# King Mountain

The Purest, Cleanest and Most Economical Jellico Red Ash Coal on the market. It took us two years to get this coal, but we are now exclusive agents, and you will appreciate its quality for any purpose.

### Dixie Blue Gem

One of the most popular coals among those who have used it. It is practically ashless, clinkerless and sootless and we especially recommend it for cooking stoves and grates.

### Hi-Lo

This coal derives its name from the fact that it is high in heat and low in ash. It is pure, firm and blocky; holds fire and is excellent for grates and heavy stoves.

# Tepee Elkhorn

The last word in furnace coal, and unexcelled for public buildings, schools, or other purposes where a regular, ricw turning fire is required.
