Convict Liberty by Gift of His Blood
Alfred S. C. A. gift of his blood given in a vain effort to save the life of his only son, was given by Billy his freedom from the state prison...

Of Course there's a REASON Why we have sold the farmers of Nicholas and adjoining counties, since October 40 Solid Car-Loads of Tuxedo Feeds

We do not claim that it was on account of any superior salesmanship of ours, nor do we just attribute it to the general shortage of feeds, because there have been many other kinds of feed on the market. But when one concern rolls up a business like this there MUST BE A REASON and we are going to give credit where we think it is due.
In the first place farmers are demanding Quality Feeds and they know WHEN they are getting quality feeds and they know WHERE to get quality feeds. They have long since learned that the name TUXEDO on a bag of feed is their assurance of getting full value for their money expended and that each specific feed will do just what it is recommended to do.

Tuxedo Dairy Feeds
either 16, 20 or 24 percent, are manufactured with the single view of producing more milk, enough more to make a profit over and above the cost of the feed. They are guaranteed to do this and as the farmer knows, they must be doing it.

Tuxedo Egg Mash
The wonder egg maker, the feed that doesn't cost you a penny—and we can prove it to your satisfaction—is so scientifically balanced that it must give the results claimed for it, and our sales on this one Tuxedo item prove to us again that the farmer knows.

Tuxedo Hog Ration
Just as essential for the health, happiness and prosperity of Mr. Hog, as well as his owner, is becoming one of the most popular of the Tuxedo group, and it contains every ingredient that is required to make a hundred pounds of pork at the least possible expense.

There is a Tuxedo Feed for Every Need
and we are dedicating this page advertisement to its wonderful qualities, and to the hundreds of feeders in this community who have the good judgment to appreciate such qualities. It is the most popular and profitable feed on the market today.
