Unselfish Service to State Is Beckham's Aim "My Policies." DOES NOT SEEK HONORS OR OFFICE

When J. C. W. Beckham was Governor before he not only built Kentucky's magnificent State Capitol out of current funds but has other notable accomplishments as well. Among these we note:

He paid off an old debt of \$1,800,000. He left a cash balance in the Treasury of \$1,250,000. He collected from the Federal Government an old Civil War debt of \$1,324,000, which his predecessors from the Civil War down to his administration, had failed to do.

He placed the State Penitentiary and Asylums under Central Boards of Control, and removed them from the pernicious influence of politics. He created the Normal School System for the training of Teachers, and built the two schools now located at Richmond and Bowling Green.

He lengthened the Common School Term from five to six months. These are a few of the things accomplished under Governor Beckham's leadership.

Like A Granite Shaft-- And Just As Enduring! Beckham's record towers like a granite shaft over the broken pledges which litter the history of State administrations since his time—A. A. Boman, editor of Woodford Sun.
