CITY SCHOOL ACTIVITIES

The next and last number of the lyceum course will be given by the Concord Company. This program has been changed from March 4 to March 5 on account of the basket ball tournament.

Miss Geneva Galbraith, president of the Girls Reserve Club, reported to the directors' meeting that the members of the club would act as an advertising committee for the visiting teams.

This week and the fourth six weeks period of school. Only twelve weeks left for school.

Our high school poet, W. H. Martin, Jr., posted the following on the bulletin board one day the last week:

Our basket ball team isn't quite the scream
That some of the knockers say.
That they fight at the start
and think fast apart
Like the wonderful One Hoss Shay.
You never can tell but that they'll do well,
There are going to Fight for that Cup.

Lamb Improvement Conference

Every farm in this county who is interested in the production of lambs is urgently requested to attend the meeting of sheep men which will be held in the Court Room of the Court House on next Saturday afternoon at 1:30 o'clock. At this hour the importance of producing top lambs for the market will be discussed and the methods outlined by which this can be accomplished.

During the past few years there has been a steady trend upon the part of ducking and canning factories to demand a more uniform and universal throughout the country in which spring lambs are produced and not a great many of the lambs that are produced in this county. Those who have been raising lambs for a number of years will be clean and shape to give us a prosperous crop.

Sow Legumes (Jap Clover)

Sow Lespedeza (Jap Clover) this spring.

Lespedeza cannot grow alfalfa soils are likely to be short of hay, now and then.

If your pastures are in the habit of getting short in July, Lespedeza will help you out.

If you have trouble getting a stand of clover or your land needs lime, Lespedeza will help to improve your land.

As the season for planting the tomatoes is fast upon us, the question of fertilizer, or securing a cheap way to get more plant food into the soil, is one of the questions that is uppermost in the minds of many farmers. Now is the time to start the soil packing process for tomatoes.

In other crop has so many uses as much of this county, as other crops have done so much to make the land of the South so productive and opportunities for future improvement, no other crop should be made to yield as large a return per unit of labor and investment from a small investment.

For the past few years we will need at least one sowing time will soon be here and we should be well prepared for it. The chances are that you will plant your corn on the same farm as you did last year, you have been sorry of it, and you will want to sow legumes.

For additional information concerning this matter consult your County Agent.

JAMES A. CAMERON FOR TAX COMMISSIONER

To the voters of Nicholas county, I'm placing my name before you for your consideration as County Tax Commissioner, I am not claiming you owe it to me. It is just a matter of interest to someone. I thought if the people believed I was qualified and desired the duties of the office of Assessor under the old law they would give me a term under the new system of getting the land. So with good feelings for everyone and best wishes for Jas. A. Cameron, I am yours.

JAS. A. CAMERON.

GET AT THE CAUSE!

Many Carlisle Folks Are Showing How to Avoid Needless Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day aches, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Don't suffer—stimulate disorder in the kidneys—have brought peace and comfort to many Carlisle people. Profit by this Carlisle neighbor's experience:

A. F. Kerns, prop. coal business, Water St., says: "I had occasion to use Doan's Pills some time ago and had the best of results. My back was lame and stiff but when I used Doan's Pills or pick up anything, a sharp pain darted across my kidneys. I felt all out of sorts and my kidneys were sluggish. When I got Doan's Pills from Doan's Drug Co., relieved me of kidney trouble."
