THIN FRAIL PEOPLE SHOULD TAKE TANLAC

Hundreds of men and women all over America appear to be physical weaklings simply because their systems are starving for nourishment.

There are hundreds of thin, run-down, nervous men and women all over the United States who should be strong, sturdy and vigorous, with rich, red blood tingling through their veins and the feeling braced to the food they eat by simply taking Tanlac.

Millions of people have not only gained weight and strength but also improved their health and vitality by taking Tanlac.

It is so easy to be disappointed if you think that you are too thin and frail to improve. A few weeks of Tanlac will show you that you are not.
