## Vanishing Dollars!! Hard to Get --- Harder to Keep

if the fields that have produced dollar crops for you are sour and unproductive, or washed and bare.

Try LIME to sweeten your soil; try a cove on that washed hillside. Feed your land

and it will feed you. Let us grind that old stone fence, or the pile of rock that has been accumulating for years

New hammers, new screen bars, fine grind-ing; honest weights. See Fisher Henry, phone '87, or call Warren Fisher at Mercury office. Now grinding near Blue Licks.
