Does Advertising in Your Country Paper Pay?

This Carlisle Man Says It Does. Mr. Alois Peters has done good showmaking and good show reporting here for many years. One might say: "Everyone knows Al Peters; everyone knows he does good, honest work, so why should he have to advertise?"

And What was the Result?

Well, Mr. Peters did decide to use the columns of THE MERCURY for a year. He contracted for a weekly space, in which appeared well-prepared copy. His advertising appeared every week, giving his message a chance to sink in. He didn't do sporadic advertising; he didn't let the name stand for several weeks.

Does Advertising in The Mercury Pay?

We'll Tell the World It Does. You can prove it for yourself, as Mr. Peters did. We have a monthly cut service and will be glad to help any merchant prepare attractive advertising.
