INJURY FATAL

Centre College Student Dies At Result Of Coasting Accident

Claude Baisley, 20 years old, of Somerset, sophomore student at Centre College, died at the Danville hospital last Friday night from injuries sustained a few days before while coasting. Baisley was internally injured and little hope had been held for his recovery.

The accident occurred when he and Miss Wanda Tucker on a sled crashed into an automobile while going down a hill. The heavy fog was blamed for the accident as the driver of the machine did not see the sled.

Heroic action of Baisley prevented Miss Tucker from suffering injuries less injurious, as he hurled himself in front of her to prevent her being struck by the automobile.

A STRANGE WILL

An unusual will is that of Charles Miller,. Toronto, who left $800,000 worth of brewery shares to Methodist ministers of the Toronto conference, while $25,000 in shares in a jockey club are bequeathed to two lawyers and Rev. Benjamin Spence, of the prohibition union, one-third to each.

Should any of the beneficiaries of this peculiar will refuse to accept the bequests, these sums are to remain in the estate. At the end of nine years all property left in the estate is to be sold and the proceeds given to the parents of the largest number of children born in the province of Ontario within the nine years.

Considerable interest is aroused over whether the preachers will accept this brewery and race track money. It may cause them some searchings of conscience to decide.

CKING RIVER AT HIGH WATER MARK

Heavy Rains Of Last Week Caused River to Reach Flood Stage

WATER HALTS TRAFFIC

A rain which began falling in this county on Monday night, Jan. 17, and continued at a steady rate throughout the week, caused Licking river to reach the flood stage Saturday following a steady rain of 48 hours, beginning Friday morning.

The highest peak of the river was Sunday afternoon but it was not until Monday afternoon that the water began receding. At Myers Station, Blue Licks, Pleasant Valley, Millworx and other points in this county on the river, great damage was wrought.

At Myers Station the water was said to be about an inch higher than in 1913, the previous high record. Three or four houses in this section were flooded, and traffic between Carlisle and Myers Station was halted.

At Blue Licks it was said the water lacked a few inches of being as high as it was in 1913, but was higher than ever before with that exception. Three houses in Blue Licks were reported flooded, as well as several stables, barns and other buildings. The old Blue Licks hotel building, sheriffs informed his home for several hours.

The day before Johnson killed three persons and barricaded himself in his home. The first killing occurred on the public building and killed Mrs. John Howard and her daughter, Mrs. Jessie Bishop. He fled to his home, which was quickly surrounded by a posse of citizens. Appearing at an upper floor window, Johnson fired into the crowd, killing a college student. Woman Held For Slaying Driver

Followed Him Five Miles, Caught Him Talking To Another Girl And Shot Him Nine Times

Mrs. Otis Cramer, 32 years old, wife of Joe Cramer, coal miner at Yancey, Harlan county, was arrested Thursday and lodged in jail on a charge of slaying Fred Miller, 25, also of Yancey.

The slaying occurred Monday night at Bardo, five miles from Yancey. Sheriff Creager said the tragedy grew out of jealousy. He said he had information that Mrs. Cramer followed Miller from Yancey to Bardo and shot him nine times when she found him talking to a girl. The woman, mother of three children, refused to discuss the killing.

Nicholas Poolers Receive Checks

Nicholas Farmers Received More Than $200,000. It Is Estimated, On 1925 Crop

It is estimated that Nicholas county members of the Burley Tobacco Growers Co-operative Marketing Association received more than $200,000 in the six million dollar distribution made on the 1925 crop of tobacco last Thursday. This was the second distribution made on the 1925 crop.

This payment made by the pool raises the amount paid on the 1925 crop to $18,361,205.44, and is fifty per cent of the amount advanced on the crop when it was delivered a year ago. The total amount of money paid members of the association on the first five crops amounts to $151,022,896.73, making the average payment to all growers of $117.37 a hundred pounds.

President James C. Stone sent a telegram to each grower in which it is said that the Association has sold about 52,000,000 pounds of tobacco, on which it will make further payments when sold. This tobacco is of the crops of 1923, 1924 and 1925. Those of 1921 and 1922 having been sold and paid for in full.

Each of the statements out also carries an explanation of the deductions to retire the preferred stock of the warehousing corporations which have bought the 97,000,000 worth of real property owned by the association.

BOYS FRYING CHICKEN

Set Fire To Building On Farm Of Walker Hollar

Walker Hollar, who owns the farm known as the Harvey place on the Myers Station road, discovered smoke coming from one of the outbuildings on his farm Sunday morning and investigated.

When Mr. Hollar investigated, two young boys ran out of the building. The boys had kindled a fire on the floor in the building and were frying a chicken which they had taken from Mr. Hollar. The fire was extinguished by Mr. Hollar.

The boys, who live in that vicinity, and are 11 and 12 years old, were brought before Judge Paul D. Darnall Tuesday morning and were released upon their promise to go to school and behave themselves. Because of their tender ages, their names are withheld.

Woods Turned Down in Senate

Coolidge Choice Rejected For Membership On Interstate Commerce Commission

The United States Senate Monday rejected the nomination of Cyrus E. Woods, Republican, of Pennsylvania, to be a member of the Interstate Commerce Commission, after a bitter three-day fight had been the result. The vote was 49 to 28, the closing hours of the struggle bringing a party line vote at the outset, leaders of both factions had predicted would be a close contest.

Practically every Democratic Senator, all the Republican progressives and a sprinkling of old guard regulars, including the two Senators from Kentucky, joined to defeat the nomination. It was the most impressive Senatorial rebuff at the White House since Charles Beecher Warren was denied the post of Attorney General.

AGED COUPLE RESCUED

Mrs. Phil Clark, 75 years old, went to the well of her home in Livingston county Friday to draw a bucket of water. She fell in and heavy rains the well caved in.

A few minutes later Mr. Clark missed his wife from the house, went to the well and found her unable to get out. In trying to rescue her he fell in when another part caved in. Late in the afternoon their son, Ben Clark, came to the house and his parents and found them both in the icy waters, clinging to the sides. He quickly rescued them. With the exception of slight colds the aged people are none the worse for their harrowing experience.

OFFICERS GIVEN LIFE

ASKS $1,800 FOR INJURIES SUFFERED

When Mule Frightens At Motor Truck And Runs Away

SWIFT CO. DEFENDANT

A damage suit for injuries suffered when an animal became frightened at an automobile, the first suit of this nature brought in the Nicholas circuit court for several years, was filed last week by Orville Wagoner, farmer residing in the Ellisville section of the county. The suit was filed against Swift & Company, and the plaintiff asks $1,800 for personal damages and $36 for physician's services.

In his petition Mr. Wagoner states that on the 9th day of October, 1926, he and his daughters, Bertha and Nellie Wagoner, were riding in a buggy drawn by a mule on the Sinnell and Alexander road near Ellisville, when a large truck owned by Swift & Company, loaded with meat, came upon them with a turpaulin, came toward them. The mule becomes frightened by the flapping of the turpaulin, the petition recites, and the driver of the truck refused to stop the truck although the occupants of the buggy screamed and signaled for him to stop.

The flapping turpaulin caused the mule to become more frightened and to rear and plunge and finally to run away," overturning the buggy and throwing the occupants out. As a result Mr. Wagoner was cut and bruised about the head and his right eye was permanently injured. He also was bruised and cut about the face and shoulders. No mention is made of injuries suffered by the girls.

Conley & McCartney are attorneys for Mr. Wagoner, and the trial will probably be called at the February term of circuit court.
