Kentucky Roads Get Federal Aid

299 Miles Highway Now Under Construction In State; 429 Miles Completed

Kentucky farmers and tourists now enjoy 155 miles more of Federal Aid highways than they did a year ago, according to the Southern Outlook Agricultural Foundation.

This mileage, completed in the year ending June 30, cost a total of $1,000,512, of which the Federal Government furnished $1,502,047.

Highway construction under this plan now under way in the State totals 299 miles, while the total mileage completed previous to last year, was 429 miles.

This additional mileage, while a convenience to the tourist in the State, is a godsend to the farmer, according to the Foundation. It is estimated that each and every farmer in this section of the country averages thirteen tons of farm products hauled to market and three tons of feed, fuel, fertilizer, machinery, supplies, etc., delivered. When good roads make trucks feasible this is not very burdensome, but it represents a good many hours' labor where horses and poor roads must be used. And so, while the tourist finds inter-city roads mighty comfortable, to the farmer a good road means a better farm to the nearest market is a downright necessity.

ARE CHILDREN ENTERING SCHOOL PHYSICALLY FIT

Child Health Talks by Dr. Josephine Baker, Assistant Director, Bureau of Child Health, and Board of Health, Louisville Ky.

Last year over 10,000 preschool children were examined at the Child Health Conferences conducted by the Bureau of Maternal and Child Health. Every one of these children examined at one of these conferences had pus were found. Over 3000 Johnny had swollen tonsils and adenoids, or bad teeth, or that he did not stand correctly, or that he needed glasses for that matter. If no his mother was advised to take him to the family physician for his treatment. Perhaps she was very busy and then again she may not have money to take Johnny to the doctor for such a simple matter what could be easier as well wait until summer was on and the school was out? After 3000 Johnny had endless
