RULES OF THE CONTEST

Here's good news for keen tie buyers. Un-til further notice, we're offering motorists the city a real trade in proposition on tires.

Perhaps the tires on your car are getting old. Just bring them to us. We'll fix you up with the latest new Silvertowns... then deduct the value of your old tires from the bill. Surely that sounds like a fair proposition, doesn't it?

Are You For Kankakee or Kentucky

But every acre of western flour you use are helping to select to break down the market for soft winter wheat, one of the principal products of the Kentucky farmer.

Soft winter wheat, especially that grown in this section of the state is the highest type of wheat making purpose, but when the Kentucky farmer can get his wheat in competition with the cheaper western grain he is at a disadvantage.

Do not wait until your hay is ready to cut before you look over your hay making equipment. It would be wiser to look it over early and if you are going to need a mower, come in and let us show you the many good features of the McCormick Deering.

LET A HOME FIRM HAUL IT

Carlisle Transfer can do your hauling as promptly and as well as your trucking line. The money paid to us remains at home and helps to build up Carlisle and Nicholas County. Eventually some of this money comes back to you. When you pay an out-of-town truck for hauling, you have paid farewell to that dollar.

Though keeping that dollar at home is the principal reason, perhaps, that you should patronize home industry, another reason is the welfare of your town, therefore your own welfare.
