DON'T LOSE YOUR HEAD in the belief that riches always bring real contentment. A lady asked her husband if he remembered the time that they were so poor they had to eat liver and onions. "Yes," he said, "now that we are rich we don't eat them, because we CAN'T AFFORD THEM." Real contentment comes from taking advantage of opportunities.

A FORD CAR, at the price it sells for and the wonderful service it will give makes the buying of it the greatest opportunity the auto-mobile world holds for you.

$145.00 SAVED between the price of a FORD Touring Car and the next lowest price car means something to the buyer. Besides the Ford Car contains more good, hard service than any other.

TALK'S CHEAP, but rough roads are hard on automobiles and they must be made of good material to stand up on them. Remember, there is no better material in any car, regardless of price, than is in the FORD.

Cars painted in colors, and they are optional with you. Come in and select your color.

Wheelbarrow Long in Use

The wheelbarrow is a good illustration of the old adage of familiarity breeding contempt, at least indifference. We are so used to having one around the place that a few of us in this day and age know what this useful article was invented. Its beginning is lost in antiquity, for thousands of years ago it was known to the Chinese, who got it to good use. The modern, steel, perfectly balanced vehicle is but an improved edition of a crude idea of ages ago.

Her Idea of "Art"

A New York "society photographer," whose work adorns the pages of many "art publications, has numerous requests for private engagements. One such came from the wife of a society rich man, who telephoned for an appointment. "And how much do you charge?" she asked. "One thousand dollars," was the reply. The photographer heard a gasp, and then came, "One thousand dollars! Why, how large a picture do you take?"

Price of farm land in Nicholas county is lower than at any time in many years, real estate men say, and there is little demand for farms. Some real estate dealers and farmers believe land has reached the low mark and will advance, while others believe it will still go lower. After all the price of farm products is the determining factor in the price of land, and it is upon this the future prices will be based.

SHEEP OWNERS ORGANIZE

At the annual meeting of the Mason County Sheep Growers Association held in Maysville Saturday, resolutions were passed calling for the employment of a manager of the association whose duty will be to cooperate with county officials in rounding up unlicensed dogs and aiding in the enforcement of the dog law. A committee for this purpose was named in each voting precinct.

OIL STRUCK IN ROBERTSON

At last oil has been struck in Robertson, a fairly good well being brought in at a depth of 620 feet on the farm of Elmer Osborn at Bridgeville. This will be gratifying news to those who have always had faith in Robertson as being in the oil belt. Mr. Irvin Jett of Bracken was in to town Monday and furnished us the above information and it can be depended upon as being correct. The well will be shot Saturday, and probably "shot."—Mt.
