HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calomint, the remarkable mint-flavored calomel tablet that checks these diseases almost instantly. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calomint at bed time with a swallow of water is said to be all that is necessary for the slightest indisposition with cold, sore throat, grippe or pleurisy. Next morning your cold has vanished, and the system feels refreshed and purified. Calomint is said to be entirely free from the objectionable features of the old-time calomel, and guaranteed by druggists. Your money back if you are not delighted.—Adv.

ENORMOUS CROWDS ATTENDED THE FAIR

Greatest Display of Agricultural and Home Products Ever Seen in Carlisle Held Here Friday And Saturday

WAS SUCCESS IN EVERY WAY

The Nicholas county agricultural fair held in the Grauers warehouse on East Main street last Friday and Saturday was one of the most successful events held in Carlisle in many years, and was also the most successful exhibit of farm produce, stock and fowls ever held here.

Hundreds of people attended the fair, both days, the crowd on Saturday being especially large. The large warehouse was filled to capacity throughout both days.

Never was such a display of apples, pumpkins, potatoes, turnips, beets, cabbage, etc., seen in Carlisle. The poultry exhibit was splendid, and the home department was one of the best features of the fair.

The great interest which was manifested by the rural schools of the county was shown by the unusually noteworthy exhibits of the fair. Practically every one of the schools of the county was represented with exhibits of school work, and the work of the schools were represented by almost every district in the county.

The fruit interest which was manifested in the county was shown by the
