THE STARS CALL TO PRAISE

This night is wakeful with a million eyes
That glow, not like our pilot of the North,
Like guardian of the followers of the sea,
Nor steady like that torch of eastern skies
Which guided ancient shepherds safely forth.
These glow as stars that stir unceasingly,
And seem to call the universe and me.

Upstarlled, sleepless frogs peer out a-moaned
From once familiar pools, now strangely bright
With many a million mirrored swinging lamps.
Then through the pregnant silence comes their dazed,
Dull, bubbling talk to punctuate the night.
Their deep-toned voices muted by the damps,
That lie forever in these wooded swamps.

And who am I to turn a deafened ear,
Or sleep-dimmed eye on summons such as these,
Bare summons sought in vain by many a king.
Most gracious summons, yet insistent, clear,
That bid me witness on my bended knees
This meaningful, mysterious, holy thing.

Gliding,
Where all the stars in heaven dance and sing.

IF I WERE KING

(Justin Huntly McCarthy)

If I were king—ah, love, if I were king!
What tributary nations would I bring
To stoop before your sceptre and to swear
Allegiance to your lips and eyes and hair!
Beneath your feet what treasures I would fling—
The stars should be your pearls upon a string.
What rubies a ruby for your finger ring.
And you should have the sun and moon to wear,
If I were king.

Let these wild dreams and wilder words take wing,
Deep in the woods I hear a shepherd sing
A simple ballad, to a sylvan air,
Of love that ever finds place for more fair;
I could not give you any goodlier thing
If I were king.

PHYSICAL CULTURE IN CITY SCHOOLS

Physical Development Of The Children In Gymnasium Important Step

TOTAL ENROLLMENT 436

Under the direction of Hobart Walker, director of athletics, and Miss Lida Burgess, a course in physical culture will be inaugurated in the Carlisle city schools, beginning next week. The course will probably include grades three to eight. Calisthenics will be given the boys and girls each day, the idea being to build the body as well as the mind. This, The Mercury believes, is one of the most wise steps ever taken by the school.

All children will be held in the gymnasium. Both Mr. Walker and Miss Burgess have had special training in this work.

The P. T. A. is planning to purchase a new piano for the gymnasium, a part of the money having been raised by entertainments given by the P. T. A.

Many visitors, including parents, alumni and friends, have visited the school during the past week, and Superintendent Plunkett requests The Mercury to state that visitors will be always welcome at any time, and urges citizens of Carlisle and Nicholas county to visit the school. The visitors have been unusually impressed with the fine building, which has been painted and decorated throughout. New seats have been installed in the auditorium, and now has a seating capacity of 84

The following is the enrollment to meet at the regular student chapel hour Thursday and form class organizations.

The regular weekly chapel periods for the public school will be held on Tuesday mornings at 10 o'clock, and the public is cordially invited to attend the exercises.

Increased enrollment since the opening of school have brought the total for the high school to 189 and the grades to 247, making a total of 436, the largest enrollment in the history of the school. Following is the present enrollment by grades:

First grade, 41; second grade, 44; third grade, 30; fourth grade, 30; fifth grade, 27; sixth grade, 30; seventh grade, 21; eighth grade, 24; freshmen, 59; Sophomore, 45; Junior, 53; Senior, 22.

Rev. Gammon states that he and family are well pleased with their new home and work. He encloses the annual report of the church which shows that 18 new members were taken into the church during the past year. A weekly paper is published, showing the activities of the church.

'COST PLUS' ROAD SCHEME BLOCKED

State Highway Body Rejects Plan In Which Scandal Witness Figured

(Louisville Times)

A group of promoters, on friendly terms with John Sampson, brother of the Governor, came to Kentucky with a scheme for doing the State's road work on "a cost plus" basis and a contract that, failed to sell the proposal to the Highway Commission, it was learned Saturday.

The most spectacular member of the group was William L. D'Oller, important witness in New York's $16,000,000 "sewer scandal," whose death from gunshot wounds last Sunday startled his home city, but did not interfere with the progress of the Kentucky proposition to the commission Wednesday in John M. Cramer, native of Richmond, Va., who spends most of his time in New York. The proposition, Mr. Cramer said, was turned down at that time.

The third principal in the scheme was C. C. Waldrop, a business associate of D'Oller, whose name was also shot and killed and three brothers are under arrest charged with the crime.

Waldrop and Cramer had been in Kentucky a great deal since January and made several trips to Frankfort in the company of John Sampson. Cramer said that he had known the Governor for thirty years and that he had conferred with him several times on road matters.

WATERMELON CROP FAILURE

Heavy Rains In Spring Flooded Bottoms And Ruined Vines

For the first time since the memory of the oldest inhabitant runneth not to the contrary, perhaps, no honeygrown watermelons were offered on the Carlisle market on September 1st, Labor Day, or the following court day is required to close up the court house yard of watermelon rinds.

Farmers say the watermelon crop was a failure, although a complete failure this year. The heavy rains in the spring, which flooded river bottoms and lowlands, where the melons are grown, ruined the vines and they failed to mature.

In some sections cantaloupes and other melons are grown, and this year is of unusually fine quality.

The watermelon crop is usually an important industry in Nicholas county, many acres being grown.

The few melons are now the market are reasonable in price.

MONDAY IS DATE OF DEDICATION

D. A. R. To Unveil Monument Erected To Memory Of Governor Metcalfe

AT "FOREST RETREAT"

At a called meeting of the Major John Finley Chapter, Daughters of the American Revolution, held Friday afternoon at the home of the regent, Miss Lucy Norvell, on West Main street, it was decided to dedicate the beautiful marker recently placed in the yard of "Forest Retreat," on Monday afternoon, September 17, at 2:30 o'clock.

An interesting program has been prepared for the dedication, and an invitation has been extended to D. A. R. chapters throughout this section to be present.

The marker is of rustic design, with a slab of marble embedded, giving the following data: Born, August 4, 1887, service of Nicholas county's only Governor, United States senator and Congressman.

The chapter is indebted to Judge I. B. Hoss who so generously gave of his time and attention to the project, and to Mrs. Hamilton Marble Chapman for donating the tablet. Mr. Wiggins for permission to erect the marker on his land, Thomas Waugh for a bit of the history and many contributions, and Dan Westfall, rock, and cement by the following companies, Ingalls Brothers, Dorsey Brothers and Fisher, and the Carlisle Milling Company, and Superintendent Lawrence Nicholson, county and Matthers-Potts and Company, for lumber.

PELLAGRA INCREASES IN EAST KENTUCKY

Pellagra, the dread disease of undetermined cause, has shown an alarming increase in eastern and southeastern Kentucky, particularly in Bell county, and officers of the State Board of Health and interested private citizens are active now in the attempt to check its spread.

For several years pellagra has been the bugaboo of health officials in parts of Kentucky than it had been, but this year 2,000 cases are reported in Bell county alone.

The most characteristic feature of the disease is the eruption which breaks out commonly where the skin is exposed to the sun. The eruption will spread over the hands, other lesions may appear at the nape of the neck and on the feet and legs when shoes and stockings are worn. The eruptions are symmetrical, the affected area on one hand being exactly duplicated on the other.

In the latter stages of the disease mental derangements usually are manifested and a victim in which the malady has so far progressed usually dies.

BID ON MT. OLIVET ROAD IS REJECTED

At the regular monthly meeting of the State Highway Commission August 31, a contract for grade and drain of the Mt. Olivet road from Mt. Olivet to a point near Blue Licks, was awarded to H. S. Tye & Son for $77,875.25. Later the bid was rejected and the project will be re-advertised.

NICHOLAS FAIR TWO WEEKS FROM TODAY

Best Displays Ever Planned For Annual Three Days Event Here

PREMIUM LIST GIVEN

Two weeks from today Nicholas county's annual free agricultural fair will be on hand. The second week in September has been selected as the most successful three days session ever held.

The fair is being held a week earlier than usual this week and it is believed this will greatly increase the exhibits in garden products. With fine crops of fruit, vegetables, corn and other farm products, the displays this year should be the best ever exhibited.

County Agent C. B. Elston and the committee in charge have labored for weeks to make the fair a success, and Mr. Elston, in an article elsewhere in this issue, urges citizens of the county to endorse the fair by bringing in displays. The success of the fair, to a great extent, depends upon the number of exhibits.

Catalogues are out and may be found at any of the Carlisle stores. All exhibitors should read the rules before bringing articles to be shown. No deviation from the rules will be made at the fair this year.

In response to many inquiries concerning camping and premises, the committee states that all articles of this nature will be received on the quart jars when possible.

The Mercury this week publishes the premium list for the fair, on other pages of this issue. The list should be read carefully, also the rules and be governed accordingly.

FINISH CONCRETE ON FILTER PLANT

Filters Will Be Installed In Short Time And Plant May Be In Operation Nov. 1

The J. D. Jenkins Company, contractors for the concrete work and piping house at the new filtration plant have practically finished their contract and if the weather permits will more than likely be completed by the end of this week. All of the main walls of the filtering beds have been finished, only some minor details remaining.

The H. Leschen Company, Chicago contractors for the installation of the filtering equipment, has shipped a number of filters to Nicholas county for Carlisle, and will likely begin work on the installation within 30 days after the concrete is finished.

The filtering equipment installed only the pumps and engines remain to be installed, and it is hoped that the plant will be completed and in operation between the first and fifteenth of November.

County Agricultural Agent C. B. Elston and the four members of the Nicholas county junior agricultural judging team left Monday morning for Louisville to attend the Kentucky State Fair. The judging team will compete with judging teams from other counties in the state for prizes.

Through the courtesy of the Louisville, Nashville Railroad, which grants greatly reduced rates to the boys, and the State Fair, which furnishes free camping quarters, the expenses of the team will be very light. The boys will be provided with a car or two prizes will pay all of the expenses of the trip. Mr. Elston and the county agent will return home Thursday night or Friday morning.

The girls' sewing club of the Carlisle high school has a large number of exhibits at the fair this week.

Members of the judging team are Elizabeth Bramblett, Carlisle; Glenn Hardin, Moorefield; Elgin Ring Moorefield, and Keith Sparks, Carlisle.

CLARKE FAMILY IN ANNUAL REUNION

Descendants Of Benjamin Clarke, Who Died In 1818, Meet At Moffett Home At Millersburg

The fourth annual reunion of the Clarke family, descendants of Benjamin Clarke, who came to Kentucky from Fluvanna county, Virginia, about 1790, was held at the home of Mr. and Mrs. A. T. Moffett near Millersburg Monday.

The family is related to Gen. George Rogers Clark, who is celebrated in Kentucky history as the founder of Louisville. Interesting research through the records of Fluvanna and Albemarle counties in Virginia has established the fact that Benjamin Clarke, the head of this particular family, was a brother of Gen. Clark.

At the time of his death in 1818 Benjamin Clarke owned about 1,000 acres of land around what is now the town of Mayslick in Mason county. It is planned to hold the reunion next year at the old home of Virginia Clarke Triplett, who was the youngest daughter of Benjamin Clarke. The home is located near Mayslick.

Friday, September 14, is the last day for filing suits for this term of court. Few suits of importance have been filed, but the docket of Judge Cowan and two children, of Carlisle, being among the number.

Leonard Tubbs, charged with a statutory offense against Mrs. Nancy Barbee, wife of Justin Barbee, his brother-in-law, was held to the grand jury at the September term of the Nicholas circuit court under $250 bond at his examining trial before County Judge Paul Bramblett Tuesday morning. Tubbs executed bond and was released. The case was continued over at the examining trial was given by Mrs. Barbee, who declared the alleged offense occurred in her home in July. A month old quarrel over a 50-cent ring resulted in a gun fight on Perry street in Lexington Sunday at noon in which a six-year-old boy, a bystander, was shot and probably fatally injured. Campbell C. Davis, six years old, of Versailles, was the victim. As the boy stepped from the door of a home where he was spending the day with his parents a bullet struck him in the wrist, shattering the wrist and entered his abdomen, causing injuries which hospital authorities said would take his life.

The boy died from the injuries Monday and the charge against Travis was changed to murder.

Jim Travis, 22 years, Lexington, was charged with assault and battery and shooting, and John Hasty, 21, of Versailles, was charged with aiding in the shooting, was arrested on a charge of assault and battery.

Travis said the child was shot immediately following a fight between himself and Hasty, and said the fight was precipitated by Hasty, who sprang from an automobile and attacked him. The motive for the fight, according to Travis and Hasty, was a ring which Hasty had given him a ring a month or so ago for 25 cents. Later Travis sold the ring for 50 cents. Travis was unable to produce it when Hasty wanted to redeem the ring.
