CROSSING WATCHMAN DIES

Native of Nicholas County is Fatal Accident at Paris

Elzie Honaker, 57 years old, crossing watchman for the L. & N. Railroad Company, died at the Massie hospital in Paris last Wednesday night from injuries suffered on Tuesday morning when a car of coal cars derailed at the Tenth street crossing in Paris and demolished the tower in which he was operating his safety gates. Honaker was thrown to the ground, suffered injuries to his spine and a fracture of the skull.

Mr. Honaker was a native of Nicholas county, a son of Mr. Jacob and Nellie Frisby Honaker. He is survived by five daughters and three sons. Funeral services will take place at Paris Friday afternoon.

45 BOTTLES HOME BREW

Alleged to Have Been Found Loads To Arrest of Willie Lawrence

Willie Lawrence, 25 years old, was arrested by Sheriff L. B. Barton, Deputy Sheriff Amos W. Stamper and City Marshal Ernest Sims last Friday afternoon after the officers had raided his home in Mungerville, suburb of Carlisle, and said to have found 45 pint bottles of "home brew," which, it is alleged, belonged to Lawrence.

Lawrence is charged with having in intoxicating liquors in his possession. He waived examination when arraigned before County Judge Paul D. Darnall Saturday afternoon and was released on bond for his appearance before the grand jury at the September term of the Nicholas circuit court.

HUNDRED BILLION FAGS

Almost a hundred billion cigarettes were manufactured by registered factories and bonded warehouses in the United States last year. The Census Bureau announced. More than 9,500,000,000 cigarette were exported.

Cigars manufactured totaled almost 7,000,000,000 and almost half of them, or 3,500,000,000 to be exact, were intended to retail for not more than a nickel. Stogies comprised about 93 per cent of this class. Only 7½ per cent were intended to retail for more than 10 cents.

The Panama Canal is due south of Pittsburgh, Pennsylvania.

Frankincense is obtained from the spruce fir.

STATE PARK DEDICATED

Governor Fields Accepts Natural Bridge For State

Kentucky's newest state park—Natural Bridge Park, was formally dedicated Sunday afternoon when a large crowd attended the dedication, including high railroad officials.

E. S. Jouett, vice president and general manager of the L. & N. presented the tract, containing 100 acres, including the famous Natural Bridge, and the park was accepted by Governor Fields.

MIDLAND TRAIL OPENED

The new concrete section of the Midland Trail east of Owingsville has been completed for traffic. This section has been under construction nearly one year and the detour has been a part of the time. The new road extends from the eastern city limits of Owingsville for about six miles east. The remainder of the road in Bath county is in fairly good condition now and the remainder of the road in Bath county will probably not be built for two or three years.

NICHOLAS NATIVE DEAD

Mrs. Nannie J. Lawrence, 64, Dies At Home in Indiana

The following article is taken from last week's issue of a Greensburg, Ind., newspaper:

Mrs. Nannie J. Lawrence, 64, passed away at 8 o'clock this morning at the home of her daughter, Mrs. D. M. Stamper, four miles south of Greensburg after a long illness of heart trouble and complications. The deceased was a daughter of John S. and Mary J. West Heath and was born in Nicholas county, Ky., Nov. 23, 1862. She was married to Alvin Lawrence June 20, 1878, and lived in Kentucky until the death of her husband September 3, 1912 and since then has lived with her daughter, coming to Decatur county in March, 1919, with Mr. and Mrs. Stamper. The daughter was the only child. Funeral services were held at the Stamper home Wednesday, the Rev. A. L. Stamper, of Springport, officiating. The body was taken to Elizaville, Ky., for burial.

KENTUCKY WALTONIANS TO SHOOT AUGUST 10-11

Rixie Davis, one of the most enthusiastic members of the Izaak Walton League in the State, was in Carlisle Wednesday with programs of the Waltonian State Shoot, which will be held at Hill Top Gun Club, on Mr. Alfred Clay's farm, near Paris, August 10-11.

$412.15 in trophies will be given and any shooter wishing to participate must be a member of some I. W. L. A. chapter in Kentucky.

Hill Top is one of the finest and most beautiful gun clubs in the United States, with wonderful shade trees, a semi-circle club house and five traps. The visitor is assured a cordial welcome. August 10 will be "practice day."

HATS OFF TO SHANKS

(Maysville Independent)

Hats off to Auditor Shanks, who gives out a routes honest excuse for not continuing his candidacy for the gubernatorial nomination. "I do so because the situation is such that I cannot win," is the whole reason summed up in a few words. Few candidates tell the truth about their withdrawal, but Mr. Shanks has done so and should have all credit due his manly statement. His withdrawal reminds the writer of an old time campaigner, a physician who had retired from active practice to make room for the profession better than anything else that he had ever done when some one inquired: "Doc, why did you quit it?" "Why, my dear brother, it is easily explained; they quit sending for me." So in Mr. Shanks case the people did not send for him.

BOY SLAYS MOTHER

At Columbus, Kansas, Saturday, William Justice, 13 years old, shot and killed his mother, probably fatally wounded two sisters, 9 and 17 years old, and then killed himself at his home. The boy had been working with an older brother in the field and it is believed his mind was unbalanced by the heat.

THE CARLISLE MERCURY

VOLUME LX. ESTABLISHED 1867 CARLISLE—NICHOLAS COUNTY, KENTUCKY THURSDAY, JULY 7, 1927 PUBLISHED THURSDAYS NUMBER 27

SLOW PROGRESS IN HOSPITAL CAMPAIGN

Only Few Subscriptions Are Reported by Committee Past Week

DRIVE WILL CONTINUE

Are the citizens of Nicholas county to pass up what will probably be the only opportunity ever presented to get a hospital? From the progress made during the past week for funds with which to maintain the institution it would appear that the citizens of the county are willing to lose the hospital.

Only a negligible number of subscriptions have been reported since over last issue, although several members of the committee have made a determined effort, giving freely of their time, to make it a possibility.

Surely there are three hundred public spirited citizens in the county willing to give $10 per year for three years to finance the hospital. The Mercury cannot believe the men and women of this county, realizing the valuable club house and five traps. The visitor is assured a cordial welcome. August 10 will be "practice day."

Let us have a hospital in Carlisle and most beautiful gun clubs in the United States, with wonderful shade trees, a semi-circle club house and five traps. The visitor is assured a cordial welcome. August 10 will be "practice day."

Let us have a hospital in Carlisle and

23 Students in Successful Tests

Only One Failure in Class Which Was Given Second County Diploma Examination Tuesday

Twenty-four rural school students who had failed in one or more subjects in the county diploma examinations held here several weeks ago, were given examinations upon the subjects in which they failed at the court house Monday and all of them passed the tests except one. These students will be given county diplomas with other students at the regular commencement to be held on Thursday night, July 21.

The students and schools were: Allen Smith, Judy Fulton Emaus; H. Wood Reeves, Ernestine Eades, Headquarters; Pearl Pollack, Kirtley McKinney, Barterville; Wilson Clark, Carolyn Wilson, Moorefield; Theada McFarland, Cora Bell Asnip; Tey, Bell; Blanche Guthrie, East Union; Elizabeth Bunton, Carlisle; Gordon Brassell, Emaus; Harold, Goose Creek; Mildred Brunker, Morning Glory; Anna Wesner, Taylor's Creek; Edgar Scott, Miranda; Elizabeth Robinson, Moorefield; Emma Turner, Jess Emmons Summers, Della Marks, Stanley Wilson, Estelle Grant, Mary Stout, Henryville colored.

Plan Celebration At Blue Licks

145th Anniversary of Famous Battle To Be Observed on August 19, According to Plans

A movement has been started, The Mercury has been informed, to hold a celebration at Blue Lick of several thousand persons on the one hundred and forty-fifth anniversary of the battle of Blue Licks, one of the fiercest battles between the whites and Indians ever staged in Kentucky.

This history of the battle of Blue Licks is familiar to residents of Nicholas county, but for the benefit historic battle field that it is proposed to erect a memorial in honor of the pioneers who lost their lives upon the occasion. Although the legislature appropriated $15,000 for the construction of a monument, no funds are available for the purchase of the land upon which to locate the memorial.

The commission named by Governor Fields to have the memorial constructed has agreed upon the spot upon which to set it. The commission wants to purchase about fifty acres in order to make a state park.

Although no definite program has been arranged for the celebration scheduled for August 19, the present plans indicate the day will be one of the biggest in the history of Nicholas and Robertson counties.

REFUSED DEATH, PEEVED

Refused death in the electric chair as he had requested, C. E. Marble, 69-year-old recluse, convicted of the murder of a youth who "peppered him" at McAlester, Okla., declared the Governor was "mighty nice" in commuting the sentence to life imprisonment. "If I had my way or any rights in the matter I would choose the chair," Marble said. "I would have 'boasted' in a short time. I dread life imprisonment." He received the death sentence, refused to appeal and was sentenced to be electrocuted July 29. Governor Johnson last week ordered the life imprisonment.

MAY RE-ESTABLISH TELEGRAPH OFFICE

Maysville Paper Says L. & N. and Western Union Have Made Agreement

TO RECONSTRUCT LINES

According to Tuesday's Maysville Independent, the Western Union Telegraph Company and the Louisville and Nashville Railroad Company have practically closed a contract whereby the former company will again use the railroad company's right of way for its lines.

It will be remembered that the two companies engaged in a long extended litigation when the former contract expired, the railway ordering the removal of the Western Union lines and poles from its right of way. The telegraph company won a big verdict, since which time the telegraph company has not operated in Nicholas county.

The closing of the new contract means that there will be general reconstruction of lines along the more than five thousand miles of the Louisville and Nashville railroad system as the point of the railway are to be used, which in many instances will be rebuilt and strengthened in order to carry the additional load. It is estimated that it will take several months in which to install the Western Union lines and poles and for the telegraph company will work with the railroad crews in the replacement.

Infected Gum Causes Death

J. T. Alexander, of Cynthiana, Native Of Nicholas, Succumbs From Blood Poisoning

J. T. Alexander, city commissioner of Cynthiana and garage man of that place, died in the Harrison Memorial hospital at seven Saturday of blood poison resulting from an infected gum. Mr. Alexander had a tooth pulled several days ago and the gum became infected.

Mr. Alexander was born in Nicholas county January 13, 1877, and was the son of Mr. and Mrs. Jesse Alexander and the late Mrs. Emily Alexander. He was a nephew of Mrs. J. F. Alexander, of Carlisle, and has many other relatives throughout the county. Mr. Alexander is survived by his wife, four daughters and one son, Mrs. Jesse M. Van Deren, of Covington; Margaret, Katherine, Sue and J. T. Alexander, Jr., and Misses Emily George Alexander, of Cynthiana.

Funeral services were held at his late home Monday afternoon, conducted by Rev. Marvin Adams, pastor of the Cynthiana Baptist church, and burial took place in the Battle Grove cemetery with Masonic services at the grave.

Unthank Gives Year's Report

$131,059 in Property Destroyed And 1,611 Persons Arrested During Past Year

Property valued at $131,059 was seized and destroyed by prohibition agents working under Deputy Prohibition Administrator Ben F. Unthank between July, 1926 and June, 1927, according to the annual report submitted by Mr. Unthank.

The report, listing the various articles confiscated in prohibition raids, showed that the agents had destroyed 628 illicit distilleries and 583 illicit stills. During the year's time 20,032 gallons of spirits and 10,211 gallons of malt liquors were taken.

A total of 492,962 gallons of wash was taken by the agents together with 684 1-2 gallons of wines and 460 gallons of cider. The number of fermenters seized was listed in the report as 2,728.

Ninety-four automobiles, valued at $3,345, were confiscated by the agents as a part of the property seized, $36,350 which was not destroyed.

The agents arrested 1,869 persons during the year, the report stated, and the number of persons arrested by state officers assisted by federal officers was placed at 1,000.

An average of 10 agents worked under Mr. Unthank during the past year.

Rev. Gammon Receives Call

Pastor Local Presbyterian Church Called To Pastorate Of Missouri Church

The Mercury received a few days ago a marked copy of the Higginsville, Mo., Jeffersonian, which contained the following notice:

"At a meeting of the Presbyterian church held Sunday morning the congregation extended a call to Rev. W. J. Gammon, of Carlisle, Ky., to become pastor of the local church. Rev. Gammon preached here a few weeks ago and made a favorable impression."

When seen by a Mercury representative yesterday Rev. Gammon said he had received no official notice from the church and therefore could not make any statement in regard to the call.

Rev. Gammon has been pastor of the local church for about three years and has many friends here who would regret his leaving Carlisle.

93 Miles of Roads Involved in Bids

Nicholas Among 12 Counties Affected by Bids to be Opened July 29 by Highway Commission

Bids for contracts calling for the construction of 93 miles of roads, two and three-quarters miles of stone along twenty miles of highway will be opened by the State Highway Department July 29, E. N. Todd, State highway engineer, said Tuesday. The commission will probably award the contracts at their first August meeting. The projects embrace thirteen counties and call for 70.3 miles of surfacing and 22.9 miles of grade and drain roads.

The Carlisle and Cynthiana road intersecting with the Maysville and Lexington pike to the Bourbon county line is included in the projects.

Issues Warning Against Typhoid

State Board of Health Declares in Statement That Disease May Be Prevented

"Whether you stay at home or go away this summer, be inoculated against typhoid fever," is the advice of Dr. A. T. McCormack, State Health Officer.

Declaration against typhoid fever is an inexpensive and safe form of insurance, Dr. McCormack said, and two inoculations, one each week for three weeks, are required. The injections cost five cents a week for three weeks and you are protected against typhoid fever for about three years.

Typhoid fever is not limited to any age group. The figures on file at the State Board of Health show that the largest percentages of deaths are below thirty-five years of age. In 1926 there occurred in Kentucky approximately seven thousand cases and four hundred and fifty-nine deaths from typhoid fever. What a terrific economic loss! Nearly all of the deaths from this preventable disease occur.

Typhoid fever is an unnecessary disease. To get it you have to take the germ into your mouth. This germ lives in the bladder and in the intestines of those ill with typoid fever and who are typhoid fever carriers. In other words, to contract typhoid fever you must have taken into your system, through the mouth, human excreta. In being vaccinated against typhoid fever you have practically eliminated all chances of contracting the disease.

My advice to every citizen in Kentucky who hasn't been vaccinated against typhoid fever within the last two years, is to go to your doctor immediately and have it done.

SAMPSON OPENS CAMPAIGN

Republican Nominee Scores Lobbyists, Ignores Pari-Mutuels

With an attack on "subsidized lobbies and a free pass tax on cattle and a pledge, if elected, to work for more and better roads, more schools, lower taxes on farm lands and fewer changes in textbooks in schools of Kentucky, Judge Flem D. Sampson, of Barbourville, candidate for the Republican nomination for governor, opened his campaign with an address at Corbin Saturday.No mention of the pari-mutuel question was made by Judge Sampson.

OGDENS NOT IN FIGHTING ZONE

Missionaries To Tibet Safe From Chinese Uprisings Letter States

SUFFER FROM MALARIA

Mr. and Mrs. A. F. Ogden, of Bald Hill, last week received the following letter from their son, James C. Ogden, who is stationed with his family at Batang, Tibet, in the missionary field. The letter was written on March 2, 1927, almost four months being required for it to reach its destination:

Just a word to let you know we are all in fair health except we have some malaria and a light case of flu.

The malaria has on all stomped to death what to do. It says our energy so, and quinine does not seem to cure it. Otherwise we are getting along fine. I have gained back 8 lbs. of what I lost but I am now 18 lbs. underweight.

Tzublen in China seem to continue and they say there is fighting near Yenjin to the south of us but it is quiet in Batang. A family of a few hundred yards above us got robbed of all they had in the house a few nights ago but this is a common occurrence in these parts.

Do not be disturbed by newspaper reports. Everything is quiet here and going on peacefully.

Hoping this letter will get through the rubber and fighting area and find you happy and well I am yours lovingly.

Jim.

Quiet Primaries In Nicholas Seen

Little Interest Being Taken By Democrats Out of Either Race in Campaign For State Offices

With the Democratic and Republican primaries to select nominees for state offices but thirty days off, the election on August 6 promises to pass into history as one of the quietest in the history of the county. Although both Democrats and Republicans have large fields of "favorite sons" seeking nomination, no great effort is being put forth for any of the aspirants.

The primary campaign in this county so far have been singularly free of any bitterness. The usual Democratic mud-slinging and resultant bitterness among party leaders and followers is conspicuous by its absence. Democrats are campaigning, assuring a united party for any candidate nominated.

The Republicans are in the midst of their first primary campaign for state offices in several years. With the exception of the governor's race little interest is being taken in the campaign, although the county is expected to give a heavy majority for R. R. Kendall for Clerk of the Court of Appeals.

Mountain Schools To Get $60,000

Herbert Hoover Announces Large Sum For Schools Within Area Making Survey

Appropriation of $60,000 additional by the American Red Cross for the sole use of aiding rehabilitation of schools washed away by the Eastern Kentucky flood was announced Saturday in a telegram to Senator Frederic M. Sackett from Herbert Hoover, Secretary of Commerce, and James L. Fieser, vice chairman of the National Red Cross.

This gift was in response to a suggestion made by Senator Sackett when he, Mr. Hoover, Mr. Fieser and others toured the devastated districts in the mountains last week. Their survey disclosed three major problems—health, bridges and schools, Senator Sackett said.

The health situation has been taken care of; the Red Cross donation given by Senator Sackett to help the schools, and plans are being worked out for bridge replacement, according to Senator Sackett.

Administration of the $60,000 fund placed in the hands of a Board of Trustees composed of Senator Sackett, Dr. Frank McVey, president of the University of Kentucky; Dr. William J. Hutchins, president of Berea College; Mayleery Rhoads, State Superintendent of Public Instruction, and others, according to Senator Sackett.

Large Crowd at Legion Picnic

Monday Ideal Day and Great Throng Attended Event Held In Mothers Woods

Approximately 1,500 persons attended the American Legion picnic held in Mothers woods near town Monday, while several hundred more remained in town throughout the day. While the crowd at the picnic was not as large as in former years, due to the fact that farmers were busy cutting it was as large as had been anticipated.

Everyone who had promised to attend the picnic and make addresses failed to put in appearance, with Tandy Ellis, famous Kentucky entertainer, made one of his inimitable humorous addresses.

The Georgetown high school band of fifteen splendid young boy and girl musicians entertained the crowd until the afternoon when Carey Lewis and his d-Orsian Syncopators took the stand. The colored orchestra played for the dance which was given in the redryer at night.

The day was ideal for a picnic, and no accidents marred the pleasure of the occasion.

Checks For Pool Stock Delayed

Complications Arising Out Of Decision Of Court Of Appeals Delay Payment

Checks for the guaranteed earnings on the warehouse stock of the Burley Tobacco Growers' Co-operative Association's subsidiary corporations, which it was hoped to have delivered to the growers last week, will be delayed by complications arising out of the decision of the Kentucky Court of Appeals as to the ownership of earnings on stock owned by the tobacco growers, Secretary-Treasurer D. P. Anderson, of the Burley Association, said.

Inasmuch as the decision of the court reserves the entire piece of matters of ding ownership of the stock, it required some study, Mr. Anderson said, and it will be several days before the checks can be prepared for delivery.

The same is true, Mr. Anderson said, of the stock itself, which the office had expected to have ready for issue soon after July 1, but the same complications as have caused delay in the delivery of the checks for the guaranteed earnings also will require some time and care in the issuances of the stock certificates to the growers.

Mr. Anderson said he hoped the growers would be patient, as they have been workers, but more time is required to issue the checks so as to make certain that neither the growers nor their associates shall lose any money through issuing checks for earnings or stock certificates to any person not legally entitled to receive them.

D. A. R. GIVEN BRIDGE

The historic covered bridge at Camp Nelson, which spans the Kentucky river between Jessamine and Garrard counties, has been presented to the Daughters of the American Revolution of Kentucky by the State Highway Commission. The bridge, which is the oldest one of its kind in Kentucky, has been closed to public travel for over a year and a new structure is being erected nearby. If the D. A. R. accepts the bridge it must be maintained by the organization.

SOLD OUT IN FEW DAYS

After Inserting Classified Ad In The Mercury

Several weeks ago E. W. Morgan inserted in The Mercury a small classified advertisement offering for sale frying chickens which resulted in his selling all of his chickens within two or three weeks, according to a statement made to The Mercury.

Mr. Morgan had more than 200 chickens for sale. For three weeks after he had sold out people called him about the fowls, and one day he had fifteen calls, as a direct result of the advertisement, Mr. Morgan said.

Rural residents who have frying chickens or other farm produce to sell could find a ready market by the insertion of a small ad in The Mercury.

CHAUTAUQUA OPENS THIS AFTERNOON

Annual Seven Day Program Begins Today, Tent in Court House Yard

PROGRAMS 3 AND 8 P. M.

Carlisle's annual Redpath Chautauqua is scheduled to get under way this afternoon. The big top has arrived from Princeton, Ky., and is being erected on the court house lawn.

Report from the local guarantors is to the effect that more than the usual interest is being shown in the Chautauqua this year and that there is every indication of a splendid attendance.

A glance at the program shows a great number of very fine attractions, among them the two recent New York stories, "The Great Hatrys High" and "The Patsy"; Bohumir Kryl, world-famous bandmaster and great band; Lamont magician extraordinary; The Chicago Male Quartet and The Buford Serenaders. The lectures are also of a very high order and include such outstanding figures as Rabbi Bryan Owen, daughter of the late William Jennings Bryan, Tom Skeyhill, author, dramatist and world-traveler, in his celebrated lecture, "With Mussolini and the Blackshirts," R. B. Ambrose, the celebrated wizard, Myra G. Brooks, mother of Louise Brooks, the movie star, all of whom are regarded as authorities in their particular field.

The programs will begin at 3 in the afternoon and 8 at night. Season tickets for the entire seven days may be had from the local guarantors. Children's tickets are good between the ages of six and fifteen years, the single admissions applying only between the ages of six and twelve.

Mr. Richard G. Sharpe will have charge of the Chautauqua this year and has arrived in Carlisle. Mr. Sharpe comes here highly recommended by the Redpath Bureau and will, no doubt, make many friends during his stay.

The opening number of the program this afternoon will be furnished by the Chicago Male Quartet, singers and entertainers, who will give the afternoon entertainment. Tonight they will furnish the prelude for lecture demonstration of R. B. Ambrose, noted wizard.

Friday afternoon the Eleanor Cook Company of young ladies, the Cook Quartet, will appear in concert, and again in the evening as prelude to the lecture, "Modern Aladdins Lamps," by Bryan Owen, daughter of the late William Jennings Bryan.

Tuesday, "It 'Ery Day" when the handmanger par excellence, Bohumir Kryl, a favorite at Chautauqua and which resulted in his selling all of his chickens within two or three weeks, according to a statement made to The Mercury.
