Goodyear Tires

When the plans are OK... building material is the first thing to consider. Lumber should be selected with care.

A Man's Reputation For Uprightness and Honesty Is One Of His Greatest Assets.

Just so with an automobile tire. Manufactured by an old firm, that has striven for many long years to give the public the very best value.

FOR THEIR MONEY—Such a reputation being the GOODYEAR TIRE is the reason more of them are sold today than any other make of tire.

When you buy GOODYEAR tires you can do it with confidence that you are getting the best, a tire that will give you long hard service and as good a value for your money as any other make of tire.

The price of GOODYEAR tires is lower now than ever before in the history of the tire business.

Come in and see the new model tires, and let us quote you a price that will surprise you.
