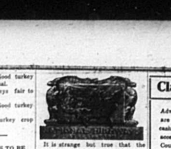
PROMINENT YOUNG LUMBERMAN WANTS TO BE RAILROAD COMMISSIONER

Down near the tail end of the Democratic ticket appears the name of Clifton B. Green, of Buckhorn, Perry county, Ky., who is the Democratic nominee for Railroad Commissioner in the Third District, comprising 40 odd counties in the eastern half of the state, reaching from Whitley to Boyd, and from Covington to Middlesboro.

Clifton Green is a mountain boy, born, reared and educated among the hills, indefatigable perseverance he has worked up from the ground floor—or rather from the tie woods—to a commanding place among men of affairs. As head of the Buckhorn Coal & Lumber Co. he has active charge of various interests throughout the mountains, and is in close touch with the need and development of this—as well as other parts of the state. He is eminently fitted for the place of Railroad Commissioner and should receive the votes of all Nicholas county citizens, regardless of politics.—Political advertisement.



It is strange but true that the men who will finance his business carefully and watchfully, who will buy and sell a house with assurance and wisdom, who will choose his bank with meticulous care and guard his personal financial affairs with the utmost skill, frequently invest a position s the winds when considering the raising and spending of money for roads.

It is as pitifully easy to arrange to have someone else pay for a road! A bond issue is run fifty years puts the burden of paying on the men and women who come after us, while we use the road. This is bad enough, as a matter of unsound economics, but it is worse when the money so raised is not unwisely expended as to produce a road which lasts only long enough for the bonds to come due. In such cases, and there are many of them!—the best public funds itself in the position of paying for roads which no longer exist, and fazed with the additional necessity of rebuilding the road and maintaining it, as well as paying the interest and finally the principal, on the bonds which built roads which were cut.

There are cases where long term bonds are justified and necessary. But there are no cases where the expenditure of such funds is justified for anything less than a permanent road, so located, so built, so planned as to handle the traffic, width, and location as to make it of service to the people for a century as well as those who now use it.

It has been said that there is nothing permanent about any road except its location, but this is not true when maintenance is an afterthought. It is an economic waste to have a road and let it ravel to pieces as it is to build a house and let it go unpainted and unlimned. Paint the house, insure it, repair it, and it may stand for a hundred years or more. Maintain the road as it is used, and it should last indefinitely. Only such roads should be built with bond issue money, and only such roads should be built with money derived from town or county or state bonds, as will serve town vicinity, and state for all time to come.

To do otherwise is to betray the trust of the helpless unborn.

A CARD

I am a candidate for election on the school board of Nicholas county in the district composed of Moorefield, Miranda and Sharpsburg, and to my friends who vote for me you can trust influence for me with to say that their efforts will be appreciated.

I have been asked by several who Professor F. B. Williams, who for sixty had been receiving personal letters from him. As far as I know he is the predecessor at Moorefield and from Georgetown, elected to the board to teach. I was born and have lived all my life in these hills and dales, and I don't think a man from another town can claim a better right how to vote; and as to Moorefield, I do for Moorefield and for a new school house, and as much as the county can possibly do. Why should I not be for my own people and my own division? Some of my life-long friends live in that district.

But one more word, as far as the little districts, also, as I never, had the pleasure of going to a precinct fewer than another since I began.

Yours respectfully,
J. M. McCLARY.

MAKE WORK EASIER

Carlisle People Are Pleased to Learn How It Has Been Done

It's pretty hard to attend to duties With a constantly aching back With annoying urinary disorders. Doan's Kidney Pills do more than work easier.

So thousands have gratefully testified.

They're for bad backs.

They're for weak backs.

Carlisle people gratefully endorse J. W. Feetack, painter and paperhanger, 211 Chestnut street, who suffered with a severe aching across the small of my back. My kidneys were weak and sore and bore me to bed-ridden. I had dizzy spells and symptoms of fall. The kidney secretions were too frequent in action. I had heard a great deal about Doan's Kidney Pills so I got a box at Turreman & Co.'s drug store and began using them according to directions. They soon got me all dealers. The Railroads and Industries Are Siamese Twins—

The railroads of this country are dependent upon the industries for their existence and, likewise, the industries are dependent upon the railroads. Like the Siamese Twins, they are truly joined together by an inseparable bond. The health of the one contributes to the health of the other, and the sickness of one means the sickness of the other.

When you realize that more than two-thirds of the farms and the output of the mines and factories shipped originate on the lines of the Louisville & Nashville Railroad, you can readily understand why the prosperity of the L & N territory is always checked or suffering from the same industry carries the contagion to the railroads.

The railroads are among the country's largest buyers of coal, iron and steel, consuming one-fourth of all of the coal mined in the United States; one-fifth of the iron and steel output. They are the largest buyers of lumber, of locomotives and of cars in the United States, and one of the largest buyers of fuel oil.

Governmental "regulation", or the lack of it, has made it impossible for railroads to keep pace with industry as well. You can't hurt one without hurting the other.

"ARE YOU THERE?"

The Englishman says, "Are you there?" when answering the telephone. The average American answers with "Hello!" Both are wrong. Hello, who's this, and what do you want? Like "Are you there?" are time-killing and annoying phrases that only help to slow down the service.

Answer your telephone by saying, "This is Brown & Co. Mr. Smith speaking," and doubtless you will hear in reply, "Good morning, Mr. Smith, this is Mr. Jones."

THREE BUILDING PERMITS GRANTED

By City Council—Street Cost Has Been $5555.89

For 2387 Feet

SUPERVISORS SELECTED

At the regular monthly meeting of the city council Monday night, the street committee reported that 2,387 feet of Main street has been resurfaced at a cost of $5555.89, leaving 1,826 feet to be completed. The remainder of the street will not cost as much per foot, it was pointed out, as the distance to haul the rock will be no great and a smaller amount of metal will be required.

Three building permits were granted, as follows: C. C. Cole to build bordered house and screened porch on street and Dorsey avenue; A. F. Keen to build garage on Fifth avenue, Ernest; Tom Jackson to build stable on his lot on the Upper Jacksboro road.

Mrs. Myers, R. L. Curtis and Gen. W. Taylor were appointed board of supervisors to go over the city tax assessment.

MEMORIAL WILL NOT BE ERECTED AT PRESENT DAY

The $8,000 soldiers memorial in the Carlisle cemetery, funds for the erection of which were raised by the U. R. Ross, unassisted, will not be ready for dedication on Armistice Day, as had been planned.

Plans for furnishing the memorial was let to the Lexington Marble & Granite Company, and a delay was experienced in getting it, as required considerable time to obtain a perfect design for the piece of granite of such large proportions from the quarry in Vermont. The main part of the stone will be 12 feet high.

The company is now at work on the design, but it will require several weeks yet for its completion.

FORMS FOR INCOME TAX RETURNS NOW AVAILABLE

MRS. HENRY FORD GIVES $1,000 TO ONEIDA INSTITUTE

Mr. A. J. Burns, who is at the head of the Oneida Baptist Institute is traveling with a Chautauqua circuit in the State, and is speaking to people entirely of the Kentucky institution, their plans and their work.

A few days ago he spoke in Detroit, Mich., and at the close of the program, Mrs. Henry Ford arose and presented him with a check for $1,000 for the institution.

Recently Mr. Ford purchased some valuable timber lands—beside and adjoining the institution property—and in this manifestation of interest in the welfare of the people of that locality by Mrs. Ford, the gift was accepted by the Baptists of the State.

CIRCULAR TELLS HOW TO IMPROVE KITCHENS

How to plan the home kitchen and select and arrange equipment so it will save the most time and work for the housewife, is explained in a new circular entitled, "Kitchens We Like Best," which has just come off the press at the College of Agriculture, and is ready for free distribution to interested persons who call for it. The kitchen is well lighted, well ventilated, has sanitary floors, walls and woodwork, and is protected against flies and dust from the outside. It is conveniently located with reference to the rest of the house and to the most needed equipment so arranged that it can be done with the least expense and energy, the new publication points out. The circular is No. 196 and may be obtained free by writing the Experiment Station, Lexington.

225,000,000 POUNDS LEAF Will Be In Pool This Year, Sherman Potter Says

In an address to tobacco growers at St. Albans, W. Va., Saturday, J. Sherman Potter, of the Louisville office of the Burley Tobacco Growers' cooperative Marketing Association, declared that the membership of the association is around 20,000.

Mr. Potter said that tobacco growers have learned, he said, that by standing together and selling their tobacco through expert graders they can get a much better price than they could by selling it on the floor in competition with each other.

Near Lawrenceburg, William Howard Beasley, 24 years old, was found dead in a field when a string he had thrown down to bind corn broke back, setting his clothing on fire.

SECOND LYCEUM NUMBER MONDAY

Ash Davis, Famous Cartoonist And Lecturer, At Orpheum Monday Night

IS GREAT ENTERTAINER

The second number of the Lyceum course will be given at the Orpheum Theatre Monday night, November 12, at 8 p. m., when Ash Davis, the nationally known cartoonist, will give his performance.

Mr. Davis is unique. He is three in one—cartoonist, lecturer and story teller. He draws cartoons as he talks so as an ideal entertainer. He paints pictures as he lectures and as he sketches his cartoons. He tells stories as he draws and he illustrates his stories with cartoons.

Mr. Davis is not an amateur. In thirteen years he has given over one thousand entertainments. He knows how and does make people laugh.

William Jennings Bryan has pronounced Mr. Davis one of the best artists on the chautauqua platform. General assistance for adults will be 50 cents. Children 25 cents. Reserved seats at the door.

MRS. HENRY FORD GIVES $1,000 TO ONEIDA INSTITUTE

Mr. A. J. Burns, who is at the head of the Oneida Baptist Institute is traveling with a Chautauqua circuit in the State, and is speaking to people entirely of the Kentucky institution, their plans and their work.

A few days ago he spoke in Detroit, Mich., and at the close of the program, Mrs. Henry Ford arose and presented him with a check for $1,000 for the institution.

Recently Mr. Ford purchased some valuable timber lands—beside and adjoining the institution property—and in this manifestation of interest in the welfare of the people of that locality by Mrs. Ford, the gift was accepted by the Baptists of the State.

CIRCULAR TELLS HOW TO IMPROVE KITCHENS

How to plan the home kitchen and select and arrange equipment so it will save the most time and work for the housewife, is explained in a new circular entitled, "Kitchens We Like Best," which has just come off the press at the College of Agriculture, and is ready for free distribution to interested persons who call for it. The kitchen is well lighted, well ventilated, has sanitary floors, walls and woodwork, and is protected against flies and dust from the outside. It is conveniently located with reference to the rest of the house and to the most needed equipment so arranged that it can be done with the least expense and energy, the new publication points out. The circular is No. 196 and may be obtained free by writing the Experiment Station, Lexington.

CONTRACT LET FOR HEATING NEW GYM

Local Firm Awarded Contract For Heating New Building At Cost Of $1,892

TO USE STEAM PLANT

At a meeting of the city school board last Friday the contract was let for installing a heating plant in the new gymnasium now in the course of construction, was awarded Cooper & Cheatham, local plumbing and heating concern. Their bid for the work was $1412.

Six bids were submitted, three being by Lexington firms, one by Paducah firm and two from local firms.

The contract calls for a steam-apparatus plant with sufficient radiators and connections for the building to keep it comfortable.

The boiler will be placed in the new gym and will be large enough to heat the old building as well. The heating of the school board decides to do away with the old heating plant in the school building to replace the hot air system now in use. This will probably be done as soon as the Christmas holidays are over and the new system is said to be unsatisfactory.

A lead pipe will be run from the city water main to the building and will be attached when wanted with valves.

Cooper & Cheatham will begin the installation work at once, according to the furnace at some and will have the work completed for the time the building is ready.

"Uncle Cole" was 81 years old last May 1st and is one of the most widely known men in the county. He was born in Fayette, but practically spent his entire life in Nicholas county. He has been a teacher in the Methodist Union Sunday school for 55 years.

Uncle Cole was also representative of the Hurst Home Insurance Company for many years. A number of years ago he originated the annual Nicholas county corn, fair, which became one of the most popular institutions of the county and was continued on for a few years ago.

The Mercury extends congratulations to Uncle Cole upon the many years he has spent in the county and hopes the hope that they may be many more and many more years of usefulness.

Mr. Cole is also anxious to know how many couples in this county have been married so long.

The Mercury would be pleased to have the name and address of all of them are living, who have been married 50 years or more. Send in a short sketch, telling place of marriage, date, and present address.

TOBACCO WAS RAISED BY WIFE, MR. TAYLOR PROVES

In last week's issue of The Mercury was published a statement that suit had been filed in the Nicholas circuit court against Mrs. B. Taylor, of Carlisle, route 5, by the Burley Tobacco Growers' Cooperative Marketing Association for $1,000 for the alleged sale of two thousand pounds of tobacco pledged to the association.

Mr. Taylor brought to The Mercury office Monday morning a receipt from a Cynthiana loose leaf house showing that the tobacco was actually sold over the loose leaf floor for 646 pounds. This receipt was given by Mr. Taylor's wife and was for tobacco raised on a small tract of ground and Mr. Taylor's wife was the only one to handle it.

He had no intention of violating his contract when it's tobacco was sold over the loose leaf floor, Mr. Taylor says, as the crop did not be ready for the College of Agriculture to stop court proceedings. Mr. Taylor will be notified of the filing of the suit by the plaintiffs, which asks $767.60 as damages on the amount involved, and $1,000 penalty, as provided for in the contract.

Mr. Taylor says he has been criticised by some of his neighbors for signing the contract, and says that his explanation will stop further court action.

INCOME TAX QUESTIONNAIRE TO BE SIMPLIFIED

"Form 1040," which has supplanted the old 1040A, is now one of the longest pieces of questions, instructions and what not to be simplified.

Hereafter, income tax returns will consist of a single sheet and will be used in reporting net incomes of not more than $5,000 derived chiefly from salary and wages. Questions will be on one side of the blank; instructions on the other.

60TH ANNIVERSARY OF THEIR WEDDING

Celebrated By Mr. And Mrs. Coleman S. Templeman At Their Home Monday

NO DEATHS IN FAMILY

On Monday, November 5, "Uncle Cole" and "Aunt Nannie" Templeman, two of the most honored and highly respected citizens of Nicholas county, celebrated the sixtieth anniversary of their marriage at their home on the Moorefield pike, near Moorefield.

On November 5, 1863, Coleman S. Templeman was united in marriage to Miss Nannie Moorefield, daughter of her parents near Moorefield, "Uncle Bobby" Caldwell, a pioneer Presbyterian minister of this county being the officiating clergyman. Both were born and have spent their entire lives in the Moorefield vicinity.

To this union six children were born, all living, as follows, as follows: Mrs. Fannie Soper, of Carlisle; Mrs. Lee Caldwell, of Carlisle; Seth Templeman, of Atlanta, Ga.; Mrs. Lee Chenault, of Lee Heilman, of the county, and Robert Templeman, who lives with his parents.

There are only is it unusual for a couple to enjoy 60 years of married life, but to live to see all of these years without the death of any member of the family is remarkable." To see all of the children present, as well as and womanhood and become honored citizens of the county, was the crowning glory for the time the building is ready.
