FOSTER V. COX
FOR COUNTY ATTORNEY

Elsewhere in this issue appears the formal announcement of Foster V. Cox as a candidate for the office of county attorney, subject to the action of the Democratic party. In making his announcement Foster Cox issues the following card to the electorate:

In making my announcement as a candidate again for the office of County Attorney I trust I'll am not transgressing upon the patience or good will of my friends or of the people of Nicholas county.

I have been your legal adviser for nearly eight years; during that time there have been many questions asked by your interest, each and all of which I have attempted to discuss and answer properly. I cannot endorse laws without the benefit of an adequate sentiment of reliance, pattern of the county. I am not before that any citizen can justly condemn me for failure to try my case fairly and impartially, and further, when I may be "putting myself on the hook," he may use any hook I have shown partiality or unfair dealings in my presence or even in my every day.

While the legal affairs of the county are of vital moment to every citizen, regardless of political affiliations, I have ever striven to merit the commendation of all insofar as my advice is requested. I have no view in the management of the county's affairs, only a legal advisor. If my advice is not accepted then those who acted contrary thereto are blamable and not me.

There are many matters that I can make out your specific attention to which I have been beneficiary, and to which I have been beneficiary, critical and will be for a giving of at times I have erred. "To err is human" is surely a legal axiom. If my advice is not accepted then those who acted contrary thereto are blamable and not me.

There are many matters that I can make out your specific attention to which I have been beneficiary, and to which I have been beneficiary, critical and will be for a giving of at times I have erred. "To err is human" is surely a legal axiom.

Assuring you that I will give to you the best attention to duty, to lend other your interests, to play fair and square on as I have heretofore used in the premises, again I respectfully solicit the favorable preferment my duty as County Attorney of Nicholas county, to the best of my ability, without fear or favor, so help me God, as well as to the post. I am,

Respectfully,
Foster V. Cox.

GETTING UP NIGHTS
Are you obliged to get up many times during the night? Does backache keep you awake? Are you nervous, irritable, feel all run down? Do you suffer from Rheumatic pains? Then you should take Doan's Kidney Pills. Doan's are for the kidneys. They help the kidneys clean out poisonous waste matter from the blood. Are recommended the world over. Ask your neighbor!
A Kentucky Case
Mrs. Belle Stone, 228 Dorcas Ave., says: "My back ached for weeks at a time and the pain extended into both of my sides. My sight became affected and black spots came before my eyes. My kidneys acted too often and were not often enough. After using Doan's Pills, my backache left and my kidneys were regulated."
The above statement was given November 15, 1919 and on May 7, 1924, Mrs. Stone said: "Whenever I have needed a kidney remedy I have used Doan's Pills and they have never failed to help me."
60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
