A RIDGE VICTORY
(London Herald)
The arrival of the report of appeal
in regard to the case for the
competence of road builders, while
dismissing the appeal, has caused
backers of the bridge construction
program to be disappointed.

At a meeting of the school board
Thursday night, Miss Rose,
principal of the school, reported
that the school board had
received a letter from the
London Board of Education
requesting that the school
board should be authorized to
purchase a new building.

Another Record!

Today's Chevrolet is scoring a huge nationwide
success because it represents one of the most
sensational achievements in automotive history
— a Six in the price range of a four.

The Chevrolet six-cylinder engine delivers its
power freely, quietly, and easily throughout
the entire speed range—delightfully free from
anoying vibration and rattle. Combined with
this remarkable six-cylinder smoothness are
equally remarkable speed, power and acceleration
and an economy of better than twenty
miles to the gallon.

In addition to such sensational performance
the Chevrolet Six offers the outstanding advantages
of a six-cylinder windshield in closed models,
a most impressive array of modern
convenience features—adjustable driver's seat
and VY one-piece windshield in closed models,
any action clutch and gear-shift, ball bearing
steering, and instrument panel complete even to
 theft-proof electrolock and electric motor
temperature indicator!
