FOUR-WHEEL BRAKES

FOR AMERICA'S FASTEST FOUR

DODGE BROTHERS ADD NEW EQUIPMENT AT NO INCREASE IN PRICE

Four-wheel brakes of the latest and most efficient Stoeckrad type now insure deceleration equal to the amazing acceleration of America's Fastest Four!

Four of striking beauty—merely finished—standardly equipped—long, low and gracefully designed.

A car you can drive for years because in every detail it is built the good Dodge way—carefully and accurately.

Step on the brake pedal and feel the positive, cushioned braking, absolutely uniform on all four wheels.

Each Dodge Brothers high speed critical standards. Six months in public service, this Four has already won a product award for itself as a product over built by Dodge Brothers.

After stern trial, it has been accepted as a value—a genuine and trustworthy motor. And now with four-wheel brakes at no extra cost, you can buy it knowing that money has no greater buying power in the field of transportation.
