RABBIT MEAT LIKE CHICKEN

To acquaint the public with the virtues of domestic rabbit meat and to encourage its consumption, the United States Department of Agriculture has issued a colored poster picturing two dressed rabbits and plate of fried and baked rabbit and calling attention to the special qualities of this meat.

Domestic rabbit, says the Biological Survey, which is carrying on investigations in rearing rabbits, tastes more like chicken than like wild rabbit. Few housewives are familiar with its food value and delicious flavor. Domestic rabbits are raised in batches, where they have only limited exercise and where they can be properly fed. They are cleanly in habits, and their diet, consisting chiefly of oats, barley and alfalfa hay, makes the meat more tender and evenly flavored.

(Grant County News)

1. You shall sell your farm products for cash, and we buy nothing from you.

2. You shall believe in us, because we do not know you personally.

3. You shall send your money to us in advance, so that we may buy goods from the factory with your money; you may have to wait a few weeks, but that is our business method.

4. You may buy church bells and altar utensils from us, and send the money in advance—that's our rule.

5. You shall get all the help you can from the farmers men or your neighborhood; although we may save more profit from you than they have, it is against our rules to give to your churches.

6. You shall get help from your nearest city or village to build good roads, so you may easily haul your goods from the depot, but do not ask help from us—we don't help to build good roads.

7. You shall convert your neighbors also to your faith in us, for we have room for many more.

8. You shall look at the pretty pictures in our catalog as often as you can, so as to strengthen your desire for what you can't afford, but which you may order with other goods to us, and then you will still your ready cash so that you may not have any left to buy necessities from your home dealers.

THE MILLIONAIRE'S SECRET

To be a millionaire, a man must not only get rich, he must be able to stay rich. A certain well-known millionaire, who died recently, stayed rich, said: "I invest my money in the world's greatest combination."

That man has learned a valuable secret. But a man's money, however much he has, is never worth so much to him as his mind, his industry and his health.

Has it ever occurred to you that you are your most valuable investment and can be carefully as you invest your money?

Why not invest your intelligence through a county newspaper by subscribing to the Youth's Companion? It is the oldest magazine for young people in the world—and nearly the oldest of all the American magazines. It is also one of the most interesting. Practically every famous author of the past hundred years has written at one time or another for the Companion. Only this fall, for example, the Companion has published a new story by Jack London. Do you like stories of adventure? Mystery? Romance? They are all in the Youth's Companion.

Here are the terms of an investment guaranteed to be profitable:

1. The Youth's Companion—52 issues in 1927, and

2. The remaining issues of 1926, all for only $2.

3. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only $2.50.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling, bad sensations, toxic backaches and headaches. That this condition is not functioning properly is often shown by burning or scanty passages of secretions. Warning Issued By Health Board

Poke Eye Specialists Are Working Rapid Ravages of State, Board Of Health Declares

Posing as eye specialists promising relief for any and all defects, a number of men appearing from time to time, in widely distant communities, are practicing upon the ranknet kind of fraud, Cullen Thomas, a northern Kentucky county, one of these crooks visited Carlisle a few months ago, he contracted, and assured a eye to be examined free. He was given a little drug in the eye. The misguided victim was told that he needed glasses and the use of the costly radium treatment. A radium in the preparation used that could be extracted from the ore. Only the well-to-do could afford the expensive treatment, and so it was ordered. This, of course, is the oldest kind of fraud and is worked extensively, not only in Kentucky, but in other states.

Physicians of all sections of Kentucky are hereby warned against these fakers and their methods, not only as a matter of fact, against all kinds of fakers who prey upon humanity. The eye is too important an organ to take any chances with, and under any condition requiring attention, a reputable physician or licensed optometrist should be consulted.

CARLISLE SCHOOL NOTES

(Ellen Stewart and Jane Thomas)

Friday, Nov. 5, marked the birthday of our ninth week of school. All pupils were present and no tardy marks carried on splendidly.

On Monday afternoon, Nov. 8, the teachers met and attended the annual Girl Reserve Conference, October 29-31, at Richmond. It was a very interesting reports of the meeting.

Tuesday we had the pleasure of hearing Miss Mary Lee Hall, Girl Reserve secretary, and Miss Mary Pfanstiel last week and helped with the high school laboratory.

Miss Pfanstiel has had much experience in teaching Domestic Science and this is believed to have been increased by a fellow ship through Columbia University. She has seven years. The June 30 figure was higher by $1,000,000.00 than a year ago.

The American public during the past two years has drawn down about $800,000,000 in interest on savings deposits, another new record.

NO SECTION SUCCEEDS SELF

Home enactment of the Kellogg peace pact for the election at United States Senators by direct vote of the people, the election of United States Senator from Kentucky and the election of governor of Kentucky when the state legislature shall convene in January, 1928, were not so rare. Carlisle, to-date, has had a meeting served out a term to which he was appointed, was re-elected. Senator James S. Beck retained his seat in the senate for many years. But since the memorial was engrave choice of senators by popular vote each senator who has sought to retain his seat has been defeated.—Richmond Register.

Monday, Nov. 8, was an usually a Blue Monday. Everybody had had a two fold good game Friday. Despite the score of the Maysville game, we feel that Carlisle played up a great fight against the Maysville team. We regret that we suffered the loss of several of our players who will be out of the game. Our score would have been quite different.

Tuesday, one of our famous "Tuesday" days, we were entertained at chapel period by Miss Mary Frances Fisher's second grade. It was a fine program given by the grade that we've had this year, and it was enjoyed by the student body. Tuesday evening the P. T. A. had a "Father's Meeting" in the school chapel and every father was invited. Rev. Ishmon, pastor of the Christian church, delivered a very interesting address and Carlisle's four fine, it was a very enjoyable occasion.

Wednesday afternoon the Girl Reserves met in the auditorium. "Great Women" was the theme of the following program:

Bible Reading "Story of Ruth"—Ruth Harper.
"Life of Helen Keller—Alma Booth
Piano—Dolores Fisher.
"Life of Grace Dodge"—Grace Linville
Cornet—Special Music—Mrs. Gee. Linville
Piano—Mrs. Harding Hays.
Code, garrison, slogan and benediction—Ruth Harper.

Thursday was Armistice Day, that day when all the nations of the world have been long enough to give thanks to God and to the boys, who fought and died that we might be free as to enjoy "life, liberty, and the pursuit of happiness." The student body gathered in the chapel at eleven o'clock, and after a moment of silent prayer during the ringing of the bells, was entertained by the following splendid program under the auspices of Carlisle American Legion Post:

Prayer—Rev. R. O. Bell
Song "Star Spangled Banner"—Student Body.
Talk—Mr. I. B. Ross, Mr. E. F. Kendall, and Rev. R. O. Bell.
Song "America"—Student Body.

We are especially appreciative of the Legion giving us that opportunity to offer tribute to our World War Veterans.

Musketeers Lose Last Home Game

Eminence High School Defeats Local Team 25 to 7 in One of Fastest Games of Season

Well, folks, the Musketeers won another game here this year.

In one of the fastest games of the season, the Eminence team defeated the Musketeers here Friday by a score of 25 to 7 in the last home game of the season.

Eminence, taking advantage of the breaks in the game, outplayed the locals in the first half, but it was a different story in the last half, when Carlisle, playing the visitors off of their feet.

Eminence's first marker was the result of a fumbled punt, recovered by a member of the ball team. Carlisle's first line. It was an easy matter to go over then. Their third score was the result of a blocked punt, which they recovered deep in Carlisle's territory. Their other two touchdowns were results of line and passes. The Musketeers scored their touchdown in the second half, Cook and Clark carrying the visitors ends and smashing off their tackles almost at will in the last half.

Interference was in evidence for the first time this year on the part of the locals, the broken field running and passing of Sanford, Clark and Cook was a revelation. Clark skirted the visitors ends in the last half for from 5 to 15 yards at a clip, while a passing average of best 2 to 3 of 40 yards.

All of the Musketeers played a bangup ball in the last half, it's a very little slow ahead working for us.

Eminence made 12 first downs on the Musketeers.
