with the bounty of the season, the weight of turkey, cranberry sauce, pies nuts and all the delicious titbits that go to make Thanksgiving dinner.

But in another thousands of homes, there will be the absence of the turkey; that poverty that is caused by ignorance in the majority of cases, crime in some instances and rarely misfortune. On this day of Thanksgiving, the Kentucky Children's Home Society will be in the midst of its turkey. On occasions, the aforesaid children and the mothers to remember the Society with gifts, when they, by the fault of their own, may have no Thanksgiving dinner at all. At least it will be on the crumbs that fall from the tables of those more fortunate.

This is the Thanksgiving appeal sent out today by George E. Hagan, Superintendent of the Kentucky Children's Home Society. Superintendent Mr. Hagan points out that but for the fact that the Kentucky Children's Home Society has been established, now are citizens of a state that in the years, might be living like the Thanksgiving Day in poverty and crime; it might have been they, themselves, that were the inmates of the degree victim of one of these or being inconvenienced in making out a schedule. Mr. Hagan's appeal is sent out in the leading universities of the North and east.

Thirty nurses will be offered when college work is resumed for the second division of the school year. Twenty-one of the thirty courses will be given in the Normal School, according to the announcement of the week's work begun at the opening of school in September. Courses in English, Trigonometry, The Hebrew Prophets, Physiography, Party Latin, Physics, and Beginning German will be open to students. Modern Problems will be given in the Reading universities of the North and east.

The following is a Schmarty of courses offered for the Winter Quarter:—English Composition, American Literature, Shakespeare, Public Speaking, Argumentation, Debating, Short Stories, Latin Syntax, Livy, Roman Life, Beginning German, Advanced German Reading in German, French Readings, Advanced French Reading, Modern European History, Comparative Government, Principles of Politics, Principles of Economics, Christian Evidences, Faith, Principles of Teaching, Psychology, Educational Psychology, Differential Calculus, General Physics, Chemistry, Organic Chemistry (Aliphatic Compounds), Qualitative Analysis, Quantitative Analysis.

I am sure that all patrons of the Post Office Dept. will cooperate with the Post Office Dept. officials in handling the mails during the Holidays and they will be handled with the greatest dispatch. Orders to conducted by Miss Virginia Bell Brooks, Secretary to the Postmaster has much in the musical world of Carlisle and vicinity. She is one of the noted teachers of the state and has been heard in the best concerts and recitals. She has made a stellar attraction on Keith's vaudeville circuit for a number of years. The other members, Mrs. Wm. Collins, pianist, Mrs. Ben Collins, violinist, Mrs. Ben Walls, cornetist, Mrs. Ben Cheatham, saxophonist, Mrs. Wm. Cheatham, are excellent musicians. Mr. Walls' orchestra has been a popular dance band; Mr. Hoffman was for a time with Sousa's band and is a master of the clarinet; Mr. Cheatham has been a performer on the clarinet for the past several months. Owingsville was highly pleased with their splendid program. They are above the average musical organization and classic numbers were rendered in the most pleasing manner. We are sure the music lovers of Owingsville would like to hear them again.

NATIVE OF COUNTY SHOT WHILE CLEANING PISTOL

Martin Luther Kincart, Aged 51, Formerly Of Nicholas, In Serious Condition As Result Of Accident

Relatives here were notified last night of the serious condition of Martin Luther Kincart, 51, who accidentally shot himself while cleaning a revolver at the home of his son in Covington last Tuesday.

Mr. Kincart is a native of this county and was well known throughout the county. The following brief account is taken from the Cincinnati Enquirer:

Martin Luther Kincart, 51, of 1719 Russell street, Covington, is in serious condition in St. Elizabeth's Hospital as the result of a wound he received ago, slight from which he is expected to recovery is said by the hospital surgeons.

Kincart was found lying on the floor of the dining room of the home by his daughter about 11:30 when he saw his son's revolver lying on the floor beside him. He picked up the remnant three cartridges, and, examining the weapon, accidentally snapped the trigger. The gun exploded and he fell to the floor, according to his statement. His daughter, who made his home with his father, was in the kitchen at the time.

Kincart is employed by the Louisville & Nashville railroad shops here. He lives with his daughter, Mrs. Debonsey, Ky. His wife died several years ago.

1,286 NICHOLAS GROWERS IN TOBACCO ASSOCIATION

Burley Belt Divided Into 22 Districts, Of Which Nicholas, Robertson and Bracken Form Thirteenth

A total of 1,286 Nicholas county tobacco growers are members of the Burley Co-operative Marketing Association, representing 93.3 per cent of the tobacco grown in the county last year.

Only two counties out of the 120 in the Burley tobacco belt show a higher percentage pledged to the association than Nicholas. They are Bourbon, with 96.3, and Bracken, with 96.2. Nothing was saved from the building.

Mr. Vice built the residence about three years ago at a cost of about $6,000. It was one of the most modern rural homes in the county, being equipped with waterworks, furnace heating plant, lighting system and sewerage.

The loss on the building and household goods is estimated at about $10,000. Mr. Vice carried $5,000 insurance on the residence.

SWIFT'S PRODUCE REVIEW

The butter market has declined 2½ cents in the past few days, due to increased supplies and lighter demand. Prices have resulted in severe losses for butterfat in producing sections.

Receipts of butter and eggs at the Chicago Butter and Egg Board reports that 42 per cent more butter and 24 per cent more eggs were received on November 12 than the corresponding day last year.

A continued increase in the production of butter and eggs over last year will probably result in a further decline in market quotations.

Live poultry has been marketed in liberal quantities during the past month. In fact, than was required for the holiday trade, and the markets have been glutted by a large supply of fowls.

There was a light supply of fresh eggs on the Chicago market, and the dungeon doors upon his back, or that the wrecks before the oil could be got to "go off."

The Cincinnati Post sale of lot population began to pour in from all sections of the city. Among the first arrivals were Mrs. Ben Taylor, Miss Sophia Blake, who raised a large family of children, especially Mrs. Jennie Blake, who afterwards became famous as a lot keeper, especially Mrs. Jennie Blake and Mrs. Jennie Blake, Mrs. Ben Taylor, Mrs. Jennie Blake, Mrs. Jennie Blake, of the Methodist Home in Fine neighborhood.

The "Old Black Tavern," so called from the logs being painted black, which was built by Thomas Blake, located on the lot opposite the home owned by James Eckleton's family, and was in later years known as "Old Jake's House." The house was kept by James Ellis, son of James Ellis, senior, after whom the town of Ellisville was named.

John G. Parks kept the first store, removing the goods from Parks Ferry to the Ellisville site, but soon after building the old stone house now occupied by Mrs. Jennie Blake. Modern Ellisville has a population of about 1,000, and a Presbyterian, a Methodist and a Christian church.
