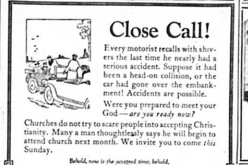
IN THOUSANDS of churches every Sunday young men and women instruct the youth of the community in religious principles. No other institution in this town is making a business of teaching truth, honesty and square dealing.

Are Your Children in Sunday School?

There is no charge for religious instruction in any church in this community. Sacrificing teachers are ready to serve you and your family. Bring your children. Study the Bible systematically. It is the most popular book in the world.

Our preaching services will interest you also.



Close Call!

Every motorist recalls with shivers the last time he nearly had a serious accident. Suppose it had been a head-on collision, or the car had gone over the embankment! Accidents are possible.

Were you prepared to meet your God—*are you ready now?*

Churches do not try to scare people into accepting Christianity. Many a man thoughtlessly says he will begin to attend church next month. We invite you to come *this* Sunday.

Behold, now is the accepted time; behold, now is the day of salvation.

Ancient Vanity Boxes.

Greek and Roman ladies affected small cosmetic boxes, like a metal pin box, in which were kept the paints and powders which were the fad of the fair sex. Sometimes they were carried in a small bag, or reticule, as we would call it now, and were sometimes actually included within the writing tablet or tablet contents.

EXECUTOR'S NOTICE

Gilby D. Myers, Executor

Hagerty's "Marriage a la Mode."

"Marriage a la Mode," a series of six paintings by William Hogarth (1697-1764), were acquired in 1824 by the National Gallery in London. The paintings depict, with rare satire, a variety of occurrences in the high life of the time. They are generally considered to be the artist's masterpiece.

Fiats About Hydrophobia.

Many people have an idea that dogs only go mad during the so-called "dog days." As a matter of fact, the disease that drives dogs mad—hydrophobia or rabies—can be contracted at any time from a rabid animal and is scarcely more prevalent at one season than at another.

Altogether Too Funny.

Jud Tunkins says he knows a man so particular about grammar that he'll sit and criticize the literary style of a proposal note instead of handing it around and trying to pay it.

No Feathers on Birds.

Young birds of some species possess no plumage at all in the nesting stage—not even a trace of down, says the American Forestry Magazine. This is well seen in the young of the herring of certain islands of the East Indies.

Headed Seal.

The headed seal for many years was hunted along the Atlantic coast for its oil, and fishermen hesitated it shot tears when surprised and caught, and had a large mythological bone that could be quickly thrown out to cover and protect the head.

They'll Rig 'Em Up.

WHY not conduct a "mileage contest"—to prove to your own satisfaction that Lancaster Tires actually do last longer. Buy a Lancaster Tire and put it on a rear wheel—where the wear is greatest. Check your speedometer reading—and watch results. You'll find that this sturdy, oversize tire will give its three running mates, of whatever make, a real race for their money. Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds ," declares Mrs. Annie Whitmore, of Cate City, Va. "It is easy to take and does not gripe, in a lot of use. Acts do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Thedford's BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Thedford's.

CHAUTAUQUA ORATOR SELECTS VITAL TOPIC

Dr. Huber W. Hurt to Speak on "The New Industrial Day."

Well-Known Lecturer Will Set Forth Practical Principles of Individual and Collective Living.

"The New Industrial Day" will be the subject of a challenging lecture to be given at the coming Redpath Chautauqua by Dr. Huber W. Hurt, scholar, writer and orator.

This is a lecture which sets forth powerfully and convincingly practical principles of individual and collective living.

For twenty years Doctor Hurt has been speaking to audiences in this country and abroad. He will be one of the headline lecturers of the Chautauqua.

DR. HUBER W. HURT

Doctor Hurt is a true orator. A thorough master of his subject, he weaves the ideas about forth vivid and real to his hearers.

During the war he was chief of the Educational Division of the Foreign Press Bureau of the Committee on Public Information.

Cramer-Kurz Trio at Chautauqua

The Cramer-Kurz Trio, three gifted entertainers—a soprano, a character interpreter and a pianist—will give a delightful program at the coming Redpath Chautauqua here. Possessed of rare ability and striking personality, their entertainment offerings are always hailed with delight.

Chautauqua Lecturer to Tell Women How to Dress Well Inexpensively

EVELYN HANSEN

"Well-dressed on a Moderate Income" is the subject of a distinctly unusual lecture-demonstration to be given at the coming Redpath Chautauqua by Evelyn Hansen, who comes to the Chautauqua field direct from the Extension Department of the Art Institute of Chicago.

Using women of different types as models, Miss Hansen points out the lines and style of dress and the color combinations that are suitable to the daintily type of woman, the majestic type, the blond, the brunette and many other types. Miss Hansen calls it the art or science of type-dressing, and she approaches the subject from the various viewpoints of beauty, utility and economy.

During the past year under the auspices of the Art Institute of Chicago, Miss Hansen has talked to fully 90,000 people in clubs, schools, chambers of commerce and mdemonstrating classes. Miss Hansen comes to the Chautauqua with the most practical and unique of the entire Chautauqua program.

Hail Destroys Millions of Dollars of Tobacco

The loss of tobacco by hail in this and other tobacco states within the last few years has **May Get Yours Any Day** been in the millions of dollars, with only a small part covered by insurance. Yet, the amount of insurance received by growers who had the foresight then to protect themselves against such loss, was enormous and should make every grower not only feel the necessity of insuring his tobacco crop against hail storms now but to do that very thing and do it at once.

What Dr. Halley Says: Dr. Charles H. Halley, of the Burley Tobacco Growers Co-operative Association, upon congratulating an insurance company on insuring its crops on tobacco hail insurance, said, "Within the period that I have had hail insurance I have had four severe losses. The money I received exceeded considerably what I paid in, to say nothing of my peace of mind that I had protected myself against loss. I am glad to see the insurance carried hail insurance on tobacco, without which every grower takes a chance to lose all. With it he can, in safety, go into the business of producing a crop which requires, as does tobacco, so much labor, time and money.

Now that the Burley Growers have gone into an organization to handle their business in a modern, economic business-like way, I am glad to see that all growers can not take out insurance on the reduced rates the association has secured. Don't wait for a hail storm to destroy your crop, but get busy and let him insure against the loss of your tobacco. Policies effective July 10th, noon.
