THE CARLISLE MERCURY

VOL. LV. CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, APRIL 13, 1922 NUMBER 15

STONE DECLARED QUALITY IS THE IMPORTANT ITEM

Quality, rather than quantity, should be the motto of the members of the Burley Tobacco Growers' Cooperative Association, President James C. Stone, of the association said in discussing crop and market conditions in the Burley district.

Our members should raise good tobacco, he said, and raise plenty. They ought to plant on good land. They should not crowd their burns with the harvested crop. They should have their seed right, their plant beds right, their cotton right. If they use the old cotton it should be boiled before using it. Seed quality should be the constant aim of the growers, and improvement in the quality has been a time in the history of the burley market when good tobacco did not bring a price commanding the care and trouble necessary to produce it, when compared with the prices paid for more tobacco of poorer quality.

President Stone had before him a bulletin of the Kentucky agricultural Experiment Station giving an report of the Valley of the tobacco region of the United States of Agriculture, which told the story of the rate of thousands of acres of tobacco in 1920 by wild fire and angular leaf spot, which reduced greatly what at one time appeared would be a record crop.

President Stone commented on the fact that the bulletin showed that the growers of tobacco formed that district. He said this bulletin gave full directions for the treatment of seed before planting or so as to assist the development of plant growth.

"The grower is told," said Mr. Stone, "in the bulletin to soak the seed in a solution of an ounce of commercial formalin to a gallon of water, or to soak properly selected seed in water for fifteen minutes, washing in chlorogene of any of several chemicals of clean water and drying it at a time for sowing, or to balance litter of any kind. The bulletin also informs us that during the rate of mercury or corrosive sublimate may be used in place of the formalin, in the proportion of one ounce of the chemical to four gallons of water. In case growers prefer soaking and washing the seed is required and the bulletin impresses the importance of treating tobacco seed even like it may have been taken from a field which has always been free from tobacco plant diseases of any kind.

The bulletin also impresses the necessity of sterilizing the ground before any of new varieties that has been slandered by boiling it steam or soaking in formaldehyde. It also advocates the steaming and burning, of tobacco beds, because it kills weeds and completely sterilizes effectively.

"Indeed against the use of diseased tobacco which may be on hand, the bulletin says that care be given in this matter, and also pointed out that this diseased tobacco can be used on land for any crop or crops, inasmuch as the diseases from which tobacco suffered in previous years have not been known to attack anything else except the tobacco.

We expect, from time to time, to communicate with our readers, advising them as to the best methods of planting, growing, curing and marketing their crop, with them at all times. We hope that all will accept the practice of growing good tobacco, for it pays. Never has there been demonstrated on the Lexington tobacco market more clearly again that five acres of burley to-bacco properly grown and cured will be worth as much as ten acres of the same tobacco on ten or even fifteen acres carelessly grown and cured."

HOW TO DRIVE AN AUTO

Drive as I every other driver was a born idiot.

Drive as if children and most pedestrians were bent on suicide and wished to help you.

Drive as if every hill had a chasm at its bottom.

Drive as if every curve were a highwayman, a bootleg tiger and a stolen wife.

Examine your car before you start and drive as though you won't have automobile.—Boiletin, Halifax Auto Association.

Everybody who loves Tarlac loves something good to say about it, next only being second to his love with having a bad influence on people humanity. He writes: "The fox makes an outlaw out of a dog a neighbor. This neighbor has a pack of dogs. The dogs make a gang of niggers and some moonshiner with a still. Some of the niggers in the second hour of night when all honest folks are in bed, go to the moonshiner's house and while other people are breaking down doors, leaving doors open, stealing and causing and raising hell up all asleep in a free society."

THAT MORNING LAMENESS

If you are lame every morning, just after getting out of bed, you may have a cause. Often it's weak kidneys. To strengthen them, use Doan's Kidney Pills. Doan's are endorsed everywhere. Ask your neighbor! Ask a Carlisle testimony.

Doan's at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills, the same that Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SCHOOL CENSUS MUST BE TAKEN BY APRIL 15

According to our present school law, the school census must be taken by the county superintendent each year, in even years. By this law the census must be taken between the first of April and the 15th of April. In the rural schools, the trustees are given to a push or marshal to take the census, but in the graded school districts, the city superintendent is the only, for a consideration to have the census taken from the board and the census taken.

In this census, shall be included all children over the age of six and under the age of twenty-one. The beginning of the new school year is on the same date. A penalty of $50 is attached to the failure to take a false report, besides the liability of prosecution for false swearing.

The census should be taken in May, but the superintendent may, for reasons, take the census before, promptly to the county superintendent, and a duplicate sent to the county clerk. In addition, a list of defendants and a list of graduates of the common school branches should now be completed.

CHURCHES URGED TO AID PROPER MOVIES

The statement that the church does not approve of the movies, dancing, card parties and evangelistic services was made by Rev. Arthur Brown, who spoke to the congregation of the Methodist church Sunday.

"If the people will not move into moving pictures proper pictures will still actively encourage their promotion, they will hasten the day of better things in the picture world," said the article, which was in reply to criticisms reaching the publishing house because it had advertised a movie.

KENTUCKY TIRED LOWEST IN NUMBER OF ALIENS

Out of a total foreign born white population in Kentucky of 59,063 only 0.6% or 2.2 per cent. are unable to speak the American language according to an announcement by the Census Bureau today. In only two States did the foreign born white population fail to show a higher percentage of those unable to speak the English tongue than that reported by Kentucky. Those two States were South Carolina and Georgia, each with 1.8 per cent.

The foreign-born white population of Kentucky numbers 59,063 years of age and over in 13,497,886, including 1,696,949 persons, or 11 per cent of the total, who were reported as unable to speak English. Both the number and percentage are only about half as large as in 1910, when 2,265,211 foreign-born white persons ten years of age and over, representing 22.8 per cent of the total, were returned as unable to speak English.

The great decrease in the proportion of foreigners is due to the influx of several causes. Many of the immigrants enumerated in 1910, who were unable to speak English, have since learned to do so, others have died and still others have returned to their native countries.

The number of non-English-speaking immigrants who came to the United States during the decade following 1910 was greatly reduced, and the great majority of them arrived prior to August 1, 1914, and therefore had had time to learn the language before the census of 1920 was taken.

The largest proportions unable to speak English are found in Texas, New Mexico and Arizona, more than two-thirds of whose foreign born population, according to the Census, is reported unable to speak English in the foreign-born white population, and over in the States were as follows: Connecticut, 4.5; New Jersey, 49.4, and Arizona, 51.

Only one State in the union was the percentage as high as 20 and in only 11 States was it as high as 10. The percentage of foreigners in the United States was 13.2 per cent respectively—no higher than 14.

GARDENING TIPS

Garden seeds will give best results if not covered too deeply and if planted in rich soil. Soil is best for the average seed, garden specialists say, is a mixture of April 3-26 35*

Beans do best when planted the last half of April in the driest soil in the garden. Slingshots, Green Seal and Beautiful are good varieties of bush beans while Kentucky Wonder, Burpee and Lazy Wife are the commended varieties of pole beans.

Insects against the use of diseased tobacco which may be on hand, the bulletin says that care be given in this matter, and also pointed out that this diseased tobacco can be used on land for any crop or crops, inasmuch as the diseases from which tobacco suffered in previous years have not been known to attack anything else except the tobacco.

We expect, from time to time, to communicate with our readers, advising them as to the best methods of planting, growing, curing and marketing their crop, with them at all times. We hope that all will accept the practice of growing good tobacco, for it pays. Never has there been demonstrated on the Lexington tobacco market more clearly again that five acres of burley to-bacco properly grown and cured will be worth as much as ten acres of the same tobacco on ten or even fifteen acres carelessly grown and cured."

Fertilize Your Tobacco Ground

Fertilizer should be distributed evenly over the ground to obtain the best results. It should be put in by means of a wheat drill or sown broadcast by hand. In this way you get the benefit of the fertilizer for your growing crop and also for the crops following. You never fall on a stand of grass after using fertilizer as mentioned above. Ask your neighbor who uses it.

If you wish to fertilize in the row of the growing crop this is easily done by hand or a corn drill and you will gain a large return on your investment.

The right grade of fertilizer develops the stalk and the leaf; ripens the tobacco earlier; gives you more weight and better color.

Beware!

Be certain that you buy the grade of fertilizer best suited for your soil. There are many grades.

Come in and talk the matter over with those who can advise you.

P. S. I also have a nice convenient home, with bath, which I will sell privately—also a Ford touring car—will demonstrate.

BARREL OF WATER IS SAVED FROM "DROWNING"

As a result of a telephone message this afternoon between an employee of the Paris Milling Company and a friend on Main street a crowd of at least 50 persons gathered along the banks of Flower creek to watch a barrel of "whisky" swept its way along the creek and eventually into the dam near Cleveland. The barrel, however, was not whisky, those present to land the barrel, but a barrel of barley flour was accomplished and the barrel opened. It was full of water.—Paris correspondence to Saturday's Lexington Herald.

YEGGS ATTEMPT TO BLOW SAFE IN BURBON COUNTY

An unsuccessful attempt to blow the large safe in the general store of M. E. Jarvis & Co. was made by Fourbon County, was made last Friday morning. The safe was badly damaged, but resisted the efforts to force it.

The cash register was demolished and $6 in change taken. A large quantity of goods from the store was also stolen. The men were seen to drive away in an automobile.

STILL IT'S PERSISTENT

A Georgetown Democrat-Times reporter, who persists in running business on Sunday in flood regulation every Monday if and gladly pays it. That kind of scorn couldn't run things in Greensboro.

BUT MAYBE YOU WON'T.

HELP WANTED—MALE

A Real Opportunity

Why not go into a profitable, rapidly growing business for yourself? Our Rawleigh Dealer Plan furnishes all automobile storage facilities. Our Mr. Fleury has an opening to establish an excluse, permanent business in this county. Introductory.

The battery is well known, nationally advertised, and the latest equipment on many popular cars, and is guaranteed by a real service with a long established reputation. We will teach you business and how to extend the sale of a powerful sales proposition. No capital required. Write today for full details of this permanent business that means big profits and independence. Investigate. No obligations and will be considered confidential. Address Rawleigh's, Dept. M-S, Dewborn, 177 North Upper St., Lexington, Ky. 3-30 2t

FOR RENT—A small residence on West Main street. Apply to C. U. Bramblett

FOR RENT—A brick business house on West Main street, formerly the E. C. King building. Floor space 20x70. City water and electric lights. 12-22 tf C. U. Bramblett

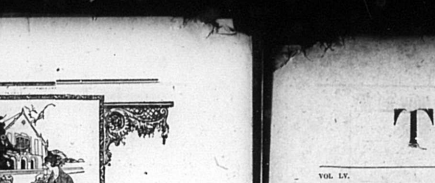
NOTICE

There are still a number of dogs in the county for which licenses have not been issued. It is the duty to see that licenses are paid for and the dogs be killed. To avoid trouble and expense, owners of unlicensed dogs should see that the collection of said taxes shall be enforced as other taxes are collected by the said city.

It is further ordained that after the 15th day above named taxes have been oiled and the expense of the same has been retained and apportioned on the property bordering on the street, and the cost of the said street sections of said street shall be oiled at the expense of said City, and every property holder shall be notified of the amount due by him, and every property holder whose property borders and abuts thereon shall pay the same within 30 days after he has received notice, and on his failure so to do a penalty of 10 per cent on the amount due by him, shall be imposed on him.

Adopted April 3, 1922.

P. D. Darnall, Mayor
B. C. Vaughn, Clerk



The new Printz models present values unsurpassed this season

The new Printz models of m.ts and coats, which we now have on display, present value-s more exceptional than any we have been able to offer in several seasons.

Their style and distinction is striking. There is evident distinction gained by beauty of line and fabric and artistic drama, tion. The feminine touch of design is usually found only in garments of much greater price.

But it is in the quality of fabrics and the tailoring detail —of which time and ear are the test—that Printzess values prove most surprising. Come and see the new prices asked for Printz models.

Our showing of the season's styles in suits and coats by Printz affords a wide variety from which to choose. Many models are developed in the new tricotine and poiret twills, and the ever-ages wanted tricotine and dress wear.

While the Printz models have material values, the Printz technique of designing for the type offers styles adapted to the individual figure. Come in and see them and choose the right model for your special needs.

We are also showing a good line of other suits and coats and all the charming dress accessories. We suggest that you make your selection early while the stocks are complete. You will thus have the advantage of choosing from a complete stock and assortment.

FAMILY REUNION

In honor of Mr. W. H. Stone's eighty-ninth birthday, the following children and grandchildren and great-grandchildren gathered at the home of Mr. and Mrs. Stone, in the county, Sunday, and spread an elegant dinner:

Mr. and Mrs. J. F. Stone and two children, Mr. and Mrs. Lewis Stone and two children, Mr. and Mrs. Lloyd Hinkle and two children, Mr. and Mrs. Ben Stone and two children, Mr. and Mrs. Arthur Hilander and children, Mr. and Mrs. Clarence Hamilton and son, Mr. and Mrs. Verna Stone and daughter, Mr. and Mrs. Willie Stone, Misses. Bee and Ora Hamilton, and Mrs. Clarence Stone, all of Nicholas county, and Mr. and Mrs. Ben Stone and daughter, of Bourbon county, Mr. and Mrs. Cloud and C. N. Hostetler and family, of Winchester.

Mr. Stone was born near Low Lick, in Clark county, April 2, 1833. At the beginning of the civil war, he joined the army under Captain Thomas, First Kentucky Cavalry, Union forces, under General Hoskins' command.

Mr. Stone is in general good health for a man of his age, with the exception of being blind, in which condition he has been for the past eleven years.

Rev. P. B. Hoodgier, who was pastor of the Ch. Pal Congregational church at Alexandria when Mr. Stone was a member of that church, has been secured for which money had been given him as an honorarium. He will conduct the dedication of the congregation.

The third Farmer's Better Sire sale will be held at the Bourbon Stock Yards, Louisville, Thursday, May 4.

Guard your stomach. It is the foundation of health or disease. The world's most common stomach trouble is Tanlac. Hopkins Drug Co.—Advertisement.

PUPILS TAKING VACATION

The entire personnel of the Carlisle City schools, with the exception of Mrs. Tillie Fowler, left yesterday for Louisville to attend the annual meeting of the Kentucky Educational Association, giving the students a vacation from Wednesday until Monday. Following are the teachers attending the meeting: Misses Elizabeth Brown, Elizabeth Colville, Mary Duckworth, Willella Hance, Nancy Talbert, Lucy Norvell, Mrs. Turner Thomas, Prof. Joe T. Embry and Superintendent Duke Young.

LOCAL HIGH TAKES FIRST TWO GAMES OF SEASON

Owingsville Defeated By Score of 7 To 6, and Ewing Defeated 6-3 In Eleven Innings

GAUNCE'S HOMER ENDS GAME

The Carlisle high school base ball team got off to a flying start last week when they won their first two games of the season, defeating Owingsville high at Owingsville, Friday by a score of 7-6, and Ewing in Carlisle, Saturday by a score of 6-3. Eleven innings were required to settle the Ewing game, but the close of the ninth inning the score was 3-3 and neither team was able to score in the tenth. In the eleventh inning the Fleming county aggregation was unable to score and it seemed as if another inning would be necessary. However, Gaunce was run out and one man on second, Gaunce knocked a home run, which was the game for the local team.

Features of the game were the pitching of Elmore and Gaunce, for the local team, the pitching of Myers for the visitors, and the batting of Myers. Out of five times at bat, Elmore made three of the hits made by the entire team.

At least four of the scores made by the visitors, were, made through errors, as only five hits were made throughout the game. Gaunce has caught a star game at Owingsville and Ewing, Smith's work as catcher for the local team Saturday was behind the batting of the men, or members of the team.

Following is the line-up for Saturday's game:

Carlisle	Batting	Ewing	Batting
Walden, rf		Worthington, 2b	
Fosback, ss		Sherwood, 3b	
Smathers, 1b		Hall, c	
Smith, c		Myers, p	
Gaunce, 2b		Browning, 1b	
Reed, 3b		Worthington, ss	
Elmore, p		Pepper, lf	
Banks, lf		Jacks, lf	
Elmore, p & cf		Buchanan, rf	

Score by innings:

	1	2	3	4	5	6	7	8	9	10	11	T
C.H.S.	0	0	0	1	2	0	0	0	0	0	1	3
E.H.S.	0	0	0	1	0	0	2	0	0	0	0	3

Two base hits—Elmore, 2; Smathers, 1; Gaunce, 1; Three base hits—Elmore. Struck out—By Myers, 12; by Elmore, 6; by Gaunce, 6. Stolen bases—Fosback, 2; Reed, 2; Myers, 1. Hits off Myers, 10; off Elmore, 4; off Gaunce, 1. Base on balls—Off Myers, 1; off Elmore, 1. Hit by pitcher—Fosback. Passed balls—Smith, 2; Hall, 1. Time of game—2:30. Umpire—Nicholas and Allen.

Congressman Fields has had his hands full with politics and has not been in the last two elections he has made a speech in every town in the county fall. By having the reunion at the court house on the 10th, he can attend with assurance of an audience. Everybody will come, warm hospitality and hold their reputation for some years to come. The great majority of them enlisted under the Stars and Bars and also many under the Stars and Stripes in the recent combat with Federal troops.

LEXINGTON GARAGE MAN KILLED ON MOTORCYCLE

Victor Adams, 25 years old, of Lexington, of the firm of Adams & Young, who operate a garage on Short street in that city, was killed in Fayette county when the motorcycle on which he was riding overturned in passing a wagon on the Maysville & Lexington pike, about seven miles from Lexington, Saturday afternoon. Jennings was riding on the side car of the motorcycle.

The motorcycle and the side car were completely demolished and the automobile left the pike and turned over in a fence. However, the occupants of the auto were not injured.

Adams died soon after reaching a Lexington hospital.

OLIVIA STONE FREED OF KILLING OF HUSBAND

Olivia Stone, charged with the killing of her husband, Dr. Stone, at Owingsville, was found not guilty by a jury in the Bath circuit court Saturday afternoon after deliberating for about two hours.

Mrs. Stone, it is alleged, "followed" Dr. Stone to Owingsville, and Brooklyn after he had betrayed her. Upon reaching him on the streets of one town she drew a revolver and killed him. It was claimed that she was under the impression that he was legally wedded to Kinland when he married another woman.

Miss Stone's aged mother died at Tompkinsville, Ky., and shortly

BOARD OF SUPERVISORS IN SESSION THIS WEEK

619 Taxpayers Notified To Appear Before Board This Week. Assessment Increased Over $400,000

WILL ADJOURN FRIDAY NIGHT

The Nicholas county board of supervisors convened at the court house Tuesday morning to hear complaints from 619 taxpayers who had been notified to appear before the board to show cause why the assessment on their property should not be increased.

Several weeks ago the County Judge was notified by the State Tax Commission that an increase of $700,000 had been levied on Nicholas county, $600,000 on farm land and $100,000 on city property. Several raises have been made to Frankfort by county officials and other interested parties in an effort to have the State Tax Commission come to take some of this amount off. The Tax Commission refused to reconsider the matter however, and instructed the county to see that a board of equalization has increased the assessment $400,000 over last year.

The Tax Commission also increased the value of the automobiles, and the board of equalization has increased the assessment $400,000 over last year.

The board will be called to order at 9 o'clock this morning, and it will be near the place of their enlistment in 1861-2, sixty years ago.

H. M. Taylor, secretary of Morgan's Men Association, gives the following:

Sunday's Lexington Herald:

Some 25 years ago members of Morgan's command who fought the Yankees in Kentucky and Ohio, met in reunion and such men as Steve Brannon and Doctor Lewis and Ab Sinclair and Colonel Ed Hoyt and Major Horace Taylor and W. C. P. Breckinridge, the latter governor of Kentucky, gathered at Olympia Springs. There was no badge, there were no medals of honor, there were no parades, there was no sounding of tales at these reunions. The old stories were told and the friendships formed in three days of dossery renewed.

Since then the organization has met every year at Olympia Springs or at Park's Hill camp ground in Bourbon county.

Death has been busy in the ranks of Morgan's men. Year by year with increasing frequency death has taken from their number until to-day it seems that it may not be long until a Confederate soldier will be left to walk by his bier.

Of the Captain Horace Taylor, the secretary of Morgan's men, felt it would be better to have the meeting at Olympia Springs instead of Olympian, which the members of the organization could reach with out long travel.

Colonel Thomas Breckinridge, whose father was a member of Morgan's men, Taylor's daughter, was brought to the attention of the Hon. J. W. Stull, president of the county fiscal court, by the meeting for the board of directors and Colonel Breckinridge was unanimously extended an invitation to Morgan's men to be use the court house.

The executive committee of the organization will meet in the near future and fix a date for the reunion which will be held in the early fall. By having the reunion at the court house on the 10th, Morgan can attend with assurance of an audience. Everybody will come, warm hospitality and hold their reputation for some years to come. The great majority of them enlisted under the Stars and Bars and also many under the Stars and Stripes in the recent combat with Federal troops.

LEXINGTON HIGH WINS NATIONAL CHAMPIONSHIP

By defeating the Mt. Vernon, Indiana, high school team 31 to 29, the Lexington Senior High "Blue Devils" won the title of the national interscholastic basket ball championship in interscholastic at the Chicago last Saturday night. The Blue Devils' won the state championship in the tournament at Lexington about a month ago and the team was invited to take part in the national tournament.

The Lexington team went to national championship by successive victories over Manlius, New York; Lemoore, Mich., Duluth, Minn., and Tennessee school, and Mt. Vernon.

John Bantley, well known in this county, died at his home in Lexington Wednesday morning at 2 o'clock after several months while a student at the University of Kentucky.

SWIFT'S PRODUCE REVIEW

Mixed favorable weather and better road conditions are bringing more eggs to market although receipts have been somewhat restricted by the recent cold weather. There is a decrease in the number of live poultry, with an easier tendency in the market for dressed poultry.

Production of butter is showing an increase, with definitely lower tables during the past few days.

MORGAN'S MEN REUNION TO BE HELD AT LEXINGTON

Country Club Extends Invitation To Members of Troops Command To Be Their Guests

DATE TO BE ANNOUNCED SOON

By the kindness of Dedra Breckinridge, daughter, and Senator C. Will Stull, president, the Lexington Country Club has tendered Morgan's Men the use of their club house near Lexington for their next reunion.

The town will be hailed with pleasure by the "Boys" as it will be near the place of their enlistment in 1861-2, sixty years ago.

H. M. Taylor, secretary of Morgan's Men Association, gives the following:

Sunday's Lexington Herald:

Some 25 years ago members of Morgan's command who fought the Yankees in Kentucky and Ohio, met in reunion and such men as Steve Brannon and Doctor Lewis and Ab Sinclair and Colonel Ed Hoyt and Major Horace Taylor and W. C. P. Breckinridge, the latter governor of Kentucky, gathered at Olympia Springs. There was no badge, there were no medals of honor, there were no parades, there was no sounding of tales at these reunions. The old stories were told and the friendships formed in three days of dossery renewed.

CUPID ASLEEP ON THE JOB

"In the spring a young man's fancy lightly turns to thoughts of love." So runs the poets. Maybe "that's so, but at any rate Dale Cupid is loafing on the job this spring, as but one marriage license has been issued by County Clerk Westfall since spring opened on March 21. From the 23rd day of March until 11th day of April not a license had been issued. Next to the month of June, April has always been the busiest month for issuing licenses. Oh, well, let's blame it on the house shortage and the high cost of living.

MONDAY BRINGS LARGEST CROWD IN MANY MONTHS

Big Crowd In Town Monday, But Trading In The Stock Line Is Dull. ..Business Reported Fair

COMMISSIONER MAKES SALE

As usual, April court day drew a large crowd to town Monday, and merchants in all lines report business as being fair. Trading in the stock market was unusually dull, but the sale conducted by Commissioner Bell, a large number of horses were offered for sale, but few of them were sold, owners refusing to take the low prices offered. A number of mules were offered but found few takers.

The meeting marked the passing of a once popular institution in Carlisle, the old time court day crowd. Ago in years gone by, before the days of the automobile, and means of locomotion, when "Old Dobbin" was the king of the road, court day was a big day in town. The event looked forward to by almost every farmer. On that day owners of stallions were wont to bring in their animals and stand them for service. Only five horses were exhibited in front of the court house on the day mentioned, abolished. In the last two or three years one or two horses have been offered for sale on court house yard.

Master Commissioner H. M. Bramblett conducted an public auction the forenoon of the 3d, selling a number of tracts. The first tract, containing 11.63 acres, was sold to Judge W. O'Connell for $1440 an acre, the second tract, containing 15 acres was purchased by Andy Leland, for $45 per acre, and the third tract, containing 23.25 acres, was sold and 26 poles was purchased by W. H. Pennell for $20 per acre.

HARRISON COUNTY CHILD DROWNS IN ZAR OF WATER

The fifteen months old child of Mr. and Mrs. Lawrence Harvey was drowned in a large tub of water at the home of Sid Cambell, Harrison county, last Tuesday.

The child was playing on the porch while the mother was busy in the kitchen. When she failed to see the child she made a investigation and found the baby, face down in the tub of water. It is supposed it fell headlong into the jar and was strangled to that it was dead when found. The child was about half full of water and the jar was standing on the porch.—Burial took place at Republican church.

The city of Louisville was passed an ordinance levying a tax of $50 per day on each pari-mutuel mach
