AN ORDINANCE

The City Council of the City of Carlisle, Kentucky, do ordain that it is to the best interest of the general public that the whole of Main street an Sycamore street from Main street to North street, Elm street from the railroad to Mulberry street, Locust street Market street to North street, Maple street from Marke street to North street, Walnut street from Market street to Chestnut street, Market street from Locust street to Maple street, in said city, be oiled, and a tax is hereby assessed and levied against the property holders whose property borders and abuts on said streets, to be known as an "Oiling Tax," and the said City shall have a lien on the property bordering and abutting on said streets, for said taxes, and the collection of said taxes shall be enforced as other taxes are collected by said City.

It is furtther ordained that after the streets herein above named have been oiled and the expense of same ascertained and apportioned on the property bordering and abutting on said streets (except cross sections of said streets shall be oiled at the expense of said City) and every property holder shall be notified of the amount due by him, and every property holder whose property borders and abutts thereon shall pay the same within 30 days after he has received notice, and upon his failure to do so, a penalty of ten per cent on the amount due by him shall be imposed on him.

Adopted this February 4, 1924.

Paul D. Darnall, Mayor
S. C. Vaughn, City Clerk

AN ORDINANCE

Amending an ordinance prescribing the fire limits in the City of Carlisle Kentucky.

The City Council of the City of Carlisle, Kentucky do ordain as follows:

That section 11 of the ordinance adopted by the City Council of the City of Carlisle, June 5th, 1911, pertaining to and prescribing building and fire limits in said city be and the same is hereby amended by striking from the boundary of the fire limits described in said ordinance and excluding from the operation thereof that portion of said fire limits that is bounded on the North by the main line of the Louisville and Nashville railroad company's right of way in said city; On the east by Dorsey Avenue; on the South by Brushy Fork Creek, and on the West by Walnut Street in said city, so that said ordinance when amended will read as follows:

The City Council of the City of Carlisle, Kentucky, do ordain as follows:

Sec. I. That it shall be unlawful to erect, construct, add to or remove into the limits hereinafter described any house or other building unless same shall be built of either brick, stone, iron or concrete and the roof of which shall be covered with metal or slate or other fire proof substance; and it shall be unlawful for any person to remove any building situated in the limits hereinafter mentioned to any point or location so situated in said limits unless said building shall be constructed of the material hereinbefore mentioned.

Sec. II. The limits or district herein referred to shall be known as the Fire Limits or District of the said City of Carlisle, Kentucky, and shall be bounded to-wit:

All that territory lying South of Main Street of Carlisle, Kentucky, and North of Brushy Fork in Carlisle, Kentucky, and more particularly described as follows:

Beginning with the North margin of Brushy Fork Creek at the foot of Sycamore street of said city; thence extending eastward with said creek to the beginning of Water street in said city just in the rear of the Standard Oil Company's lot; thence Northward with the Western margin of Walnut street to the intersection of the main line of the Louisville and Nashville Railroad company's right of way and said Walnut street in said city; thence Eastward with the Southern margin of said Louisville and Nashville railroad company's right of way to Dorsey Avenue in said city; thence Northward with Dorsey Avenue in said city to Main street in said city; thence Southward with Sycamore street to the point of beginning and containing all the grounds and property within said described boundary.

Sec. III. That any person who shall violate any of the provisions of this ordinance shall be fined not less than fifty dollars nor more than one hundred dollars for each offense, and each day or part of day that any person shall be engaged in constructing or causing to be constructed, or moving or removing any building contrary to the provisions of this ordinance shall be deemed to be a separate offense.

Sec. IV. That any building constructed or removed or moved within the territory or district hereinbefore mentioned contrary to the provisions of this ordinance shall be deemed a nuisance, and shall forthwith be abated.

Sec. V. Nothing herein shall be construed so as to prohibit ordinary repairs to buildings now standing or located in said territory.

Nor shall a building be constructed of wood and lined with sheet tin or iron be considered an iron building, but same shall be considered a wood building and is prohibited by this ordinance.

This ordinance does not repeal the ordinance requiring permits for the erection of buildings known as No. 44 of the ordinances of the City of Carlisle...

ARE YOU ALL RUN DOWN?

Many Carlisle Folks Have Felt That Way.

Feel all out of sorts?
Tired, achy, blue, irritable?
Back lame and stiff?
It may be the story of weak kidneys!
Of toxic poisons circulating about
Upsetting blood and nerves.
There's a way to feel right again.
Help your weakened kidneys with Doan's Pills—a stimulant diuretic.

Doan's are recommended by many Carlisle people:

Mrs. B. Sparks, Locust St., Carlisle, says: "I was in a weak and run down condition and backache was so severe, I had to go to bed for two weeks. I was running a hotel and being on my feet caused the trouble. After using Doan's Pills, the trouble was ended."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Sparks had. Foster Milburn Co., Mfrs., Buffalo, N. Y.

LETTERS FROM OUR READERS

Editor The Carlisle Mercury
Dear Editor:-

Will you please publish the opinion of an ex-soldier and American Legion member, of those high class Anti-Bonus League Promoters.

The writer served two years in the world war in Company 12, 1st Motor Truck Regiment.

It is surmised if this originator of the Anti-Bonus League served in the World War and if he did whether he was a Y. M. C. A. money collector or a first or second lieutenant who kept many kilometers in the rear of shell and shot.

He said the soldier who gave the nation only his time (and "time" was a small quantity of what he gave) was overpaid at whatever price he was hired.

But while the doughboys and privates were going through hell in Europe, standing every conceivable hardship and fighting for unappreciative France for one dollar and ten cents a day, how many able bodied slackers were living at home in ease and getting overpaid from five to ten dollars a day for eight hours work.

And those who were lucky enough to return home after two and three years without being a cripple or having his system broken from hardships, poison-gas or shell in many localities were thought of as a "no a-count" or "toughnut" from the army.

He still has to pay about as much for his living and if lucky enough to get a job has to work at pre-war wages.

It is to be surmised what such men as Mr. McAdoo, Gov. Fields and a few other good politicians who claim to be in sympathy with the ex-soldier thinks of these high class Anti-Bonus Promoters.

SLAYS BROTHER-IN-LAW IN DEFENSE OF SISTER

James Paynter was fatally shot by his brother-in-law, William Eckler, at the home of Paynter in Cynthiana last Friday. Paynter was taken to the Cynthiana hospital where he died a short time later.

It is alleged that Mr. Paynter, who married Eckler's sister, came home intoxicated and was abusive to his wife. The brother interfered and as Paynter advanced upon Eckler with a chair to strike him, Eckler fired the pistol.

VOL. LVII. CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, FEBRUARY 21, 1924 NUMBER 8

Chamber of Commerce is Formed With 102 Members

Full Time Secretary To Be Employed To Promote Interests of Carlisle

WILL MEET TO-NIGHT

The Carlisle Chamber of Commerce is a reality, 102 members having been secured, paying annual dues of $25. The amount derived will be sufficient for the employment of a full time secretary who will devote his entire time to the welfare of Carlisle.

The formation of this organization is probably the most progressive step the citizens of Carlisle have made in the history of the town. There are untold advantages which an organization of this kind may bring to Carlisle.

A meeting of all of the members of Chamber of Commerce will be held at the court house tonight at 7 o'clock, at which time the final vote for twelve directors will be made. Other officers will be elected and the organization made permanent. All members are urged to come and bring check for $12.50, the semi-annual payment on dues. If impossible to attend this meeting, be sure and send check for dues to Allen Hopkins, secretary, before the meeting.

Practically every business house in Carlisle is represented in the organization, some of them with two, three and four memberships. Following is a complete list of members:

S. W. Anderson, R. Kelly Beatty, Everett J. Beers, Omer Berry, Betty B. Boone, C. U. Bramblett, Ollie Brayfield, R. N. Brock, H. B. Bryson, M. R. Burton, Henry Carter, Grimes Caywood, S. A. Charles Sims, 16, son of Mr. and Mrs. G. E. Sims, of Maysville, who had been missing from his home for several weeks, was found at Fort Thomas, where he had enlisted in the army.

70 bills have been passed by the senate and thirteen by the house during the present session of the legislature. Five have passed both branches and been signed by the Governor.

Joseph Richard Baughman, 18 year old negro, was indicted Saturday by the Fayette county grand jury on the charge of murdering Geo. I. Pierson, postmaster and storekeeper at Greendale.

Jerry Reed, negro, former convict, was placed on trial at Richmond Monday on the charge of murdering Miss Lura Parsons, Pine Mountain Settlement school teacher, in September, 1920.

O. C. Gobble, 24, and L. L. Bishop, 32, employes of the L. & N. Railroad, were instantly killed last Friday night when the caboose on which they were riding near Harlan was jammed into a loaded train.

C. L. Blackerby, tobacco broker was acquitted in criminal court at Louisville at his second trial for the murder of C. E. Heavren, a dentist. At his first trial Blackerby was sentenced to 21 years imprisonment.

A bill introduced in the senate by Senator Allie W. Young would increase salaries of county attorneys by giving them 50 per cent of all fines collected instead of 30 per cent received under the present law.

FORD MAY ESTABLISH RAIL TERMINAL AT MAYSVILLE

Representatives of Henry Ford are in communication with the secretary of the chamber of commerce at Maysville seeking information on locations of land available for manufacturing purposes.

Opinion is held in some quarters that this is the forerunner of a move by Ford to gain a footing there in order to have a terminal for the extension of his railroad, already surveyed to Aberdeen, Ohio, opposite there to connect with the Louisville and Nashville railroad at this point.

KENTUCKY RANKS THIRD

A good deal is said about the size of the railroad business and the automobile business and the moving picture business, but do not forget that the biggest business in the world is American farming. Twenty billion dollars' worth of products come from United States farms. This is more than the output of any other industry. Nearly one-half of the population is at work at this production. The greater number of farms is found in Texas, Georgia ranks second, Kentucky third. These are close to six and a half million farms in the United States.

'00 GAME SCHEDULE FOR BLUE GRASS LEAGUE

With the reorganization of the Blue Grass League at a meeting of directors of the six clubs held at the Phoenix hotel in Lexington last Thursday, fans are assured professional base ball in central Kentucky for another season.

Maury Kemper, Lexington attorney, was elected president of the league to succeed T. M. Russell of Maysville, who resigned. A schedule of 100 games will be arranged, the season to start May 1 and close on Labor Day. The same clubs, Lexington, Paris, Cynthiana, Maysville, Mt. Sterling and Winchester, will compose the circuit.

TWO ARRESTS FOR STATUTORY CRIMES

Oscar Myers, White, Estill Shaw, Colored, Charged With Serious Offenses

THIRD AFFAIR OF KIND

Oscar Myers, about 25 years old, farmer of the Pleasant Valley neighborhood, was arrested Saturday by Sheriff James F. Gaunce on a warrant charging him with unlawfully detaining a female under 16 years of age against her will. He was placed in jail in default of bond.

The warrant for Myers' arrest was sworn out by his father-in-law, John D. Burns, the alleged offense having been committed against Mr. Burns' daughter, who is about 14 years old. The child is a sister of Myers' wife, who died last week following the birth of a child. The alleged attempted attack occurred before the death of Mrs. Myers.

Estill Shaw, colored, was arrested in Lexington last Friday and returned to Carlisle by Sheriff James Gaunce to face a charge of wilfully and knowingly having carnal knowledge of a female under 18 years of age. The warrant for Shaw's arrest was sworn to by Mattie Tait, 17-year-old colored girl living in Henryville. He was lodged in jail in default of bond to await examination.

This was the third warrant issued for crimes against young girls in Nicholas county during the past week, the other warrant having been issued against Cosby Kenney, of this city, charging him with detaining a female under sixteen years of age. Kenney escaped and has not been located.

LAST OF LYCEUM COURSES TONIGHT

MAE SHUMWAY ENDERLY WILL GIVE LAST ENTERTAINMENT OF PRESENT LYCEUM SEASON

Out of 227 lyceum and chautauqua attractions, including large companies reported to the Billboard by various committees over the country, Mae Shumway Enderly stands second with an average grade of 99.51. Martin T. Pope, manager of the chautauqua circuit of Aurora, Mo., says Miss Enderly has a record of 100 per cent satisfaction in her seven months engagement with the company.

Her programs are original, unique and highly entertaining. She is a harpist, impersonator and reader, an artist in each line. She will appear in Carlisle at the Orpheum Thursday, February 21, at 8 p. m. Admssion adults, 50 cents; children 25 cents.

This closes the lyceum course for this season. If the public desires another course for next winter they are requested by the Parent-Teacher Association to attend this number. At the close of the program a proposition will be made which will interest the members of the junior class of the school especially.

KING TUT IN GOLDEN CAGE

The lid of the great stone coffin of King Tut-ankh-amen was raised in his tomb near Luxor, Egypt, last week, in the presence of Egyptian officials and prominent archaeologists.

Instead of the mummy of the Pharaoh being visible, the scientists upon removing three thicknesses of linen covers, found a magnificent mummy case of gold about twice the size of a man. On the top of the golden case is represented in high relief the form and features of King Tut. The golden outline shows what is believed to be a reproduction of the ancient monarch's face and form. In the hands are a sceptre and flail, while below the waist are representations of the protecting goddesses with outspread wings.

Dispatches state that this golden mummy case, in which the body doubtless reposes, will probably not be opened this year.

AGED WOMAN BURNED

Miss Carrie Clark, 84, Dies From Injuries Sustained

Miss Carrie Clark, aged 84 years, died at the home of her cousin, Dr. Asa Evans, in Farmers, Rowan county, Saturday night, from the result of burns sustained several hours before when her clothing ignited while she was standing before an open fire place. The body was brought to the home of her nephew, W. F. Clark, in this city, Sunday and funeral services were held there Monday morning, conducted by Rev. Bela Metcalfe, followed by burial in the family lot in the Carlisle cemetery.

Miss Clark was born in Cincinnati and was the youngest of a family of nine children, all having preceded her to the grave. A large number of nices, nephews and cousins survive.

Miss Clark spent considerable part of her time with her nephew, Mr. W. F. Clark, in this city, and was well known here. She was a passenger on the automobile bus when it turned over near town several weeks ago, although she was uninjured.

CAMPAIGN AGAINST UNLICENSED DOGS

OWNERS WILL BE GIVEN FINES ASKED TO CONFINE ALL DOGS DURING LAMBING SEASON

On account of the great damage done to sheep flocks during the past weeks, County Judge A. B. Tilton has requested owners of licensed dogs to pen their dogs or keep them on their own premises during the lambing season. Hardly a day passes, Judge Tilton stated to The Mercury, but what a claim for sheep killed by dogs is presented to the court. Over $1,500 has been paid out in sheep claims since the first of January, practically exhausting all the funds for this purpose for the remainder of the year.

1,041 dog single licenses and 33 kennel licenses have been secured by dog owners this year. It is said that half of the dogs in Nicholas county are not licensed.

Beginning this week, the Sheriff will make a canvass of the county and round up every unlicensed dog. Owners of the animals will be arrested and they may expect no clemency, Judge Tilton states.

Damage to sheep by dogs during the lambing season is especially heavy. At least two farmers of the county, it is said, have sold their flock of sheep on account of the damage from dogs.

TWELVE GREATEST LIVING AMERICAN WOMEN NAMED

The twelve women who have been declared by the National League of Women Voters to be the 12 greatest American women, are to be guests of the league at a banquet to be given in Buffalo in April.

The 12 famous women, and the endeavors in which they are pre-eminent are: Jane Adams, philanthropy; Cecelia Beaux, painting; Anna Jump Cannon, astronomy; Carry Chapman Catt, politics; Anna Botsford Comstock, natural history; Minnie Maddern Fiske, stage; Louise Homer, music; Julia Lathrop, child welfare; Florence Rena Sabin, anatomy; M. Carey Thomas, education; Martha Van Rensselaer, home economics; Edith Wharton, literature.

SPECIAL POOL LEGISLATION IS PASSED BY LEGISLATURE

A bill requiring independent loose leaf warehouses to post names of crop owners whose crops are to be sold on their floors at least thirty minutes before the sale is to take place was passed by the legislature Monday.

SUPERVISORS WILL SEND OUT NOTICES

Opportunity Given To Show Cause Why Value Should Not Be Increased

MEETS AGAIN TUESDAY

The Nicholas county board of supervisors composed of C. C. Ratliff, Forrest Dalzell, D. E. Wilson, T. L. Clark, Henry Fanning and Wilson King, recessed last Friday after being in session four days. The board will meet again next Tuesday to complete their work.

The board made no increase in the value of property listed, it is said, except where a reduction had been made from the previous year by taxpayers in giving in their lists. The valuation of most of the property listed was made to conform with the assessment of the previous year.

Through a misunderstanding of the new law it was announced that taxpayers whose assessments were increased would not be notified officially. However, it has been found that notices must be sent out and taxpayers given an opportunity to show cause why their property should not be increased, as heretofore.

The new law was passed at the present session of the legislature, and as it carried an emergency clause became effective at once. Under the present system the board of supervisors equalizes the value of property before the assessment is sent to the state tax commission for approval or rejection. If the valuation of the county is increased by the commission, a per centage increase will be made on each taxpayer.

AVERAGE WEALTH OF EACH KENTUCKIAN IS $1,459.00

The Kentuckian who is not worth $1,459 does not have his share of the wealth in the state. Figures bearing upon the subject, announced by the federal department of commerce, show the total amount of wealth in the state to be $3,582,727,000 compared with $2,235,353,000 in 1912, an increase of 60.3 per cent.

The average wealth of every man, woman and child in the state increased from $963 in 1912 to $1,459 in 1922, or 51.5 per cent.

The department explains that the increases in money values are to a large extent due to the rise in prices which has taken place in recent years and do not represent corresponding increases in the quantity of wealth.

While the total value of motor vehicles in Kentucky amounted to $57,337,000 in 1922, it is impossible to make comparison with the value in 1912, because no separate account was made at that time.

All classes of property increased in value from 1912 to 1922, except live stock, which decreased from $136,524,000 to $112,090,000, or 17.9 per cent. The estimated value of taxed real property, and improvements increased from $1,023,754,000 to $1,683,911,000, or 64.5 per cent; exempt real property from $115,679,000 to $181,028,000, or 56.6 per cent; farm implements and machinery from $21,962,000 to $34,503,000, or 57.5 per cent; manufacturing machinery, tools and implements from $41,219,000 to $97,856,000, or 137.4 per cent; and railroads and their equipment from $256,492,000 to $314,-31,000, or 22.7 per cent.

FIVE FRIDAYS

For the first time since 1886 and for the last time until 1952, 38 years ago and 28 years until we again have five Fridays in February.

February, as everyone knows, has 29 days once every four years, and it befalls each days portion to give five marks during February every 28 years and this year it is Friday.

Anti Pari-Mutuel Bill and Measure Reducing Tax on Farm Lands 10 Cents Pass In House Representives

With but little discussion, the lower House of the General Assembly passed the Bennett bill which would prohibit pari-mutuel betting at Kentucky race tracks. The vote was 56 to 38.

It was the first time such a measure had ever progressed to the point of decisive legislative action. It now goes to the Senate where unofficial tools have indicated it will lack about 9 votes of the necessary majority to pass it.

Proponents of the measure today were jubilant over the showing in the House. Under the auspices of an organization formed to secure repeal of the law which permits pari-mutuel betting they had conducted a campaign for more than two years. Opponents of the Bennett bill however apparently were little disturbed.

Annually thousands of persons journeyed to Louisville for the Kentucky Derby where last year public statement said $150,000 passed thru the machines at Churchill Downs.

Representative Amos W. Stamper voted in favor of the bill outlawing pari-mutuel.

After hours of argument and discussion, the house of representatives last Friday passed by an overwhelming majority the Nelson tax bill, an administration measure, designed to lower taxes on real estate and farm lands. The vote on the measure was 77 for passage and 12 for defeat. Of the 12 representatives who opposed the measure, nine were Republicans. The three Democrats who votd against the passage of the bill were Representatives Givens Dixon, of Henderson county; H. C. Duffy, of Harrison county, and Leon P. Lewis, of Louisville. The bill now goes to the senate for approval or rejection.

Under the provisions of the bill, as adopted after the house had made its changes, taxes on real estate and farm lands are reduced from 40 cents to 30 cents on every $100 worth of assessed property. The tax on franchises remains at 40 cents. The bill also provides that stocks in any corporation having 75 per cent of its property within the confines of the state are not taxable.

NEARLY $12,000,000 PAID POOL MEMBEES

HAVE ANOTHER PAYMENT DUE ON 1922 CROP AND TWO MORE ON THE PRESENT DELIVERIES

Nearly $12,000,000 has been paid to tobacco growers who are members of the Burley Tobacco Growers Co-operative Marketing Association since the delivery season of the association began on their 1923 crops, Secrearty and Treasurer H. Earley, of the big tobacco co-operative, reports in a statement from his office at Lexington.

Mr. Earley said that the association had distributed to its members approximately $70,000,000 since it began to handle tobacco for the growers. Of this amount about $24,-500,000 was paid the growers for their 1921 crop, $33,600,000 has been paid to them on that part of their 1922 crop which was sold early in the season and the $12,000,000 paid on the 1923 crop increases the total to slightly more than $70,000,000.

The members of the co-operative have a third payment coming to them on the 1922 crop, and, if the association follows the same policy as in previous years in paying for the 1923 crop, they will receive two more payments on the present crop.

The entire tobacco crop of 1920, the last sold under the old system of marketing, brought the growers $26,400,000. The terrific slump in prices between the market years of 1919 and 1920 may be better realized from a comparison of the total paid for the 1920 crop with the amount paid for the 1919 crop over Lexington warehouse floors alone, which was $2,800,000 more than the entire crop sold for in 1920 in seven states and over 140 warehouse floors.

The Burley co-operative, it was pointed out, already has paid to its members on their 1922 crops $7,200,-000 more than the entire 1920 crop sold for, with a third payment coming to the members. It has paid already, on the 1923 crop delivered so far, half as much as the entire 1920 crop sold for, with two more payments still coming to the growers.

Contract breaking, it was said, has practically stopped throughout the Burley district, as loyal members are taking a hand in the prosecution of contract violators and furnishing evidence of their offense in suits for injunction and damages.

AUGUSTA CLAIMED HOME OF FIRST AUTO MAKER

It is claimed by a former Augusta, Ky. man that the maker of the first automobile was a native of that city, the late Dr. Thornton R. Weldon. It is said that in 1860 Dr. Weldon built an automobile or "Horseless Carriage" and drove from Augusta to the Germantown fair, starting in the early hours of the morning and returning late at night "to keep from frightening the horses." When Dr. Weldon reached the fair grounds with his strange vehicle it caused so much curiosity that a tent was placed around it and an admission fee charged to view it. The craft, which did not have a top, was built on the order of a buggy, guided by a driver seated over the rear axle, with a lever attached to the front axle. The auto was propelled by two small steam engines.

Fire of undetermined origin destroyed the plant and equipment of the Record Press at Hardinsburg Saturday.

Thirty-eight persons have been electrocuted in Kentucky since that form of capital punishment was legalized in 1911. Of this number 26 were negroes and 12 white.

Two alleged automobile bandits fought their way from inside a patrol wagon, wounding four policemen, engaged in a running fight with other officers and were wounded and captured after a spectacular fight in the business district at Louisville Tuesday.

Operating Cost on Carlisle Market Lowest in District

Director of Warehouses R. M. Barker Says—Anonymous Letters Received

6,500,000 LBS. TO DATE

The receiving plants of the Burley Tobacco Growers Cooperative Marketing Association at Carlisle are being operated with the least expense of any market in the state, according to a letter received by The Mercury from Ralph M. Barker, director of warehouse of the association. The cost so far has been around 14 and 15 cents per hundred for receiving tobacco, which is far below the average, Mr. Barker says. The management of the local plant is to be congratulated upon the efficient manner in which the crop has been handled here.

As the result of an incident which occurred at one of the prizing rooms several days ago when three men were arrested while engaged in a poker game, Mr. Barker has received several anonymous letters from Carlisle. Mr. Barker, in the letter printed below, requests that senders sign their names to their letters.

The incident which led to the arrest of the three men occurred after working hours. Mr. Barker's letter follows:

"I have had several anonymous letters from Carlisle in regard to the conduct of some of our men at Carlisle, but have paid no attention to them because they were anonymous.

"I wish you would please say to your constituents there if they have any charges to file against any of our men, whose condect is not what it should be, I certainly would be glad to get them, but under no circumstances will I pay attention to anonymous letters.

"I am writing this to you because I know you have always been a good friend of the association and will be frank in advising me if our men are not doing what they should.

"I will say further that the Carlisle house is being operated at the least expense of any warehouse in the whole district, their cost of handling so far having been around fourteen and fifteen cents per hundred for receiving tobacco, which is way below the average cost.

"With kindest regards, I am yours truly,

"R. M. Barker, Director of Warehouses."

Up until the close of business last week, 5,709,835 pounds of tobacco has been received at the local receiving plants for the season. Delivery during the first half of the week was below the average and cut down the receipts for the week.

A rate of 150,000 pounds per day is being maintained this week and this will bring the receipts for the season to over six million pounds.

DENBY RESIGNS AS SECRETARY OF NAVY

RESIGNATION OF NAVY CHIEF IS ACCEPTED BY PRESIDENT WILL RETIRE ON MARCH 10TH

Edwin B. Denby Monday tendered his resignation as Secretary of the Navy and his resignation was accepted by President Coolidge. Theodore Roosevelt, assistant Secretary of the navy, after a conference with President Coolidge, announced that he would not resign.

After repeatedly denying he ever would quit the cabinet under the fire of those who have criticized his part in the oil leasing scandal, the secretary notified President Coolidge that he was ready to step out.

Secretary Denby and Albert B. Fall leased the Teapot Dome oil fields, valuable mineral holdings of the government, to a private corporation, causing an investigation in congress.

His retirement will probably take place on March 10.

PREMONITION IN ANIMALS

Animals have strange premonitions sometimes. Dogs showed signs of great uneasiness two days before the last eruption of Mt. Etna began, and went about howling. Birds also stopped singing two days before.

When the first shock came cats mewed pitifully and rubbed themselves against the feet of the nearest human being.

Hares came out of their hiding places, and huddled together on the roads, showing not the slightest fear of passers-by.

IMPORTED CLOVER SEED NOT ADAPTED TO THIS CLIMATE

Imported clover seed, although it may be clean, plump, of good color and high germination test, according to F. J. Kinney, of the Kentucky College of Agriculture, answering recent requests for information, is not adapted to the climatic conditions in this country and should not be planted. Home grown seed, even though higher in price, due to a scarcity of the seed this year, is a better investment than either the French or Italian seeds.
