Sturdy Chicks
The first six weeks of a baby chick's life are the most critical. A grown bird will manage to exist on poor feed, but a chick must have the best if it is going to live and develop.

THE GOLDEN RULE ON PARTY LINES

There is no better place to practice the Golden Rule than in the use of party lines. The best plan to follow is to put yourself in the place of the other user of the line and govern yourself accordingly. No matter whether you called or were to the phone you must not use the party line more than FIVE minutes at a time. As soon as your time is up you should say, 'I believe our five minutes are up. I'll call you later.'
