The Turco-Arab conference between Fevzi and Chakir to settle the old boundary question between the territory of Assir opened at Washington.

The house at Washington approved a senate amendment to the post office appropriation bill providing $1,000,000 for operation of the New York-San Francisco air mail service during the coming fiscal year.

An appropriation of $500,000 to enable Attorney General Daugherty to contract a vigorous campaign of prosecution of war contract frauds was reported favorably by the house at Washington.

Immediate appropriation by congress of $5,000,000 for the repair of Mississippi river levees, recently damaged by floods, is proposed in a bill introduced at Washington by Representative Shaw (Rep., Ill.).

A survey by the Department of Commerce in 34 states during April revealed unemployment is on the wane and industry and business on the upward trend, Secretary Hoover announced at Washington.

A resolution urging congress to amend the Volstead law to permit the sale of beer and light wines was adopted at Grand Rapids, Mich., at an annual convention of the American Federation of Musicians.

President Harding at Washington nominated Gov. Robert A. Cooper of South Carolina to fill the vacancy in the federal trade board made vacant by the resignation of former Congressman Parker.

Domestic

Three persons were injured, none seriously, when a Big Four train skipped a switch near Warsaw, Ind. The engine, the baggage car and a day coach were overturned.

Frightened when Carl Young, a neighbor, threatened his life and then fired a shot at him, Mrs. Alfred Boden, sixty-eight, collapsed and died of heart failure at Logansport, Ind.

A silver gray fox which has haunted a section of the business district at St. Louis in the early hours of the morning for the past few months is dead, the victim of a rifle shot.

Two men were reported killed and many injured when an explosive tank exploded on the steamship Julia Luckenbach while the vessel was at her pier at Jersey City, N. J.

George W. Hughes, chairman of the Big Four Trail association and director of the Ocean-to-Ocean highway, is dead at his home at Paris, Ill., of heart disease.

The degree of doctor of laws will be conferred upon Herbert Hoover when he goes to Princeton university as the guest of honor during the commencement exercises, it was announced.

A dispatch from Victoria says that the Canadian Pacific line has purchased from the government of Japan the steamship Empress of Japan for the sum of $1,250,000.

With two feet of water following a terrific rain, hail and thunder storm, western Kansas has experienced one of the worst blizzards of the month of May, Thermometers registered 40 degrees.

Mrs. Howard B. Lee was granted a divorce from her husband after a hearing at Trenton, New Jersey, in which she said her father, Henry B. Joy, multi-millionaire motor manufacturer, were the only witnesses.

A Boston (Tex.) dispatch says more than 2,000,000 acres of crops have been destroyed by flood waters from the Kennedy, Trinity, Angelina, Neches and Sabine rivers and approximately 25,000 persons have been forced to abandon their homes.

Mrs. Anne E. (Fay) Sullivan, taking the stand at Pontiac, Mich., in her defense to the charge of the divorce suit instituted by James Sullivan, New York banker, denied that she had misrepresented herself with Fred Everiss, Detroit sportsman.

Threats to lynch Chicago and its "hung-off" Chief of Police Fitzmorris and others connected with the killing of labor leaders at the "lynching of the governor" labor battle Chicago style ever seen," were exhibited in a letter received by Attorney Arthur Meeks Healey and McLaughlin.

New York customs officials raided the freighter Lake Gilbert and declared with a quantity of "packed" liquor. However, are alleged to have contained whisky.

RESULTS FROM GROUND CORN

Difference in Expense is More Than Made Up in Larger Production of Milk.

Ground corn will produce better results when fed to dairy cows than will the whole grain, and the difference between the two will more than pay for the grinding, says a dairy cow is worth 50 cents per bushel when used in this way and the difference in cost of feeding is grinding.

Make Clean Pruning Cuts.

Be sure all cuts made in pruning trees or shrubs are clean, smooth cuts. They will heal easier.

Straina for Goat Yields.

Be sure that you have great strains of lettuce, celery or cabbage if you want the best yields of harvest time.

Development of Sweet Pea.

Rich soil and plenty of room are needed for the best development of the sweet pea.

Cabbage Worms.

Cabbage worms are best controlled by dusting the plants with powdered arsenate of lead at the rate of one pound to 50 gallons of water.

Value of Cover Crops.

Cover crops are valuable in that they add humus to the soil, prevent leaching of plant foods and add nitrogen when a legume is used.

Cultivation of Corn.

Cultivate corn shallow when roots are young and deep when they are older. Deep cultivation when young destroys many roots.

Value of Sweet Clover.

Sweet clover is valuable for pasture, hay, green manure and for soil improvement. It is a biennial and a heavy feeder.

Feeding Young Pigs.

Young pigs should be fed regularly and should have all they will eat of a balanced ration. Skim milk is a valuable feed for young pigs.

Value of Alfalfa.

Alfalfa is a valuable crop because it is a heavy yielder, is a nitrogen gatherer and is a valuable feed for all kinds of stock.

Value of Sweet Clover.

Sweet clover is a valuable crop because it is a heavy yielder, is a nitrogen gatherer and is a valuable feed for all kinds of stock
