THURSDAY, OCTOBER 4, 1934

OCTOBER 8-9-10 "TURN ABOUT IS FAIR PLAY"

The Nicholas County Agricultural Fair has been made possible and is FREE to the public mainly through the efforts and the contributions of the business men of Carlisle and Nicholas county. They have given of their time and money generously and the Carlisle Chamber of Commerce has agreed to make good any deficit incidental to the hiring of a band and other features to make the Fair enjoyable. Does it not strike you as only fair and right that these merchants be given your patronage? A prosperous merchant makes a prosperous town. A prosperous town means a prosperous community. The money you spend out of town will not come back to you. Most certainly that money will not help to promote a FREE FAIR for your enjoyment.
