TOBACCO FERTILIZER

The time to set out tobacco will soon be here. Have you ever stopped to think how little it costs per acre to fertilize your tobacco ground? It will cost from $5 to $10 per acre to apply Kentucky Tobacco Grower to your tobacco land. Tobacco this winter averaged around $30.00 per hundred pounds so you can see that you will only have to increase your yield less than a hundred pounds per acre to pay for your fertilizer and all above that will be clear profit. We have the two grades of tobacco fertilizer, Kentucky Blue Grass Special and 3-8-6. The numbers refer to the analysis of the fertilizer. For example 2-8-6 means 2 per cent nitrogen, 8 per cent phosphoric acid and 6 per cent potash. We will be glad to quote you prices on fertilizer and can refer to you farmers who have used our fertilizers.

In Kentucky Blue Grass Special you get the ideal, well balanced fertilizer, suited to Nicholas county soil and Nicholas county tobacco.

Don't take a chance on your next crop, but come in and get Kentucky Blue Grass Special Fertilizer. Give your crop a full feed of Phosphoric Acid, Nitrogen and Potash and prepare to top the market.

FAST AND RECKLESS DRIVING

The automobile accident which occurred a few miles the other side of Paris Wednesday, in which Mrs. Mrs. Grace Wells, of Farmers, lost her life, is one of the most regrettable tragedies that has occurred in this section in many months. According to accounts of the accident given by Wells, the company was not responsible for the accident, three men from Salt Lick, were struck by a large touring car, which sped on, never stopping to see what disposition was done. The touring car is reported to have been driven at a rate of 50 miles an hour and the failure of its passenger to stop was sufficient to condemn auto ever encountered on a road way in this section. Fast and reckless driving of automobiles on public roads, and thoroughly should be made to the extreme penalty. This auto is traveling around too fast, let's take our time—and remember we will get through this life more always in best. What are a few seconds saved, when balanced against a human life? Let automobile learn a lesson from the tragedy of Saturday night—and let's have a little more speed and more consideration for the rights of others.—Mt. Sterling Advocate.

ALL WRONG

The Mistake Is Made by Many Carlisle Citizens

Look for the cause of backache. To be cured you must know the cause.

Often a weak kidney you must set the kidneys working right.

A Carlisle resident tells you how.

Mrs. B. Sparks, Carlisle, street, says: "I have used Doan's Kidney Pills—and have found them to be a good remedy. I can fail to do my work. I was in a bad way and many sleepless nights backache was an every I could do to last for two weeks. I was running a hotel and being on my feet all day caused the trouble. I was advised to use Doan's Kidney Pills and got several boxes at Watkins' Corner Drug Store. After using them, the trouble was ended. I take pleasure in recommending Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sparks had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

RESOLUTIONS

Hall of Dauphinsky Lodge No. 60, Carlisle, Ky., May 28, 1923.

Whereas, it has pleased the allwise Father to call for the spirit of our dear Brother L. W. Campbell, who departed this life May 8, 1923, aged 71 years.

Therefore, be it resolved:

That Dauphinsky Lodge No., 60 has lost a true friend and brother, his county a good citizen and his family a loving and devoted father; we extend to the bereaved family our kind and sincere sympathy in their sad hour of bereavement and commend them to Him whose fourth all things well. Be it further resolved:

That a copy of these resolutions be spread upon our minutes, a copy forwarded to the bereaved family and a copy sent to the Carlisle Mercury for publication.

J. L. Curtis
W. F. Tatterson
W. C. Talbott

KERNELS

Rambler rose—placed on sloping banks are an effective preventive of soil erosion.

An average of 100 passengers daily are carried by airplane from Fort Worth to Laredo.

The Siamese Government is soon to establish a postal service for use in its postal service.

Ralph Jones, one of the pioneer engineers of Nelson County at the age of 80 years, is dead.

The rice grown in Japan is of better quality than that grown in China.

Ten years ago the first flour manufactured in Scotland in 1745.

COUNTRY CHILDREN

Thousands of country schools with six months terms or less closed in March, the seven months schools in April and the eight months schools are closing in May. The consolidated schools are closing in June. In the figures where nine months terms prevail form a comparatively small group. Many nine-months schools are also really interested in the progress of the pupils. Everything else is given always, before by putting over the school term for three to six months' vacation. The wise teacher suggests a subject which will keep interest up until the individual pupil's home work. Useful to most of the pupils. Then there is the question relating to the farm, such as farm accounting, and measurements and the study and measuring of farm products. Household problems will also interest the girls.

Two young women who teach in mining districts in a Virginia county have thought up a very interesting feature. They have organized in each school a Boys' Corn Club and a Girls' Poultry Club. These clubs are in charge of the teacher, but all of the instruction work will be made known at a public meeting at each schoolhouse after the schools open in the fall. Club exhibits at the county fair in the autumn are among the individual exhibits now encouraged.

MANY VOLUNTEERS FOR FOREIGN MISSION FIELDS

According to Dr. J. F. Love, secretary of the Foreign Mission Board of the Southern Baptist Convention, the number of the names of 949 Baptist young people of the South who have volunteered for active service in foreign mission service and are now in training to prepare themselves for that work.

KENTUCKY CARPENTER EVOLVES NEW SCIENTIFIC METHOD OF BUILDING; OUTLINES PLAN

J. S. Perry, 351 N. Lincolnway street, Lexington, with the aid of instructions he has received from and instructions by the Hopkins Drug Co., has evolved a scientific method for the reconstruction that would be built to last.

Mr. Perry has been in the building business he also believes in the laying of the foundation for building a good solid system. He knows because he has had the experience and has built many houses.

"Prepare in the greatest of body and system before you begin to build," he will tell you why I know. I am a carpenter by trade and have been for many years. I have built many houses and I believe that was the cause of my trouble.

"During the last five years I have suffered intensely with stomach trouble. After eating I was formed and I had heartburn. It felt as if I had a ball of fire in my chest. Then I had gas on my stomach. Then fell, bitter fluids came up and almost nauseated me.

"After taking Peppen my stomach is good condition and I can eat what I pattered in the way I have told. I am perfectly satisfied Peppen does not cure the small piece of change I paid for it. I am glad I took it.

The genuine Peppen bottle is packed in a white, blue and gold carton and may only be obtained in Carlisle at the Hopkins Drug Co.

"Every piece of property has its needs. Paint with the elements. Nature the severest tests in the west and tear of the changing temperatures. GOOD paint alone can furnish the necessary protection, and every house needs this form of insurance."

Wisdom Dictates:—Paint Your Property

Right now "Saving the Surface" means more to you than ever. Property values are high, repairs and replacements costly.

Keep your property well preserved by painting it with

HANNA'S GREEN SEAL

The "Made to Wear" Paint

It resists the destructive forces of extreme weather, both hot and cold. This makes its use more an investment than an expense. It looks best; it lasts longest. Formula on every package.

POSITIONS AND JOBS

THE CARLISLE MERCURY.

VOL. LVI. CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JUNE 7, 1923 NUMBER 23

COMMENT

A "HORSE ON US"

Some weeks ago we reprinted one of Bob Potter's stories about a horse that he had sold to a customer for his Mississippi home. The Falmouth Outlook adopts to think The Mercury originated the story and that in the exuberance of our fancy we forgot the Mississippi river. Says the Outlook:

"The Mercury would perform a great service to its readers as well as to the horse trade if it would investigate and find out some of the horse tale tellers concerning the trip, and especially how it crossed the Mississippi river. The horse could not swim and the river was too deep to ford. Rail and paddle steamer. The horse was in Missouri, and perhaps would show the Editor of the Mercury how he did it.

Being always ready to perform any kind service for its readers and brethren of the press, The Mercury has gone out in communication with the Hon. Bob Potter, who sold the horse to the factor concerned, and the Hon. William Jennings Bryan's farm, Miami, Fla., for a short history of the through spins, pastorelne, and a sort thereof, and we are informed that the horse was taken to Florida by rail and paddle steamer. The horse left in fashion. Now by a special investigation we are informed that when the observation of Dr. Tyler, who has been head to the horse, he gave a horse physic and turned him loose on the Indian line. Now it is the opinion of the president was that of a Missouri horse showing a leaning toward the water done, as he trotted down to a little creek, waded across and climbed the front pontoon of the railroad bridge which spans the stream. Then he knelt, as was his custom, and let the saintly expression. The crossing of a bridge? No, Watson, the horse walked the ties. Now, Watson, how did he get across the river? Ah, the saintly expression! Just the Lord! In the shade, of Rogers and Barker. But one, as he was taken from words, he throws the tops away. They? He throws the tops away. Some words, words, words—Hamlet. Quiz, Watson, quiz.

DREAMS COMIN TRUE

An election for the purpose of voting bonds to install a sewage system will be held at the city school and erect a gymnasium has been called for next Monday, June 11th. The Mercury feels that the school board should be congratulated upon the action they have taken. These bonds will be voted by the fathers and mothers of the children of this district, deserve the support of every citizen. The present state of assessment or maintained, and the additional tax will be so small as to be scarcely noticed. Let us be sure to exercise our right to vote. In every case where children in school are uncomfortable in their school rooms, and The Mercury will be glad to see the election that a gymnasium of the kind will be erected. It will be a physical benefit to the growing boys and girls of Carlisle that almost any other single factor could be. Vote for these bonds, for your children's sake.

The new gymnasium and heating system for the school building will allow the school board to establish a night school during the winter, a thing of much benefit to the community at large. Under present conditions it would be impossible to maintain either of these subjects on account of the lack of room. The night school, however, will be taught in the present school building and the room now taken up in the basement will be used for heating by the numerous furnaces now utilized for the purpose.

Well, in the matter of hard-surfacing Main street, the "mayo" seem to have it. Mayor Mann has appointed a committee to investigate the matter and report at the next meeting of council. They are getting streets over there now and would be a matter of a much larger city. (Paris papers please copy.) Hustle, Lads, hustle and some of your ball games.

THE EDITOR OF THIS PAPER TRIES TO GET THE MOST OUT OF EVERY MEETING

The editor of this paper lives to attend the meetings of the city council this week. Tuesday evening the banks are regularly required to make their statement, and sometime next week.

TRY IT IN OUR OWN POSTOFFICE

"Did you ever pause in the Russell-ville postoffice and attempt to take a letter from the waste basket, or for that matter shortly after the mail clerks have received their mail? If you have you have discovered a large number of curiosities from letters and handbills to pieces of paper, but one thing you will not find, and that many of them had been thrown in the basket as soon as they were removed from the envelope, the enclosed letter or paper. It would be idle to give them a second glance, for you would soon notice that you have not seen anyone throwing anything in the waste basket or on the floor for some time before and you will always carried away instead of coming empty." This is a mighty good idea for every postoffice in the country, and newspapers. The circular letter is a nuisance, and the waste goes into the waste basket. The home paper goes into the file and is saved. Remember this and cooperate with the postmaster in keeping down the waste.

The Grant County News has an idea up that both Calvin and Bascom will withdraw in favor of Stoll for the Republican nomination for Governor. Well, we have a suggestion that Harrison County Democrats will withdraw in favor of Stoll for the same.—Cynthiana Democrat.

Governor Morrow has offered a reward of $1,000 for the arrest and conviction of the members of the party which placed a bomb with a time fuse in the basement of the Geo Spriggs Baptist church in Lexington county several weeks ago. The bomb was discovered before it exploded.

GROWERS RECEIVING CHECKS THIS WEEK

Second Payment for the 1922 Crop Being Mailed To Pool Members

80 PER CENT OF FIRST

Checks for the second distribution of money in payment for the 1922 crop of tobacco, amounting in aggregate neately $15,000,000, will be mailed to members of the Burley Tobacco Growers' Cooperative, again by Frankfort Journal-State Saturday.

The second payment makes add a large part of the 1922 crop of tobacco, the first payment having been made several months ago. The amount of money being paid indicates that a total price of around 20 cents for the Burley tobacco was being delivered. Estimates of the crop of the burley district, which extends through the burley belt of Kentucky, Tennessee, Indiana, Ohio and the northern part of Tennessee.

Distribution of funds are not made on the basis of the amount of money paid for the crop, but on the amount of tobacco to warrant a payment to each member. The present distribution amounts to 80 per cent of the total amount due, and the payment was made when the tobacco was delivered to the pool.

Checks for the second payment total more than $75,000,000, according to estimates of those who have charge of the tobacco was being delivered. Officials of the pool say that the second payment is the last one to be made, as he trailed down to a little creek, waded across and climbed the front pontoon of the railroad bridge which spans the stream. Then he knelt, as was his custom, and let the saintly expression. The crossing of a bridge? No, Watson, the horse walked the ties. Now, Watson, how did he get across the river? Ah, the saintly expression! Just the Lord! In the shade, of Rogers and Barker. But one, as he was taken from words, he throws the tops away. They? He throws the tops away. Some words, words, words—Hamlet. Quiz, Watson, quiz.

LOCAL REPUBLICAN URGED TO BECOME CANDIDATE

Mr. H. B. Stevens, well known real estate dealer of this city, is being urged by a group of Republicans to announce himself as a candidate for the Republican nomination for City Commissioner, to succeed Thos. Brownfield District. Mr. Stevens announcement, made by Frankfort Journal-State Saturday.

Mr. Stevens, one of the most widely known Republicans in this section, has been active in the affairs of the party for many years, and has been a revenue service and many years as chairman of the county Republican committee, which position he now holds.

Mr. Stevens is a native of Mason county, and has been a resident of Lexington since 1880. He was 20 years old when he came to this city, and has since been actively identified with the business interests of Lexington.

TWO KILLED IN QUARREL OVER WATER SUPPLY

Thomas Costello, 53 years old, and Joe Costello, 23 years old, were killed instantly, and Lee W. Gorin, 45 years old, was shot in the left arm as the result of a row at Costello's home in Gorin's coal camp, near Jellico, Tenn., Saturday afternoon, according to information received here Sunday.

Gorin is in jail at Jellico charged with the killing of the Costellos. Gorin is said to have had a quarrel with the Costellos over the use of water from a spring on the Costello property. Gorin, it is said, went to the Costello home and began firing with a shotgun. Thomas Costello was shot through the heart and Joe Costello was killed when he was shot in the head. Gorin was shot in the left arm by Thomas Costello before the latter died.

Gorin was arrested by Deputy Sheriff Ed Hall, of Campbell county, Tenn., and taken to Jellico. He was released on bond Saturday afternoon.

Well, it the matter of hard-surfacing Main street, the "mayo" seem to have it. Mayor Mann has appointed a committee to investigate the matter and report at the next meeting of council. They are getting streets over there now and would be a matter of a much larger city. (Paris papers please copy.) Hustle, Lads, hustle and some of your ball games.

CHAUTAUQUA ONLY THREE WEEKS OFF

Interesting Program In Store In Annual Seven Days Entertainment

The price of season tickets is fixed at $2.75 for adults, less than 20 cents for each of the seven days entertainment, of which are admission, the price of single admission is $1.00. See one of the guarantors and get your season ticket at once. On sale at any business house.

Contracts for $1,500,000 worth of road work will be let by the state highway department at its meeting at Frankfort Monday.

NORMAL WILL OPEN MONDAY

School For Teachers Will Open in City School Monday Morning

The Nicholas county summer normal will open in the city school Monday morning in the city school building, with Prof. Fred Cleary, of Clay, Ky., well known educator of the school again this year, Prof. C. W. Lancaster, of Mideroughy, assistant superintendence, and Miss Delia Tinsley, of North Middleton, it will again have charge of the primary department.

There are 31 rural school teachers in Nicholas county and it is believed that the majority of the 31 will enter the school for the course, which will continue for six weeks, five days each week.

The Nicholas county board of education has passed a rule that every teacher who teaches in this county must attend a summer school.

TWO LEXINGTON STUDENTS KILLED IN AUTO WRECK

Philip T. Powell, 21, of Lexington, and Aaron Todd, 21, of Wartford-ville, Ky., were killed and Miss Mary Wilson, Lexington, and Miss Charlotte Manley, of Owensboro, were cured when a Buick automobile in which they were riding struck a culvert and turned over on the Versailles pike near Lexington Saturday night.

Miss Wilson and Miss Manley are hoping over the bridge when the car went in and so have escaped the tragedy.

DIED TWO WEEKS AFTER HER HUSBAND

Mr. Charles Williams, of this county, handed up slipping from a Wallace bridge, and was drowned in the mouth of the death of Mrs. Minerva Williams, wife of the late Charles Williams, which occurred at her home, 1026st birthday. Mrs. Thompson was a native of Nicholas county, and was married to Mr. Williams 50 years ago.

Mr. Williams, while visiting relatives in Waldron, was stricken with paralysis, and died after a celebrated illness of two weeks. Mrs. Williams prepared the dinner herself and had eaten heartily of the meal, and no one she was able to do all of her own housework.

SOLDIER MEMORIAL ALMOST CERTAINTY

Only About $2,500 Needed To Erect Memorial In Carlisle Cemetery

TO COST ABOUT $8,000.00

A campaign to raise $8,000 by private subscription for a granite memorial on the lot containing the bodies of twenty soldiers of the top thirty lives in the world war recently was launched by members of the Carlisle Chapter, American Legion.

In order to sell goods, people must be known. During the summer months, especially, there is very little money stirring. Many stores are closed. Many others are doing business on a cash basis. Consequently, there is very little advertising.

Without solicitation, about $5,000 has been subscribed to the fund and the campaign committee will, it is announced, will be raised in a short time. When the campaign is completed, it is announced, a meeting of the county Republican committee will be held.

A design has been submitted, which is on display at the court house. This is a beautiful canopy, supported by four columns, with the names of the soldiers appearing on the inside, and this district is safely Republican.

TWO KILLED IN QUARREL OVER WATER SUPPLY

Thomas Costello, 53 years old, and Joe Costello, 23 years old, were killed instantly, and Lee W. Gorin, 45 years old, was shot in the left arm as the result of a row at Costello's home in Gorin's coal camp, near Jellico, Tenn., Saturday afternoon, according to information received here Sunday.

Gorin is in jail at Jellico charged with the killing of the Costellos. Gorin is said to have had a quarrel with the Costellos over the use of water from a spring on the Costello property. Gorin, it is said, went to the Costello home and began firing with a shotgun. Thomas Costello was shot through the heart and Joe Costello was killed when he was shot in the head. Gorin was shot in the left arm by Thomas Costello before the latter died.

Gorin was arrested by Deputy Sheriff Ed Hall, of Campbell county, Tenn., and taken to Jellico. He was released on bond Saturday afternoon.

TO VOTE ON BOND ISSUE ON JUNE 15

Election To Be Held Friday Week To Float Bonds For Gymnasium

TO BE READY BY FALL

At a meeting of the city school board held in the office of I. B. Rose Monday afternoon, a resolution was adopted calling for an election to be held on Friday, June 15th, for the purpose of issuing bonds for the building of the new gymnasium for the city school.

The amount of bonds to be issued will depend upon the cost of construction.

In the event the bond issue carries, active building operations will be installed to replace the present hot air system with one of the latest type of the saving on fuel would pay for the cost of the new system in a few years. The new gymnasium and the school board would be 100x60 feet, with a basement. The building will be of brick to save the cost of upkeep.

FATHERS' DAY JUNE 17

"Dad"—long neglected—is expected to come into his own with the establishment of Fathers' Day, June 17, if several years the Mother's Day movement public has honored mother-hood. Mothers' Day the second Sunday in May and has paid high tribute to the mothers.

It has been suggested that Fathers' Day be held with Dad's Day. The two programs are gathering momentum throughout the country.

WARM WEATHER MAKES BIG CHANGE IN STATE CROPS

Farmers throughout central Kentucky are busy this week because the weather has gotten warm and crops are growing rapidly. The most prevalent indications the blue grass crop will be good, although it will be heavy as last year. The seed will be harvested in about two weeks, it is believed.

Much tobacco has been set throughout the burley belt during the past week. Nicholas county farmers report that they have completed the setting of their crops. Bourbon county has been a season for setting by hand for several days, machines have been used.

ELECTION "DOPE"

The trial Democratic managers are already making claims of the district elections which will be held next Friday, they declare the line-ups will be:

Fifth district, Democratic, Costello campaign, says its candidate will get 3,000 votes, and the state except the First, Barkley, Democrat, and Elwood Hamilton, manager of the Republican campaign, declares the candidate will carry every district except the Fifth and Seventh and the Fifth by 2,000 votes.

2919 MORE APPLICATIONS FOR C. M. T. C. NEEDED

2940 applications have been received for the 2919 vacancies in the C. M. T. C. for the government. When the quota of 4500 from four states is obtained no more applications will be considered.

The minimum age limit is 17 years, but parents or guardians may be authorized to accept applicants who are 16 years of age and those 17 years of age during the present calendar year.

PERMANENT INCREASE NEEDED IN RTE PROTECTION IN NATION

From an agricultural point of view there is need for a considerable permanent increase in the protection policy in this country, says Secretary Wallace, in addition to the duties on wool, sugar, wheat, flax, hides and more food per acre than ever before. Without protection, the growing soy bean grain rye will go to the wall, and the production of
