WHEN MARCH COMES IN LIKE A LION, YOU'D BETTER GO OUT LIKE A LAMB

Lambs don't mind March weather—they've got the warmest coats Nature ever gave—thick, heavy wool.

When you buy clothing from us, you get a covering as purely wool as the fleece on the back of a lamb. And it will keep you warm in spite of all the furies of March weather.

For warmth and style in your spring suits and coats, come to us. You won't find us cold on the matter of price, either.

THIS IS THE TIRE

Lancaster Balloon Cords which had previously been given several thousand miles in hill climbing and speedway tests were used on the Cleveland Six Sedan in the record-breaking dash from San Francisco to Portland and return. And they came through the 1,500 mile grind without attention and ready for several thousand miles more of hard driving.

THIS IS THE CAR

This is the Cleveland Six four-door sedan which established a new world's record of 21 hours, 20 minutes from San Francisco to Portland, and 48 hours, 19 minutes for the round trip. The same car, using the same tires, had previously been used in several hill-climbing tests on Mt. Diablo and track trials at the Fresno speedway.

AND THIS IS THE RUN THEY MADE

The route from San Francisco to Portland runs through all sorts of roads. During the run, heavy rain storms, turning to snow in the mountains, were constantly encountered, while the roads were almost constantly covered with ice or choked with snow and mud.

"....1500 Miles Through Ice, Snow, Mud, Rocks and Every Strain that a Tire Could Be Put To...."

"THE performance of these tires has been so remarkable that it has been a revelation to our sales force that such an excellent product could be manufactured."

So writes Chas. L. Bowman, Sales Manager of the Chandler-Cleveland Motor Car Co., San Francisco, regarding the Lancaster Balloon Tires used on the Cleveland car which set a new world's record on the 1500 mile run from San Francisco to Portland and return. The test was made over all sorts of roads—"through ice, snow, mud, rocks, and every strain that a tire could be put to,"—and *the preformance was so outstanding that even the car dealer marvelled!*

This is real proof of the stamina you can count upon when you ride on Lancasters. And, after all, it is such reliability plus ever-handy upkeep service that counts in tires. *Lancaster upkeep service is certified.*
