HOODOO ON FARM

(Bourbon News)

Wind and lightning seem to have a peculiar grudge at improvements on the large body of land owned by George Wallgner, of Paris, which is located on the Hawkins and Cummins road, in Bourbon county. Very recently, during a heavy rain and windstorm that visited this county, lightning struck the main dwelling house on the place, badly damaging the structure, which is occupied by Edward Wagoner. During the past eighteen months several barns on the place have been damaged by the winds, the structure has been partly demolished on two different occasions, and another large barn burned on the place was blown down by the high winds.

Mrs. Ethel Pouchard, of Duluth, was hastily fined for thrashing her father-in-law when he interfered in a quarrel between her and her husband.

A Promise To The Taxpayers

Wishing to give the most satisfactory service possible in the event that I should be chosen your next Tax Commissioner, I have investigated systems used in adjoining counties which are proving very satisfactory to the tax payers. Realizing that we live in an age which wants and demands service, I hereby promise to employ the following system if elected: I will meet the taxpayers by appointment if desired, in their home precincts for the purpose of taking their assessments. This is a service rendered the taxpayers of other counties and one I would willingly observe if elected as your Tax Commissioner.

Sincerely,

HARRY T. BURGESS

DOWN ON THE FARM

Down on the farm, boot half-past four
I slip on my pants and sneak out of the door.
Out of the yard I run like the dickens
To milk ten cows and feed the chickens.
Clean out the barn, curry Nancy and Jigger,
Separate the cream and slop the pigs.
Work two hours then eat like a Turk.
And, by heck, I'm ready for a full day's work!

Then I grease the wagon and put on the rack,
Throw a jug of water in an old grain sack,
Hitch up the horses, hassle down the lane—
Must get the hay in, for it looks like rain.
Look over yonder! Sure as I'm born,
Cattle on the rampage and cows in the corn!
S-art across the meddler, run a mile or two,
Hearing like I'm wind-broke, get wet.
Get back to the horses, then for recompense
Nancy gets a-straddle of the barbed-wire fence
Jounts all a-aching and muscles in a jerk,
I'm fit, as a fiddle for a year's work!

Work all summer till winter is nigh,
Then figure up the books and brace a big stih.
Workes all year, didn't make a thing;
Got less cash now than I had last spring.
Now, some people tell us that there ain't no hell.
But they never farmed, so how can they tell?
When spring rolls round I take another chance,
While the fringe grows longer on my old gray pants.
Got my pockets a-bulgin with another jerk,
And, by heck, I'm ready for a full year's work!

LARGE VOTE CAST IN PRIMARY HERE

Darnall, Westfall, Cox, Curry, Martin, Owings Winners In Election Saturday

MAGISTRATES NAMED

A surprisingly large vote, the renomination of all county officials seeking office and several upsets featured the Democratic primary held throughout Nicholas county Saturday.

The vote polled Saturday was one of the largest ever recorded in a Democratic primary in Nicholas county, approximately 2,700 votes being cast.

With one exception, every member of the fiscal court was nominated for re-election.

John A. Westfall received the largest majority of any of the candidates, defeating his opponent, Floyd Clark, by a majority of 1711 votes.

Jailer Will Owings received the next largest majority, defeating his nearest opponent, Section Hamilton, by a majority of 731 votes. Mr. Owings received 424 votes more than the combined vote of his opponents.

Circuit Court Clerk D. Carlisle Curry received 1,294 votes, the smallest majority given any candidate.

In the Fiscal Magisterial District, John A. Allison defeated George Honican In the Second George D. McLean defeated John Barton. In the Third E. M. Myers defeated Robert S. Hardin. In the Fourth D. W. Bosch defeated N. B. Roberts, and in the Fifth R. H. Hamilton defeated Mark Ritchie. Mr. Barton was the only member of the fiscal court defeated for re-nomination.

The defeat of Mr. Bismper was the third time in the history of the county, according to politicians, that a deputy sheriff has been defeated for nomination for Sheriff. Charles Darnell, upon two occasions, defeated the deputy for the nomination.

No contests were made for the nomination for State Senator from the district or Representative, Silas Jacobs, of Bracken county, being unopposed for Senator, and W. J. Curtis, of Harrison county, being unopposed for Representative.

No Republican primary was held. Four candidates for county office, two for Magistrate and one for State Senator were unopposed.

In the general election in November, Raul D. Darnall will be opposed by County Judge by E. T. Flora; D. T. Curry will be opposed for Sheriff by Leonard Howard; Foster V. Cox will be opposed for County Attorney by Samuel Holmes, and John A. Westfall will be opposed for County Clerk by Nevile Penn-Gaines. H. B. Payne will oppose Silas Jacobs for Senator. In the Second Magisterial District, George D. McLean will be opposed by A. J. Sale, and in Third District E. M. Myers will be opposed by R. B. Brierly.

CITY TO EXTEND WATERWORKS LINES

Mains To Be Laid In Dorseyville; Bid For 500 Feet Of Fire Hose Accepted

STUDY FLOOD PROBLEM

The regular monthly meeting of the city council was held Monday night at which time bids were opened for furnishing five hundred feet of fire hose and other business transacted.

Several bids for furnishing the fire hose were offered. The bid of the Boston Woven Hose and Rubber Company for 500 feet of hose at $1.05 per foot delivered to Carlisle, was accepted.

The council authorized the city clerk to call for bids for supplying the city with a car load of approximately 2,000 feet of pipe for water mains. The pipe will be used in extending the water works system to Dorseyville.

After considerable discussion of the flood problem, Mayor Howard E. Veach appointed Councilmen Dorsey, Rifloth and Bramblett a committee to employ an engineer to come to Carlisle to make a survey and recommendation that would relieve the flood situation here.

City Clerk R. C. Vaughn reported delinquent taxes in the sum of $155 collected during the month of July. Joe Clay reported delinquent taxes to the amount of $68.56 collected during the month. Fiscal Agent Henry Myers reported fines and bonds to the amount of $72 collected during July. The Farmers Bank, city treasurer, made out report.

LOUISVILLE BOYS LEAVE FOR HOMES

Fifteen Boys, End What They Declare Was Happiest Two Weeks Of Their Lives, At Camp Black Hawk

With tear-dimmed eyes and a lump in their throats over leaving the place where they had afforded them the happiest two weeks of their lives, fifteen Louisville boys left Camp Black Hawk yesterday morning for their homes after spending two weeks as guests of Scoutmaster D. W. Sapp.

The departure of the boys for their homes was in many instances, pathetic, according to Mr. Sapp, because many of the lads but would have stayed the remainder of the summer, he said, and nearly all asked Mr. Sapp promise to let them visit the camp next summer.

One little child, Mr. Sapp said, was especially grateful for what was perhaps the happiest two weeks in his short life. This little fellow is 11 years old and the youngest member of a family of 13 children, six of whom are younger and six older. The father earns an existence for the family by working as a common laborer. Naturally the child has had few advantages.

Swimming at the camp especially appealed to the little fellow, Mr. Sapp said. All of them became good swimmers during the two weeks in Louisville, the boys told Mr. Sapp, a charge of 35 cents per week being made to cover all expenses. The lads related to Mr. Sapp many stories of sacrifices made to obtain the 35 cents necessary to pay their way in the cooling waters.

Mr. Sapp declared the Mercury that he had never seen a more lovable group of boys and that he would be glad to be elected to the letter, he said.

Mr. Sapp is in charge of the wholesome food during their stay, and Mr. Sapp received the greatest number of thanks and appreciation to the citizens of the county for their contributions of the provisions which were so instrumental in making the stay of the boys pleasant.

An idea of the amount of food consumed by Mr. Sapp At one meal an entire lard can of beans or tomatoes, in addition to meat, potatoes and other food was consumed. Seven large fruity cakes and two big pails of gravy were eaten at one meal.

DOGS GUARD MASTER, FRUSTRATE WITH HEAT

Martin Rosenbaum, of the Sunny View Dairy, in Fayette county has suffered two sunstrokes in two weeks.

Mr. Rosenbaum went into a field for a herd of cattle Tuesday afternoon and was gone longer than usual, and one of his daughters went to search for him. When the girl arrived, she found Mr. Rosenbaum on the ground unconscious with his dog standing guard over him. Several minutes were required to coax the dog away from his master so that the latter's condition could be carried to his home.

He was stricken by the heat while at work at the farm two weeks ago, and had not fully recovered.

HAITI, THE LAND WHERE THE WOMEN DO THE WORK

The pressure of revolution after revolution has squeezed the men off the farms in the Republic of Haiti, Pleasant B. Driscoll discovered in a recent visit to the island, a Farm & Fireside letter tells how it came about:

"The drafting of young men for the armies became so constant that Haitian mothers sent their boys up in the high mountains to hide. Father and uncle followed, leaving the women to do the farming and marketing. The American Marines are ruling the roost in Haiti now. But the Haitian men, schooled to illness by generations of revolution and hookworm, still let the women do the work."

TOBACCO IS MAKING LITTLE PROGRESS

Farmers Say Leaf Production In County This Year Will Be Light Unless Weather More Favorable

Unless the tobacco crop in this section makes rapid strides within the next three or six weeks, the yield will be one of the lightest in many years, farmers declare.

The tobacco here is grown very little in the past two weeks. In some cases the plants have ceased growing altogether and in others too much rain packed the ground, and they will be stunted as a result of the weed.

The crop for the most part. was planted early and started off nicely. Heavy rains packed the ground and then dry weather has choked the plants. Some fields are in bloom with the plants not more than 18 inches high, and some fields where the plants are no taller are turning yellow. In some fields the plants have grown only about one-half inch since the first of a month.

This condition prevails not only in Nicholas but in surrounding counties, Mason, Bracken and Harrison, and unless a good yield, farmers say, the weather will have to be extremely favorable if the production in Nicholas county is normal, although the acreage is heavier than usual.
