What, Is The Coal Situation Going To Be This Winter?

A SWER- If we have no mine or railway troubles,
If the mines have plenty of cars,
If the railroads are able to handle the heavy freight
traffic they usually have in the late fall,
If we do not have a severe WINTER,
If general winter conditions are different from
recent years.

THEN- There will be no coal shortage.

Hours and the same as they have been in recent years we may reasonably expect abstracts of coal during the winter.
