The GOLDEN RULE On PARTY LINES

There is no better place to practise the Golden Rule than in the use of party lines.

The best plan to follow is to put yourself in the place of the other user of the line and govern yourself accordingly.

No matter whether you called or were to the phone you must not use the party line more than FIVE minutes at a time. As soon as your time is up you should say, "I believe our five minutes are up. I'll call you later."

PROFITS DROP IF PIGS

Failure to give pigs a good start just after weaning is a profit-losing practice, according to the swine management specialist of the College of Agriculture.
