We are authorized to announce
DR. C. W. MATHERS
as a candidate for the Democratic nomination for Representative from the 70th Legislative district, composed of Nicholas and Robertson counties, subject to the action of the Democratic party at the primary to be held Saturday, August 4, 1923.

FOR THE CHILDREN'S SAKE!

Theodore Roosevelt was a weak and sickly child. Through physical exercise he overcame the handicap of a weak body and developed into a robust man. Does anyone believe for a moment that it would have been possible for his wonderful mind to have developed its strength and brilliance, if he had been denied the opportunity to make sound his body through physical training?

The Mercury believes, and it is a sincere belief, that the man or woman who votes to prevent the school children of Carlisle from receiving the physical benefits that gymnasium training would bring them are placing on some child, perhaps more than one, a handicap which may blight that child's life.

Money is a pitifully little thing as compared to good citizenship. Education makes for good citizenship, and education can not be complete unless bodies as well as minds are made sound. A vote for the school bonds is a vote for improved citizenship; a vote for the school bonds is a vote for your child or your neighbor's child.
