### The Easter Appearance Of Good Clothes

Every man wants to look his best on Easter. Tradition says that we should "dip up" in Spring traditions and stroll up the avenue.

It's a pleasant custom, casting aside the dark, heavy robes of winter and blossoming out, like the spring birds, in lighter, cheerful clothes.

We boast of ourselves on Easter morning, carefully groomed in one of our new suits, a builder of confidence and lasting satisfaction. We will be pleased to show you a number of our new suits and patterns.
