THE FINEST OIL is light in color and very delicate in flavor-just as the purest, sweetest sugar is white.

White sugar de not happen to be white-it is made white. Raw sugar is dark brown. It is only when all the impurities and coloring and strong-flavor are refined out of raw sugar that you have white sugar-pure sweetness.

Wesson Oil does not happen to be light in color. We make it that way. Raw oil is quite dark. It is only when all the impurities are refined out of it that you have a clear, light oil-pure goodness.

WESSON OIL is refined to a purity and goodness that we do not believe is equalled by any other oil you could buy-100% pure, rich, nourishing, wholesome fat. Its purity, clear light color and very delicate flavor make Wesson Oil the perfect salad oil.

It is the most wholesome, as well as the most delicious, frying fat. And it is the finest shortening you ever used for making flaky pie crust, biscuit, and delicate cake.
