

HARRET and the PIPER

By KATHLEEN NORRIS

"A TERRIBLE BLOW!"

It was a terrible blow to Harret when she learned that her father had died. She had been so happy when she had seen him again after so long a separation. She had thought that she would never see him again, but now she was to lose him forever.

"What a terrible blow!" she cried, "I had just seen him again after so long a separation. I had thought that I would never see him again, but now I am to lose him forever."

WOMEN OF MIDDLE AGE

A Trying Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Experiences Have Been Recorded

It is a trying period through which every woman must pass. It is a time when the body is undergoing a great change, and the mind is also affected. It is a time when the woman must learn to control her emotions and to find peace within herself.

The first thing that a woman should do is to take care of her body. She should eat a healthy diet and get plenty of exercise. She should also get enough sleep and avoid stress.

Next, she should take care of her mind. She should read and think about things that interest her. She should also try to find a hobby or a new activity to do.

Finally, she should take care of her emotions. She should learn to control her anger and her sadness. She should also try to find a way to express her feelings.

GENUINE Bayer Aspirin

WARNING! Say "Bayer" when you buy Aspirin.

Unless you see the name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians over 22 years and proved safe by millions for:

Headache
Rheumatism
Nervousness
Nausea
Earache

Accept only "Bayer" packages which contain proper directions.

There is a great deal of talk about the health of women. It is important for women to take care of their health and to know what to do when they are sick.

One of the best things that a woman can do is to take care of her diet. She should eat a healthy diet and avoid junk food. She should also get plenty of exercise and get enough sleep.

Another thing that a woman should do is to take care of her emotions. She should learn to control her anger and her sadness. She should also try to find a way to express her feelings.

When Etiquette Was Rigid

It was a time when women were expected to be perfect. They were expected to be graceful and to have a certain way of speaking and acting.

But now, women are more free. They are more independent and more confident. They are no longer bound by the strict rules of etiquette.

It is a good thing that women are more free. They are able to express themselves and to live their lives as they see fit.

She Discovered It, Too

After 10 years of hit or miss baking with some of the best brands of powder, I discovered that the better taste sometimes found in hot breads was caused from a cheaper grade of powder. I am now an avid booster for Royal Baking Powder.
