We Accept the Challenge In our page ad last week, in which we set forth some of the excellent qualities of TUOXEDO FEEDS, we referred to

Tuxedo Egg Mash As "the feed that doesn't cost you a penny," and said we could prove it to your satisfaction. Now, we've been asked to prove it, so here goes the proof--WITH A BAG OF FEED THROW IN.

And It Won't Cost You a Penny You can't fifty good, normal hens from your flock, divide them into two pens, feed 100 pounds of Tuxedo Egg Mash and feed it to one of the pens according to your directions. Feed the others less the mash and if the Tuxedo fed hens do not produce enough more eggs to pay for the extra feed we will refund your money. If they do or they don't the feed hasn't "cost you a penny."

According to the price of eggs, 3, 2, or 1 extra egg per day will turn the trick. NOW, CAN'T WE PROVE IT TO YOU?
