## What a little paint will do!

THINK what a little Certain-teed paint will do on the farm! For a house like this the paint will come to less than \$25; for a big barn less than \$20. Only 1/2 gallon is needed for the garage and 1 1/2 gallons for the car. Where you buy for a few dollars that will help to help the season! Good paint adds many years to the life of expensive implements. It protects your farm from the weather, and it keeps you and the outside and makes you proud of your home. By good paint we mean Certain-teed. It spreads more evenly, coats more uniformly, and wears longer and without paint.

If you find that Certain-teed gives you more for your money, when you find Certain-teed paint on your farm or home, that we will give you more paint business to your neighborhood.
