THE CARLISLE MERCURY.

VOL. LV, CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JANUARY 19, 1922. NUMBER 3

STATE LEAGUE OF WOMEN VOTERS FAVORS PRIMARY

The State League of Women Voters, which is a non-partisan organization, favors the restoration of the Tuff primary election law, with the repeal of the amendment made to it by the last Republican Legislature, by which the Republican Party can nominate a State ticket without submitting the matter to a vote of the members of the party. It is thought the present Democratic Legislature will repeal the following amendment which the Republican Legislature adopted:

"The Governing authorities of both parties shall decide 75 days before the primaries whether the following officers shall be nominated through primary or convention system—Governor, Lieut. Governor, Secretary of State, Attorney General, Auditor of Public Accounts, State Treasurer, Commissioner of Agriculture, of Labor, of Statistics, Supt. of Public Instruction, Clerk of Court of Appeals, and U. S. Senators."—Chapter 62, Page 125, Acts General Assembly of 1920.

The women feel that in the forthcoming of a State convention they would have but little chance to be heard and make their influence felt in the selection of nominees for the various names, hence their desire for the opportunity to make their vote and influence count through a vote cast in the primary.

JANUARY 30 TO FEBRUARY 12 IS HEALTH FORTNIGHT

Health fortnight, from January 30 to February 12, has been proclaimed by Gov. Edwin P. Morrow, and Governor Morrow says recommends that as 60 percent of the illness and 40 percent of the deaths in Kentucky are due to preventable causes, every man, woman and child in the State should consider it their duty to attend the National Health Exposition in Louisville, February 1 to 4. The exposition is to be given under the direction of the United States Public Health Service, the State Board of Health and city and county health boards and during it the United States Public Health Service will hold its national institute in Louisville.

SIMON LUCAS, JR. DEAD

(Vanceburg Sun)

Last Thursday Mrs. Bloomfield got out just on a large washing and it rained and from on the line. During the night the weather turned cold and took two men's shirts, two pillow cases and a sack of underwear. Mrs. Bloomfield will appreciate the return of these things and has offered a reward.

Banish that awful insomnia that worries you every night. Let your sleep be restful and refreshing. Take does it. Dr. Hopkins Drug Co. —Advertisement.

DORMANT SEASON BEST TIME TO PRUNE TREES

Fruit trees may be pruned with safety during any part of the dormant season excepting freezing weather and profusely during the late winter and early spring, according to recommendations being made by fruit farmers by orchard specialists at the College of Agriculture. Young trees planted in fall can be pruned best in the spring.

In order to help farmers of the State with their fruit tree pruning problems, the horticultural department of the college is distributing a circular outlining the principles to be followed. It is No. 92 and may be obtained free by writing the Experiment Station, Lexington.

ARMY RECRUITING RESUMED

Recruiting for the Regular Army has been resumed. The picturesque Army Post at Fort Thomas, Kentucky, has become a mecca for hundreds of young men anxious to get a taste of Army life.

The staff and technical branches are not open for enlistment, but the combatant branches Infantry, Cavalry, and Field Artillery are filling up their vacancies rapidly.

The Cincinnati district for which Fort Thomas is the training center is leading the country in securing recruits. This may be attributed to the popularity of Fort Thomas which post ranks second to none in matters of athletic diversion. Boxing has been resumed at the military reservation and the huge thoroughfare surrounded the beats last season are again enjoying the thrilling sport.

The Headquarters for the local district, which comprises Northern Kentucky, Southern Ohio, and Eastern Indiana is at 418 Post Office Building, Cincinnati, Ohio.

Tanlac is purely vegetable, and is made from the most beneficial roots, barks and herbs known to science. Hopkins Drug Co.—Advertisement.

POUNDING THE EDITOR

Trustee Wilson the past month, Wm. Grote, Editor of the Vanceburg Courier, has been associated with a party who has had in his paper. Mr. Grote has a way of printing things "right from the truth—that does not appeal to some of the knockers around Vanceburg. The last "scrap" occurred on Monday of last week. On this day, Wm. Harkworth, who had been elected auditor of the Bank, went to see his name in the paper in any way, assumed Mr. Grote because the said warning was not heeded by the editor, Harkworth was assaulted and found 150 and costs for the assault. The fine will not be a good, sizable two-handed club and use it over the cranium of the first man that attempts to attack him he will have quite a long way forward stopping the practice.—Augusta Chronicle

REV. A. N. WHITE PROVES HIS MILITARY RECORD

Provo Valley, Ky.
Jan. 16, 1922.

Editor Carlisle Mercury,
Dear Sir—

For as much as a certain party in Carlisle has taken upon himself to cast suspicion on my record as a Confederate soldier; therefore, in justice to myself and for the information of my friends in the community, I submit the publication of this preamble in the Mercury in connection with the enclosed statement from the War Department in Washington, D. C., which speaks for itself and should be regarded as authoritative.

Yours very truly,
A. N. White.

Returning herewith the letter of Rev. Alexander N. White of Provo Valley, Kentucky, who requests his military record as a Confederate soldier, Company D, 42nd Regiment, Mississippi Infantry, and in response to your letter of the 16th inst. in which you request the same be furnished to you, I have the honor to advise you as follows:

The records show Alexander N. White (also shown as A. Newton and A. N. White) private, Company D, 42nd Regiment Mississippi Infantry, C. S. A., (Capt. Edd. W. Locke's Company Volunteers) was enlisted May 14, 1862, at Greenville, Miss., by H. B. Miller, for three years. Rolls for July to October, 1862, show him present on roll for November and December, 1862, for guard duty. Rolls for January to April, 1863, show him present. On roll for May and June, 1863, he is shown as present in hospital in Petersburg; returned to duty in October, 1863, and present. He was discharged November 21, 1863. Absent from December, 1862, shown how "sick in Va." He was admitted to Episcopal Church Hospital, Williamsburg, Va., July 27,——. Complaint chilblains and was transferred August 2, 1863, to Farmville General Hospital, Virginia, and returned to duty August 25, 1863. No later record of him has been found.

It is proper to add, however, that the collection of Confederate records on file in this Department is far from complete, and the failure to find the complete record of any person thereon is by no means conclusive proof that the person whose name does not occur or alleged during some period not covered by the records on file in this Department.

Very respectfully,
F. C. Harris,
The Adjutant General

THEY LIKED LASKA.

Owing to the fondness of the Celtic tribes for the look their descendants, the Welsh, retain it as an emblem of nationality. The race of Ireland was an important magazine and the Anglo-Saxons called their gardens "their onions."

NEWSPAPERS UNSELFISH

(Grant County News.)

Nearly every newspaper in the county has been left will lose money because of the organization of the tobacco growers, because they will not receive the advertising and job printing they would have received had the tobacco been sold in the old way. It is to their everlasting credit that nearly every paper did all it could for the pool.

Westfall
A VAPOR REMEDY
A proven remedy for Catarrh, Asthma, Hay Fever, Tuberculosis and similar troubles.
For terms and testimonials write J.L. West Remedy Co., Mt. Sterling, Ky.

Indigestion
Many persons, otherwise vigorous and healthy, are troubled occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have used that has been something to aid those who suffer from indigestion," writes Mr. Fred Babbit, a Texas farmer, "is Thedford's Black-Draught."

Thedford's
BLACK-DRAUGHT
for indigestion and stomach trouble of any kind. I have used it and found it to be the best medicine I ever took. In a few times I tried pills, which gripped and finally gave the good results. Black-Draught liver tonic is the best medicine I have used to keep, inexpensive, the package thus, your druggist has it.—Adv. for sale by Hostat upon Thedford's—the only genuine.

MERCURY'S 1922 ALMANAC SENT OUT WITH THIS ISSUE

The 1922 Mercury almanac is being sent to our subscribers with this issue of the paper. The almanac proved so popular last year that we decided to again offer it to our patrons. We feel that an almanac of this sort is appreciated throughout the year than would be a calendar.

The Mercury almanac, as will be noted is a great improvement over the almanacs published by patent medicine concerns, instead of recommending "Dr. Jones' Pain Killer" or "Quack's Elixir of Life" The almanac is filled with columns of useful information, besides the calendar, moon and sun changes and other information, usually found in an almanac.

All the advertising found in this publication is of local merchants and we would bespeak for the merchants who have placed their advertisements in this handy little book your patronage. They are a busy, progressive, have made possible the publication of the book.

We will mention a few of the many bargains that may be found in our offering this year:

Chronological cycles, postal information, wedding anniversaries, the language of flowers, calendar of 1922, birthdays, legal holidays, table of weights and measures, rules and pastimes, first aid to the injured, and many other items we make no say here of business laws, simply to call attention to the fact that the almanac is on the table of the need—coming Bells for January to March, are slow him present. On roll for May and June, 1863, he is shown as present in hospital in Petersburg; returned to duty in October, 1863, and present. He was discharged November 21, 1863. Absent from December, 1862, shown how "sick in Va." He was admitted to Episcopal Church Hospital, Williamsburg, Va., July 27,——. Complaint chilblains and was transferred August 2, 1863, to Farmville General Hospital, Virginia, and returned to duty August 25, 1863. No later record of him has been found.

It is proper to add, however, that the collection of Confederate records on file in this Department is far from complete, and the failure to find the complete record of any person thereon is by no means conclusive proof that the person whose name does not occur or alleged during some period not covered by the records on file in this Department.

Very respectfully,
F. C. Harris,
The Adjutant General

A GOOD FRIEND

A good friend stated by you when it comes to curing people ill, is Doan's Kidney Pills. Have stood the test.

John W. Myers, ret. blacksmith, of Tennessee Ave., Carlisle, says: "Doan's eight years ago and again confirms the story. Could you ask for more convincing testimony?

"We are hardly ever without Doan's Kidney Pills in our home," said Mr. Myers. "They are fine. My kidneys were weak and the action was irregular. The secretions contained sediment that looked brick dust. I heard about Doan's Kidney Pills and used them. They did the work and I have had no trouble since." (Statement given January 18, 1912.)

On November 15, 1920 Mr. Myers said: "The statement I gave recommending Doan's Kidney Pills holds good. I use Doan's now and always. When I need a kidney tonic and they always bring the best of results. They tone up my system wherever I use them."

SWIFT'S PRODUCE REVIEW

The increase in the domestic production of butter continues, as noted in our previous reviews, and this increase, plus imports, has resulted in some accumulation of butter on the market, and lower values both in producing and consuming centers. There is still a large supply of storage butter to be marketed.

Poultry receipts have been a little lighter during the week, this is probably due to the fact that some farmers have been held back for eggs.

Receipts hatched in the spring of 1921 are beginning to show up quite freely, and are discriminated against on all markets. Lower prices are being paid, and before long it is expected young receipts of last year's hatch will be cleaned out and old hens alone offered. We are clearing a little lighter on live and dressed fowl on practically all markets.

Egg receipts have shown considerable increase throughout the producing sections, resulting in markets closing on a lower basis, although it may be expected the price of fresh eggs will fluctuate as values are affected by changes in weather conditions.

An unsuccessful attempt was made by burglars to rob the Bank of Bryantsville, in Garrard county, early Sunday morning.

John B. Northcutt, 92 years old, said to be the oldest citizen in Paris, died at St. Joseph's hospital, Lexington, Sunday.

JOSEPH GORDON'S
GREAT SALE!
Remember-- This Sale Lasts only 3 Days more.
ENDING JANUARY 14TH,

Begins Jan. 7th Ends Sat. Jan.14

COMMENT

The anatomical instructor who told a Philadelphia class that all girls are knock-kneed has not seen all the girls—Cynthiana Democrat.

He surely didn't look.

Two white mourners, tried at Cynthiana on a charge of disorderly conduct, were sentenced to jail for two months. Wonder if the minister will feel complimented?

The head of the Federal Prohibition forces says John Barleycorn was struck a "staggering blow" during 1921. To a careful observer it would seem that the blow affected John's faithful followers. Glad to know it was a lick and not "licker" that struck the blow. Saddle sets as many pedestrians these days.

A bill to repeal the present anti-pass law has been introduced in the Kentucky Legislature. We're for that. There was a time when the railroad pass and a common school education was about all the average boy needed to run a country town, super-annually. Since they got to be passes and the Kentucky Kernel, of State University, has gone and given away the fact that most of us are indifferently educated nowadays, we're not so much interested, about all the fun has gone out of the pass. The average boy nowadays has left is the cob pipe and the sat, flirtation of Kentucky's system of a prohibition enforcement officer is harder.

John Williams, 50 years old, was killed, near Winchester, Ky., when he was mortally wounded in a gun duel in Bell county Friday.

At a meeting of the Kentucky Board of Pharmacy at Covington last week, the body went on record as opposed to the granting of drug stores by former saloon keepers and other persons for the purpose of engaging in the sale of whisky.

An attempted jail delivery by fourteen prisoners on the first floor of the Clark county jail was frustrated by Chief of Police James Mullins early last Thursday morning, when one of the prisoners who had been concealed in a water pipe in the jail.

Two additional companies of Kentucky troops were sent to Newport last week to aid in keeping the strife situation at the Newport Rolling Mills, where a strike is now in progress for more than a month. It is said the situation is becoming more acute daily.

In Menifee county last week the home of Richard Cline was destroyed by fire. A little 4 year old girl, who with her sisters, two and three years old, were the only ones in the home. The little girl carried her younger sisters from the burning building to safety.

A bill providing for a bonus of $10 per month for every Kentuckian who was in the world war, for each month he was in camp, and for every twenty-five months, was introduced in the House of Representative at Frankfort last week by S. W. Adams, of Boone county.

Several bills affecting insurance have been offered in the present session of the legislature. Harry J. Myers, representative from Covington, has introduced a bill by which the State of Kentucky would enter the insurance field, selling workmen's compensation insurance.

Written in the beautiful Spencerian hand that was taught in the days of the world's greatest penman, a fare, well said, told of the suicide of N. B. Moore, 64, years old, a farmer of near Falmouth. Moore had been in bad circumstances, but when he went to the world's fair in Chicago in 1893 he won first honors in penmanship. When Moore's three little daughters returned home from school they found their father's body with a shotgun nearby.

SERIES OF SERMONS BY LOCAL METHODIST PASTOR

Rev. Wm. B. Maxwell, pastor of the Carlisle Methodist church, began a series of sermons Sunday which will continue for sixteen weeks. The first sermon was on the subject of "God's Warning."

The majority of the sermons will be on the question of Christ's sec, ond coming. Following is an outline of the sermons to be delivered:

Jan. 22, 11 A. M.—Present Day Giants

Jan. 22, 7 P. M.—Making Men Over

Jan. 29, 11 A. M.—Quarterly meeting. "The Lord's Supper"

Jan. 29, 7 P. M.—Sermon, F. B Jones, P. E.

IS CHRIST COMING BACK?

Feb. 5, 11 A. M.—God's Plan of the Ages

Feb. 5, 7 P. M.—Preparation for His Coming

Feb. 12, 11 A. M.—Ezekiel's Vision of the Wheels

Feb. 12, 7 P. M.—Christ Coming as Reaper

Feb. 19, 11 A. M.—What is the Judgment?

Feb. 19, 7 P. M.—Christ Coming as a Bridegroom

Feb. 26, 11 A. M.—What is the Church of God?

Feb. 26, 7 P. M.—Is Christ's Second Coming a Teaching of the Church?

March 5, 11 A. M.—The Farewell at the Eternal City

March 5, 7 P. M.—Signs of His Coming

March 12, 11 A. M.—What God Requires of us

March 12, 7 P. M.—Christ's Way to Hold a Revival

Rev. Chas. M. Dunaway, General Evangelist, will begin a three weeks revival.

You are cordially invited to hear all of these sermons and come to our revival.

THE MERCURY'S BIRTHDAY

(Cynthiana Democrat.)

The Carlisle Mercury was fifty-five years old last week and doesn't show a gray hair or a toothless tooth. Editor Warren Fisher evidently has discovered the fountain of perpetual youth.

(Owingsville Outlook.)

The Carlisle Mercury, Mark Hoyte old with its last edition. The Mercury is a newspaper that is full of very much love.

"Your son,
"Jim."

NEW TREASURY SAVINGS CERTIFICATES AVAILABLE

The Burley Tobacco Growers' Cooperative Association will ask the State Treasury Department for part of the $10,000,000, in a petition prepared and approved at Lexington last week at a meeting of the board of directors, The petition, which includes the community, hereafter will function in the name of Certificates of Indebtedness through the Fourth Federal Reserve Bank of Cleveland, Ohio, instead of the Eighth Federal Reserve Bank of St. Louis, Missouri. This week will see Northern Kentucky is to be joined with Ohio in the sale of Government Savings Securities, and as the Buckeye state has outdistanced all other states in the sale of these securities every effort will be made first put on sale, during the war, the sales in Kentucky must be materially increased to keep pace with the Ohioans.

The new 1922 Treasury Savings Certificates are in denominations of $100, $200, $500, $1,000 and $5,000, and will be issued in two series, and if the latter series is accepted as soon as expected, will be available for the association in two weeks.

BURLEY MARKETING BODY INCORPORATED IN STATE

Articles of incorporation of the Burley Tobacco Growers Cooperative Association were filed in the county clerk's office at Lexington last week and later a copy was taken to Frankfort for filing with the Secretary of State.

Under the terms of the articles the association is authorized "to buy or handle any tobacco for non-members here and may buy and handle it from and for its members only.

It also may not "do anything with the intent or effect of lessening the production or consumption of tobacco." Shall have the right in this power to prevent speculation in the handling of tobacco and tobacco products and to obtain for its members a fair price for their tobacco and tobacco products in the markets of the world."

Lexington is designated as the principal place of business of the association.

MAY—HAP!

Automobiles and fine clothes are the most successful of modern matrimonial camouflages under the sun. Any kind of a man with an auto, a good suit of clothes, a box of ten cent cigarettes and a package of pepsin gum can easily pass up with any of the "restless" if he so desires. It is no wonder the courts are overwhelmed with divorce suits. Many a matrimonial calamity could be prevented if young ladies were as near independent of silliness as they are of gar, ments.—Nicholasville News

JAMES OGDEN AND FAMILY ARRIVE IN UNITED STATES

Missionaries, Who Left Tibet In September, Were Held At San Francisco On December 30

WILL BE HOME IN FEBRUARY

Mr. and Mrs. A. P. Ogden, of Bald Hill, received a letter from their son, James C. Ogden, written at Los Angeles, California, on January 4, announcing the arrival of Ogden family in the United States on December 30.

Mr. and Mrs. James Ogden, who have been missionaries in Tibet for the past ten or twelve years, left Tibet early in September for Bengalad, where they sailed for the United States. The trip from the interior to the coast was a very hard tedious one, the same modes of travel, Ogden and wife were in two thousand years ago.

Mr. and Mrs. Ogden are both well known in this county. They will arrive here next month to spend several months, and will deliver lectures.

Following is the letter received by Mr. and Mrs. Ogden:

Los Angeles, Jan. 4.

"My dear parents:—

"We arrived here December 30 and should have written you soon, but we have been very busy and excitement, New Year, guests, the, the Christmas, etc.

"We cannot tell you what time we can get home, but we hold those people we must go East by February 15th, and we are hoping to get there by February 1st. We are all well and happy and tonight we are given a big dinner at the First Christian Church in honor of our arrival. I am also to give a lisa in care of Grace at Alamogordo, we may get it. With much love,

NICHOLAS RAISES QUOTA FOR WILSON FOUNDATION

Only One Day Required To Raise Our Apportionment, All May Have Chance To Contribute

OVER $150 SUBSCRIBED HERE

Within twelve hours after the drive had started in Nicholas county for funds for the Woodrow Wilson Foundation, Nicholas county's quota of $150 had been subscribed Monday, morning Chairman A. B. Tilton wired this information to Jas N. Kelser, of Maysville, chairman of the Ninth district.

There were about 200 contributors to the fund in the county, the amount ranging from 25 cents to ten dollars.

The campaign was not in the nature of a drive, but more of a "get-together" affair. The solicitation was labelled here by fifteen members of the Portalegle Book Club, each of whom agreed to raise $10.

The drive will be continued during this week and all persons who want to contribute to the fund in honor of American will be given an opportunity to contribute. County Judge Kenney Allen will receive the funds in office in the court house and will turn them over to headquarters.

Fayette county was the first county in the State to go over the top in the campaign, subscribing $10,000 in one day's campaign.

There is a mistaken impression among many of the citizens of this way in which this money will be used. The Woodrow Wilson Foundation million dollars to be placed in a trust fund, the revenue from which will be paid in prizes each year to the person or persons who have contributed something useful to science, literature or mechanics.

SWIFT'S PRODUCE REVIEW

Further decline in butter market has been the important fact during the week. The decline is primarily due to large increase in domestic production and importations of foreign butter, the latter principally from Siberia, 187 cars farm on the Winchester and "Elmhurst" farms, formerly the home of Robert Estill, Critcher, for $250 an acre, a total of $48,000. Despite the chilly weather, a good sized crowd attended the sale.

WILL OF W. C. MASSIE PROBATED LAST WEEK

With the death of Mr. W. C. (Kim) Massie, at Lexington last week, there passed from the Bourbon County land, completing the "New Forrest" Farm, on the Maysville pike; the Kinnen Stone Farm, on the North Middletown pike, and the Sandusky Farm, on the Jacksonville pike, will vested one-third interest in the late Mr. W. M. Massie, brother of the deceased, and Roger Williams, of Lexington.

Mr. W. C. Massie, who died at Lexington last week, is said to have been the largest kept a dry goods store in the corner of the building. Owing to the many applications in hogs driven to the Virginia market, he failed in business in 1893-1895 and he and his wife, moved to Missouri, where they lived for a time. Both daughters died there, married Charles Wakefield. Mr. Waight's eldest son, married Miss Sarah Farmer Piper, St. They had nine children, five of whom are living. Harrison Waugh, another son of Samuel, M. Waugh, married Miss Lucy Jarvis Mallory and Thomas Waugh, married Miss Lucy Jarvis Mallory and Thomas Waugh, another son of Samuel, M.
