RELIEF ASSOCIATION NOTE

The committee of the Church Relief Association request that all needy and destitute cases in town or county be reported that they can be investigated and assistance given as far as possible. The Chapter room in the Masonic building will be open Tuesdays and Fridays from 10 a. m. to 4 p. m. for relief work, only. Donations are solicited for this work. Clothing in usable condition or to be remade for children of all ages is especially desirable. Money and any kind of food is most acceptable. Contributions of money may be sent to H. M. Taylor, president of the association, or to the pastors of any of the various churches.

Other assistance will be received at any time at the office of Mathers, Potts & Co., or may be sent to the committee in charge at the specified place on days of meetings.

Anyone desiring especially to have part in providing food at the proxy lunch for undernourished children will perform an acceptable service during boiler make for strength mentality and higher morality. Undernourished children are poor students and make poor citizens, and eventually, often, paupers to be nursed or pitied, according to the judge. These children at our doors are our future law makers, or breakers, according to what they receive now.

Fourteen women registered at the Red Cross work room in the Masonic building Tuesday for relief work under the auspices of the Relief Association. With interest taken in this and liberal assistance other wise, the poor in need of clothing will soon be supplied, we trust, and helped otherwise through the cold weather.

Tobacco Poolers

Be very careful in stripping your tobacco, keeping each grade to itself, both in regard to color, length and texture for on the grading depends. to a very great extent, the price.

Be sure that you have each grade on separate sticks. Don't mix the grade on the stick, as the tobacco will not "stick graded" and the lowest grade on the stick will govern the grade.

The same thing applies to the hand. Do not mix grades in the hand.

Do not hang your sticks too full. Estimate to twenty hands keeps your tobacco straight when you tulk it.

When you get through stripping a crop you are ready to deliver and not before.

The whole crop must be delivered the same day, or all of each grade. That is, if you cannot haul all of your crop, you must deliver all of each grade when you start delivery.

There are always two "grades" in each grade, for instance: "Trash 1st and 2nd." Leaf, lugs and and all grades have first and second, so keep them separate.

R. M. BARKER
Director of Warehouses

TOBACCO POOLERS!

The Carlisle, warehouses will open to receive tobacco Monday, January 30th. In the meantime, beginning Saturday of this week January 21st, we will register crops and assign delivery dates, Either call at the main office at Farmers No. 1 in person or call telephone, No. 91 and place and date will be given you. You may deliver at any warehouse you prefer so all are accomodated alike. No tobacco will be unloaded until the morning of the 30th but can any be received in the sheds before that duty except at the owners risk.
