Mr. L. Walkowett, of Winchester, has re-elected president of the Kentucky Burley Association at the meeting of the organization in Louisville last week.

Kentucky's five burley barn cost the State $21,967,315 in the last five years, according to figures compiled by the actuarial bureau at Louisville.

ANOTHER BIG SALE OF POOLED LEAF RUMORED

Lexington, Ky., Feb. 24.—Rumors of additional sales of huge amounts of tobacco by the Burley Tobacco Growers' Cooperative Association, in circulation in the tobacco district and downtown today were not confirmed at the offices of the Association, as President James C. Stone adheres to his position taken in a statement a few days ago that only members of the Association are entitled to this information.

President Stone said that the Association is selling tobacco "about every day," but would not discuss rumors as to amounts nor purchasers.

One of the rumors was to the effect that all holdings had been sold. Mr. Stone said this report was erroneous.

Director of Warehouses Ralph M. Barker will speak at Manchester, Ohio, next Tuesday, which is to be made a "tobacco growers day," with an all-day meeting beginning at 10 o'clock in the morning. Director Barker is announced to speak on the subject, "How To Get the Most for Your Tobacco."

Fifteen more contracts, signed by growers who sold their 1921 crop over loose leaf floors but want to join the Association for the next five years, were received by Chief of the Field Service Division, Joseph Passonneau today.

PARIS ATHLETES GREETED BY PRESIDENT HARDING

Messrs. Robt. Lavin, Basil Hayden and A. T. Kerr were weekend guests of Lost parents, Mr. and Mrs. M. J. Lavin, Mr. and Mrs. J. W. Hayden and Mr. and Mrs. A. T. Kerr, all of Paris. The Young men are members of the All South-Central Basket Ball Team and have returned from a tour of Eastern colleges, where they played several basketball games. While visiting Washington, D. C., they were introduced by Senator C. O. Stanley to President Warren G. Harding. Since returning their teams defeated the great Centre College team by a score of 49 to 23 which makes them the State Champions for 1922. They leave next week for Atlanta, Ga., where they play in the Southern Tournament. —Paris Kentuckian-Citizen.

A CARLISLE INTERVIEW

Mrs. Cramp Tells Her 'Experience.

The following brief account of an interview with a Carlisle woman, eight years ago, and its sequel, will be read with keen interest by its citizens.

Mrs. W. T. Cramp, Dorsey Ave., Carlisle, says: "I certainly recommend Doan's Kidney Pills for they did me a great deal of good. They should always be used in a case where kidney trouble. I was nervous and dizzy, my head ached and I had backaches and my kidneys were out of order. At night I was restless and mornings I felt tired out. This continued until I heard of Doan's Kidney Pills and used some. One dose made me strong and well. Statement given January 18, 1912."

On November 15, 1920 Mrs. Cramp said: "Doan's Kidney Pills cured me of a severe attack of kidney trouble many years ago. I can tell on grateful that I gave a public recommendation in 1912. I am only too pleased to show my gratitude for Doan's by giving them another endorsement."

CONFUSE "EDUCATION" AND "INFORMATION"

The president of the American Educational Association, Dr. Charles Aubrey Eaton, says we daily continually confuse "education" with "information," and that even so eminent a man as Mr. Edison does not make the distinction, as shown in "that fearful list of questions." Dr. Eaton believes the major educational problem of the day is not teaching, but distributing unlimited facts, but inculcating a knowledge of values, and so being able to realize responsibilities as citizens.

"Encyclopedias were invented to hold information of facts," he says. "Instead of which Dr. Eaton declares, 'Education should be so carried out that it will fit the student for the conditions and environment in which he will live. Give me supreme organ of civilization at present, industry. Industry could fit men for leadership in industrial fields."

VOL. LV. NUMBER 10

STATE BRIEFS

The city commissioners of Cynthiana have outlined plans to pave four blocks of street in that place this year.

The date for the fourth annual convention of the Kentucky Association of Kentucky has been changed from March 22 and 23 until April 5 and 6.

At Maysville Saturday night, Miss Addie Crowell, a nurse, took a dose of poison, from the effects of which she died. She was out of work and despondent.

Thieves entered a building in the of John C. Hallowell's residence at North Middletown last Friday night and stole a complete lighting system.

In a family quarrel at Newsoft Saturday night, Ernest Small was shot in the hip by Sanford Lee, Edward Fraley. Both men live in Bourbon.

John T. Rouch, sheriff of Grant county, was shot and killed in his office in Carlisle and it is very probable that only one house in that county will be wired up for electricity. As there are no deliveries to be made after March 15th, the lineman will be sent to other points to deliver at this point. Falmouth Democrat.

Charles Carter, a 5th year student at Bloom county, Ohio, was expelled from the high school there for the best known municipals in the State, died at a hospital at Owensboro last Wednesday night.

Mrs. Maggie Burton McDowell, 28 years old, died at her home in Georgetown last Thursday as a result of burns received Feb. 16, before when her clothing caught fire from an open grate.

While driving to his home in Harrod-burg from Lexington in a new Ford car, Mr. Shawhan and his house, Shawhan and wife were seriously injured in the accident.

A movement has been launched at Lexington by organize a new bank, to be known as the Kirst Joint Stock Land Bank of Lexington. The bank will have a capital of $60,000, with a paid in surplus of $30,000. It will be made to farmers with limits as mentioned in the bill.

BOARD OF EQUALIZATION WILL MEET NEXT MONDAY

The Nicholas county board of equalization, composed of Elva Fisk, Ign. T. Hildreth, R. E. Trimble, Henry Fanning and Forrest Bedwell, will meet at the court house next Monday, March 13, for the purpose of hearing the appeals of the assessor and levying an additional $100,000 on the taxable property of the state, as authorized by the State Tax Commission.

The combined assessment from here appraised at $11,000,000 and is also asking for a reduction, they were unsuccessful. The assessment to will bring the assessment up to about what it should be.

NO-EMBLEM BILL PASSED OVER GOVERNOR'S VETO

COST OF HANDLING POOL LEAF HERE 18c HUNDRED

Farmers Have Paid Less Than Third Under Co-operative Plan Than They Did Last Year

3,342,350 POUNDS DELIVERED

The Carlisle Warehouse have received up to the week ending March 4th, 3,342,350 pounds of this basis on which has been made an advance payment of $142,950.75. This tobacco was handled at a cost of 18 cents per hundred. It is very readily to see that the cooperative plan of marketing is the cheaper for the grower when it is remembered that, under the old plan, the charges for handling alone was 25 cents per hundred, and the grower has marketed his tobacco at a cost of 18c, a saving of just a little less than one-third of what he paid last year.

This week will likely see the end of the pool in Carlisle and it is very probable that only one house will be open to wind up the business. As there are no deliveries to be made after March 15th, the lineman will be sent to other points to deliver at this point. Falmouth Democrat.

CONGRESSMAN W. J. FIELDS LIKELY TO BE UNOPPOSED

Will S. Kallenbacher, political writer for the Louisville Herald, in his column, "What's Doing Around the Capitol," says of our congressman, Hon. W. J. Fields:

"As the time draws near to the primary the indications are that Congressman Fields will be unopposed for renomination. He has been in the Ninth District. For a number of years and has made certain and lasting friends on the congressional floor. It is believed that Mr. Fields has strength in his district to defeat any one who might be entered against him, should he certainly difficult for any opponent to make a campaign against him. There are primary contest on the Democratic ticket in the Fifth District, but the Congressman Fields at this time.

GIRL HAS NARROW ESCAPE AS HORSE RUNS AWAY

At Sharpsburg last Thursday, a horse ridden by Miss Mary J. Fife, a Sharpsburg girl of daughter of Mr. and Mrs. Walley Sharp, ran away and threw the young lady to the drive fence. The horse started in a run from the home of Mr. Sharp in town and ran a distance of two miles, when it came to the home of the Owingsville and Donaldson road, where it was caught by a man who was in the road ran into a wire fence and threw the young lady over the fence. The child's clothing was torn to the top wire and she was hanging when found. A crowd passed the runaway on the road, but did not catch up. With the exception of a nervous shock, the child was not injured.

BALANCE OF BURLEY DEBT WILL BE PAID THIS WEEK

The encouraged financial condition of the Burley Tobacco Growers Cooperative Association is attested by the fact that the four Nicholas county banks received between $2,000,000 and $3,000,000 from the Lexington, authorizing them to pay to the growers the amount of the notes held against their tobacco. The banks are now holding notes against the association in the amount similar to that.

This loan was for approximately $3,000,000, and was made on February 1, in order to enable the Burley Association to make temporary advances to growers on their crops. The loan was borrowed for a period of ninety days. It is a highly favorable sign that half of the loan was met in less than a month.

Announcement was made last Saturday that the remainder of the money had been paid in this week. This is a more indication of the growing success of the organization. It has also been announced that the association will also likely pay off the ten million dollars borrowed from the War Finance Corporation.

The payments of the notes were derived from the sales of the sixty million pounds of tobacco sold so far, which brought in between $30,000,000 and $40,000,000.

While it is a little too early to speculate upon when the growers will receive their final settlement for their crop, it seems reasonable to assume that this settlement will be made early in March. The Nicholas county banks had approximately $56,000 loaned to the association and this money paid back to them will go far in relieving the financial depression in the county.

Amos Fugate, murderer and escaped convict, upon whose head a yards aggregating $1,500 were said to cost, was killed by a posse on Lost Creek, near Hazard, last week.

TWO CENTS GJT MADE ON ELECTRIC LIGHT CURRENT

Price of Current To Consumers Reduced From Fifteen To Thirteen Cents Per Kilowatt Hour

TAX LEVY IS FIXED AT $1.00

At the regular monthly meeting of the city council Monday night, voluntary agreement of the Carlisle Electric Light and Power Company to reduce the price of current to consumers from fifteen to thirteen cents per kilowatt hour was accepted. The council refused, however, to allow the company to charge an additional 25 per year on the street lights. The new rate was made effective March 1.

A delegation of operators of the local cream stations was before the council, asking that the tax levy for the year be revoked. The request was not granted and no report was made.

An order was made exempting A. A. Hewson from the payment of the city tax.

City Clerk B. C. Vaught reported between collected during the month of February to the amount of $472. W. H. Fey and Thomas reported fines collected during the month of February to the amount of $25.

W. H. Fey reported a balance on hand in the water works fund on March 1 of $606.25, and a balance on hand in the water works sinking fund, $41.61. $8,500 of the $10,000 bond issue for the water work has been sold.

The city treasurer reported a balance on hand in the general fund of $1,219.56.

The fire committee reported that a four-inch hose has been ordered for the fire department to be used in connection with the hydrants in the North District. For a number of years the fire department has had considerable difficulty with fire hose bursting when the water pressure was turned on.

The tax levy for 1922 is the same as 1921 with the exception of the addition of the $10,000 bond issue for the water works sinking fund.

FLEMINGSBURG AND SARTOS TO REPRESENT DISTRICT

The Flemingsburg high school boys and the Sardis high school girls were victorious in the sectional basketball tournament held at the twelfth district, played at Flemingsburg last Friday night. The Flemingsburg boys defeated Ewing 55 to 10, the score, Sardis girls defeated the local quintet 27 to 12 in final game.

Both goal against Flemingsburg girls by a score of 7 to 6 in the final game. Sartos will represent this district in the State Tournament at Lexington next Friday and Saturday of this week.

SWIFT'S PRODUCE REVIEW

Continued heavy receipts of fresh eggs, with the near approach of full spring production, have continued to lower markets the latter part of the week.

Live poultry receipts have been generally lighter, and higher prices are being paid in producing and consuming centers.

Receipts of butter have been lighter, due to storms and delayed transportation, causing slightly high-

DR. A. L. SHELTON SLAIN BY CHINESE BRIGANDS

Medical Missionary In Tibet Falls Victim To Robbers While Braving Perils Second Time

WAS COMRADE OF JAS. OGDEN

St. Louis, Mo., March 4.—Rev. Dr. Albert Leroy Shelton, medical missionary of the Disciples of Christ (Christian church) who was the first Christian missionary to be permitted to enter Tibet, and who was kidnaped and held by Chinese brigands for two years ago, has been murdered by the Chinese robbers, on February 17 last, it was announced here today.

The announcement was made by the United Christian Missionary Society, which received a cablegram from Rev. Dr. W. H. Hudson, in Kiang-Su, China, who is a medical missionary. Dr. Shelton was "the Hidden killed Shelton near Batang, on February 17. Notify Kriang."

The girls referred to are Dr. Shelton's daughters, Dorothy, 11, and Doris, 10, who are attending school in Pomona, California.

Dr. Shelton's second visit was at Batang, near Tibet, and Dr. Hudson's cablegram was the result of the nearest telegraph station. It is believed that the robbers are responsible for the delay in news of the murder.

Dr. Shelton had been upon his missionaries, Dr. Walter Ogden, who was killed by bandits while on a hospital at L'Hsien. He had been carried a wounded woman to the Dalai Lama, the supreme power of the Buddhists in the province, to establish the hospital, in recognition of his work among Tibetan soldiers. The last word received from Dr. Shelton was when he was 15 days east of Batang, which he said he expected to reach February 20. The enemy of the missionary society was the Tibetan Bolsevik who assaulted him.

Batang is a 25 day trip by caravan from Batang, and it is not thought possible that the message of February 17 was sufficient to permit him to organize the caravan successfully, it is believed he was killed while on the trip.

Dr. Shelton was an associate of James C. Ogden, of this city, who was killed by bandits. In letters to his parents and other relatives, the work of Dr. Shelton has been published in The Mercury from time to time. He was also frequently referred to Dr. Shelton and his work.

Mr. and Mrs. Ogden arrived in the United States from Tibet for a short about the first of the year. They are expected to return about the first of April.

OLD PAIN BRIDGE IS SAFE FOR BIG TRUCK

Paris, Ky., March 4.—The old bridge on lower Main street, near the Bourbon county side of Stoner creek, and which was built over a hundred years ago, is said to be beautiful. Several persons residing in east Paris have been in the habit of crossing the bridge at a late hour at night driving a heavily loaded truck, and the slight figure fitting about in the bridge gave way. Saturday afternoon the end of the bridge is reached. A negro who was hanged in the jail yard Saturday morning for the first of him when it disappeared. Some time later a man and a boy, a Negro who was hanged in the jail yard Saturday morning for the first protesting his innocence. The there found a way to cross the creek safely. The number of young men who scoff at the idea of getting prepared to hold an all night vigil in the bridge soon to test out the theory.

BETTER PRICES SEEN FOR POOLED TOBACCO

Shortcut Crop Since 1908 Indicated In Reports, Which Explains Make' Remainder Sell High

CONTRACTS TO BE ENFORCED

With the shortest crop in the burley district since 1908, the year of the extent, growers of tobacco who have signed their crops to the cooperative marketing plan of the Burley Tobacco Growers Co.-operative Association are expecting better prices for tobacco than those now prevailing or those which have been paid growers who did not join the association, Director of Warehouses Ralph M. Barker asserted last week.

Mr. Barker said that the crop is extremely short compared with that of last year. Sales of the association to date, he has stated, have brought a high price with the result that the deliveries from day to day are now being taken off the hands of the association rapidly enough to permit the reception of fresh tobacco every day.

A rumor was in circulation at the state house to the effect that about sixty million pounds of tobacco had been disposed of. The report was neither confirmed nor denied by officials of the association, however.

It is believed that all of the tobacco signed in the association with the exception of green, will be disposed of in winter order. As offers have been made three or four grades of green, as it is but difficult to believe it will bring three or four cents more on the pound if it is held over.

Chief of the Field Service Division, Joseph Passonneau has announced that prosecution of signers of contracts who have violated their will be instituted within the next few days. Suits will be brought against members who have sold their crops over delivered floors.

MANY POUNDS FOOD GIVES To Church Relief Association in "Pounding Days" For Four

The call was made by the Church Relief Association through this paper for pounds of food, was responded to in most kindly. The school children also made contributions which will support portion, about two hundred packages being received from this source.

This is not only a material help to the association in their work, but Mr. Young and his assistant teachers, Mrs. Clifton Fisher, Mrs. Ben Allen and Mrs. Prewett express appreciation for the splendid co-operation shown them by the children. Mrs. Andrew Smathers.

The latter part of the article in last week's issue, correcting the impression that chairs sent to the county infirmary had been purchased by the Relief Association, should have read: "The organizations represented the various churches in our community and in endeavoring to practice the teachings of Christianity, and at all times endeavoring to co-operate with each other in the benevolences."

WEED SALES THOUGHT CLOSE TO 60,000 POUNDS

First statements made by Ralph M. Barker, director of warehouses of the Burley Tobacco Growers' Co-Operative Association, as an address to the tobacco growers of Carlisle, Ellis, at Manchester, Ohio, Tuesday, It is believed that the sales of the association will total close to sixty million pounds. This is nothing like the amount believed to be prices. It is believed that the association has signed 75 per cent of the tobacco which was stuck to the season, which will be from 25 to 30 per cent higher than that paid to growers who have signed up out of the association and marketed their crops elsewhere.

Mr. Barker is said to have told the growers that he expected to reach probably the amounts sold to the various companies and the amount for which each grade sold, with the result that after the association has received all members of the county will be joined it.

Dr. R. H. Crossfield, former professor of Transylvania University, Lexington, has accepted the presidency of William Woods College, Fulton, Mo.
