OUR CLASSIFIED ADS PAY.

Had You Thought Of This?

If we had ten small manufacturing industries in Carlisle, all drawing their supplies from Nicholas county farmers, paying taxes to Carlisle and Nicholas county, giving in payment to Carlisle and Nicholas county citizens for labor and other services who in turn were distributing their salaries and wages with Carlisle and Nicholas county merchants, banks, and other institutions, wouldn't it be a good business for every citizen of Carlisle and Nicholas county to stand behind these ten enterprises and do everything possible to keep the wheels turning and the whistles blowing?

We haven't ten industries of this kind in Carlisle, but we have two or three and we may have more some day.

The fact that we here are doing just what we have pictured He-tic might be doing and would appreciate the same support we know you would give, if you had ten or a dozen.

The way to get more enterprises is to let it be known that the old home town is looking affectly own interests by standing loyal-hearted with its home institutions and investing more in them.

Respectfully,

The Carlisle Mill & Supply Co.

Senior Class Compelled To Postpone Play On Account Of Illness

The Senior Class of Carlisle High School announces with regret that it has been compelled to postpone the giving of its play "The Mummy and The Humpy" until the first week of April. This action has been necessary on account of the illness of one of the members of the cast and sickness in the family of another. The members of the cast were exceedingly anxious to put this play in in a minimum of time. They have been working hard on it and it would be ready for presentation at time announced were it not for the unexpected delay explained above.

The play will probably be given Tuesday night, April 4th. Watch for advertising posters and announcements.

The will of the late James George was probated in county court last Friday. Upon the death the property is bequeathed to his rightful heirs, to be divided equally.

All money was directed to be divided equally between Mrs. George and Mr. George's two daughters, Mrs. William Cuzley and Miss Hope Lee George. The will was dated April 2, 1923, and was witnessed by H. B. Gaugh and John Kinney.

Mrs. George was nominated as administratrix of the estate with the request that no bond be required.

SLAYS HUSBAND

Shotgun Used By Wife To Protect Girl Visitor In Home

Mrs. Annie Lowery Clemens, 30 years old, killed her husband, Alvin Clemens, 37, a farmer and traveling salesman, at their home in Livingston county last Wednesday night. Mrs. Clemens declared she killed her husband in the bedroom of a girl guest in the home.

According to testimony, Mr. and Mrs. Clemens attended a dance at the home of a neighbor and were accompanied home by Miss Pearl Kempsey, 16, and Sylvestia Poe, 18. During the night Clemens is said to have gone into the room occupied by the two young women and ordered Miss Kempsey to leave the room. Mrs. Clemens was attracted by screams of the girls, and seizing a shotgun went to the scene, opened fire and killed her husband instantly.

TO SURFACE TREAT ROADS

Road From Carlisle To Bourbon Line Included In Projects

Working upon a strictly cash basis, for the first time in its history, the State Highway Commission plans to put forward in road construction with rapid strides in April. During the coming month contracts are contemplated for ninety miles of road construction, surface treatment of 241 miles, delivery of crushed stone along thirty-five miles and construction of two bridges. The work will be handled by the state by highway officials at approximately $1,500,000.

Opening of bids for bridges and construction was announced for March 31, and bids for the other work are to be opened April 14.

The projects include the surface treatment of the Maysville and Lexington road from the Bourbon county line to the Carlisle and Sharpsburg road, a distance of 4.9 miles, and the surface treatment of the Carlisle and Sharpsburg road from the intersection of the Maysville and Lexington road to Carlisle, a distance of 2.2 miles.

C. & O. IS SUED

BY TWO WOMEN

Two suits were filed in the Mason Circuit Court against the Chesapeake and Ohio Railroad by attorneys representing Mary Lewis and Mary Green, both setting up the same allegations and each asking damages of $1000 and other relief.

Both petitioners allege they purchased round-trip tickets from Augusta to Cincinnati and that, on the arrival of the train at Augusta on their return trip, they were prevented from getting off the train by a man who blocked the way and the train pulled out and brought them on here, the conductor refusing to stop and let them off.

They allege there was no train returning before the next day and they were compelled to remain all night at the depot, being without means with which to purchase a bed or a meal.

Mrs. Katie George qualified in county court Monday as administrator of the estate of her husband, James George, with Mrs. Lizzie Hughes surety in the sum of $6,500.
