THIRST IS WITH US FOREVER

The ichthyosaurus is extinct, the mammoth and mastodon are gone with the megatherium, and the giant herbivorous animals that lie in the tracks of the Upper Jurassic are gathered in that limbo where dwells the archæopteryx in fossil state—but THIRST is with us forever. So long as man lives on the earth he will grow hungry and thirsty. What more pleasant way to satisfy that normal demand than with a delicious, pure, refreshing bottled drink?

CARLISLE BOTTLING WORKS
W. G. COWAN
Chiropractor

With but a little over two weeks before the Democratic primary, I wish to express to my fellow citizens throughout the county my regret that my illness has prevented my seeing all of the voters in the interest of my candidacy for reelection as County Clerk. While ill at my home I have received many expressions of encouragement which I sincerely appreciate, and I am led to believe that my friends are looking after my interest.

Had that my experience as Clerk during the past eight years has fitted me for the duties of the office to such an extent that I can offer efficient service. While I have held this office I have tried to keep the records in a neat and orderly manner and to treat everyone alike, regardless of party affiliation or station in life.

ASSURED FOOD PROTECTION

That's what you get if you are the owner of one of our famous

LEONARD REFRIGERATORS

Ice is certain and gives you assured food protection in the right sort of refrigerator. The LEONARD is the right sort. It is endorsed by "Good Housekeeping" and by thousands of individual housekeepers.

See them in porcelain lined and white enamel finish, from 40 to 100 pound capacity.

SAM T. HOWE & Co.
If It Is Not Right, We Satisfy You.

LET A HOME FIRM HAUL IT

Comply and as well as your trucking line. The money paid to us remains at home and helps to build up Carlisle and Nicholas County. Eventually some of this money comes back to you. When you pay an out-of-town truck for hauling, you have had to take that dollar. Though keeping that dollar at home is the principal reason, that your should patronize home industry, another reason is the welfare of your town, therefore your own prosperity.

MEAT ADDS NO ADIPOSE TISSUE

Perhaps you don't want to get thin. Good, for you are one of those who make their hard labor in the open air outdoors to the dining for you. But if you think meat is fattening, remember competent authorities on food and nutrition say many people are reducing safely and satisfactorily on diets based largely on lean meat, green leafy vegetables and fruits. Try our Home Killed Meats. No sugar in price than the other kind.

VERNA STONE

TO VOTERS OF NICHOLAS COUNTY

I wish to present my candidacy for office to the men and women of Nicholas County, feeling sure that you will each and everyone give me fair consideration at the Primary on August 3. I have tried to serve you faithfully as Deputy Sheriff for four years and believe that I will be able to serve you just as faithfully as Sheriff. Mr. Frank Henry is candidate with me for Deputy Sheriff and both of us will appreciate any good word that you may say for us, as well as your vote on August 3.

Respectfully yours,
AMOS STAMPER

'Cow Day' Wednesday, Aug. 14

A Nicholas county man was in Shelbyville recently when a "Cow Day" was held. He says he never saw a larger crowd in a county-seat town. The stores and streets were thronged. One restaurant proprietor told him that his business was greater on "Cow Day" than on court days or Saturdays. People will be glad to go to "Cow Day" here on Wednesday, August 14.

Merchants whose names do not appear on the above list are cordially invited to join the Association. Any member will explain the simple requirements necessary to become a member.

Ask any of the business firms whose names appear at the top of this advertisement what "Cow Day" means. They will be glad to give you all particulars of this event, which will be a red letter day in Nicholas county.

Live Stock Promotion Association OF NICHOLAS COUNTY

The U. S. is only a few minutes wide

THE Bell System is ever busy reducing the width of America and the distance between cities. For example, in the last five years \$30 major improvements, as well as thousands of others whose aggregate importance mounts high, have been made in telephone central office equipment.

Improved operating practices have eliminated the necessity of your "hanging up" and being called back again. In the last five years \$30 major improvements, as well as thousands of others whose aggregate importance mounts high, have been made in telephone central office equipment.

Since New Year's Day, 1927, the average time for completing all out-of-town calls has been cut 35 per cent and at the same time the per cent of error has been further materially reduced.

There is no standing still in the Bell System. Better and better telephone service at the lowest cost to the user is the goal. Present improvements constantly going into effect are but the foundation for the future's greater service.
