Dangerous Ocean Stretch

Cape Prince of Wales is a promontory on Bering sea and forms the most northwest point of North America. It terminates in a peaked mountain presenting a bold face to the sea and is dangerous on account of a shoal which stretches to the northeast.

Designs for Currency

The designs of United States paper currency are made by the bureau of engraving and printing and are submitted for approval to the secretary of the treasury. If the design bears a portrait it must be a portrait of a deceased person.

SATISFACTORY COAL

A VERY IMPORTANT WINTER PROBLEM

and we are now ready to help you solve it with a big supply of

King Mountain

The Purest, Cleanest and Most Economical Jellico Red Ash Coa on the market. It took us two years to get this coal, but we are now exclusive agents, and you will appreciate its quality for any purpose.

Dixie Blue Gem

One of the most popular coals among those who have used it. It is practically ashless, clinkerless and sootless and we especially recommend it for cooking stoves and grates.

Hi-Lo

This coal derives its name from the fact that it is high in heat and low in ash. It is pure, firm and blocky; holds fire and is excellent for grates and heavy stoves.

Tepee Elkhorn

The last word in furnace coal, and unexcelled for public buildings, schools, or other purposes where a regular, slow burning fire is required.

Cannel Coals

In the big block we have Pluto Cannel, the only successor to the extinct Greasy Creek. Our Kitchen Kannel, in smaller Block, is also meeting the approval of our customers.

If We Could Get Five Better Coals We'd Have Them

When we sell a load of coal we want it to be so satisfactory in every respect that you will come back to us when in the market again, and we know of no better way to bring you back than to give you the best coals and the best service at the most reasonable prices possible. We solicit your patronage only under these conditions and would remind you that right now is the time to buy your winter supply.

CARLISLE COAL AND FEED COMPANY

BLUE GRASS FAIR TO BE GREATEST EVER

From offices of Blue Grass Fair, dates of which are August 22-27, inclusive, Lexington, Ky., comes information from Secretary C. S. Darnaby to the effect that he is making arrangements for the greatest fair in history of his organization. Entries are coming through the mails in large numbers and his office force is working over time getting ready for the week of August 22.

The catalog carries 24 departments and includes Junior Club Work in a separate department, which will be quartered in a continuous series of tents in order that the public may have the opportunity of appreciating the vast amount of work the young farmers are accomplishing, a wonderful Women's Work department in Floral Hall, agricultural products that will run into the tons, a splendid exhibit of dairy products; in fact everything has been planned to have a great fair for Lexington.

Aside from the agricultural and other educational features of the coming event the midway has been kept in mind and clean and attractive attractions have been provided for that part of the coming fair.

Secretary Darnaby urges the public to write for catalogs; they are free to everyone and will be mailed to any address, no matter how far away. Offices of Blue Grass Fair are at 406 Wolf-Wile building, with elevator service through Hernando Building at 128 East Main street.

There will be articles costing two, three or four dollars each such as; Shoes, Hosiery, Jewelry, Ribbons Gloves, Neckwear, and Shirt waists. Some will contain Dollar Bills so besides the real value awaiting you there will be lots of fun seeing the crusty old batchelor winning a baby cap or corsets, or the dignified School Mistress opening a box containing, men's hose supporters, or undershirts.

Get here Saturday morning August, 20 for the Big Show. No boxes sold before one minute after 10 a.m.
